4. Assembly Instructions

Assembly of the MSmask Farmhouse Makeup Vanity Desk is required. A detailed instruction manual with step-by-step diagrams and necessary accessories is included in the product packaging. Please follow these instructions carefully.

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify that all components listed in the included manual are present and undamaged.
2. **Identify Parts:** Familiarize yourself with each part by comparing them to the diagrams in the assembly guide.
3. **Follow Steps Sequentially:** Assemble the vanity desk by following the numbered steps in the provided instruction manual. Do not skip steps.
4. **Use Correct Hardware:** Ensure you use the correct screws, dowels, and other hardware for each step as indicated in the manual.
5. **Tighten Securely:** Once assembled, ensure all connections are securely tightened. Avoid overtightening to prevent damage to the wood.
6. **Two-Person Assembly Recommended:** For certain steps, especially lifting and positioning larger sections, two people may be required for safety and ease of assembly.

If you encounter any difficulties during assembly or if any parts are missing or damaged, please refer to the

'Warranty and Support' section for assistance.

5. Operating Instructions

5.1. Lighted Mirror Operation

The integrated mirror features adjustable lighting with three color modes and dimmable brightness.

- **Power On/Off:** Touch the power icon on the mirror screen to turn the lights on or off.
- **Change Color Mode:** Short press the power icon to cycle through the three color modes: Cool White, Warm White, and Warm Yellow.
- **Adjust Brightness:** Long press the power icon to adjust the brightness level. Release when the desired brightness is achieved.

5.2. Charging Station Usage

The vanity desk includes a built-in charging station for convenience.

- **Power Connection:** Ensure the vanity desk's main power cord is plugged into a standard wall outlet.

- **AC Outlets:** Use the two 125V/12A AC outlets for hair dryers, curling irons, or other small appliances.
- **USB Ports:** Use the two 5V/2A USB ports to charge mobile phones, tablets, smartwatches, or other USB-powered devices.
- **Power Switch:** The charging station has a dedicated power switch. Turn it on to activate the outlets and USB ports, and off when not in use to conserve energy.

5.3. Sliding Mirror Function

The mirror is designed to slide horizontally, revealing additional storage space behind it.

- **Sliding Mechanism:** Gently push the mirror left or right along its track to access the hidden shelves.
- **Smooth Operation:** Ensure the track is clear of obstructions for smooth sliding.

6. Maintenance and Care

Proper care will help maintain the appearance and extend the life of your vanity desk.

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, which can damage the finish.
- **Spills:** Immediately wipe up any spills with a dry cloth to prevent staining or damage to the wood.
- **Mirror Cleaning:** Use a glass cleaner specifically designed for mirrors and a soft, lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into the edges.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the finish.
- **Temperature and Humidity:** Maintain a stable room temperature and humidity level to prevent warping or cracking of the wood.
- **Weight Capacity:** Do not overload shelves or drawers beyond their intended capacity to prevent structural damage.

7. Troubleshooting

If you encounter issues with your vanity desk, consider the following common solutions:

- **Lights Not Working:**
  - Ensure the vanity's main power cord is securely plugged into a functional wall outlet.
  - Check if the power switch for the charging station (which also controls the mirror lights) is in the 'On' position.
  - Verify that the touchscreen power icon on the mirror is being pressed correctly (short press for mode, long press for brightness).
- **Charging Station Not Functioning:**
  - Confirm the vanity's main power cord is plugged in.
  - Ensure the charging station's power switch is 'On'.
  - Test the wall outlet with another device to confirm it is working.
  - Check the cables of the devices you are trying to charge.
- **Drawers or Sliding Mirror Sticking:**
  - Inspect tracks for any obstructions or debris.
  - Ensure the vanity is placed on a level surface. Uneven surfaces can cause misalignment.
- **Loose Connections:** Periodically check and tighten any screws or fasteners that may have loosened over time due to use.

If these steps do not resolve the issue, please contact customer support.
