LEVOIT 36" Bladeless Tower Fan & Air Purifier User Manual

Model: 5ddce951-f1e5-4fc2-b790-0e25bd06f240

Brand: LEVOIT

INTRODUCTION

This manual provides detailed instructions for the safe and efficient operation, maintenance, and troubleshooting of your LEVOIT 36" Bladeless Tower Fan and LEVOIT Core Mini-P Air Purifier. Please read this manual thoroughly before use and retain it for future reference.

Image: The LEVOIT 36-inch Bladeless Tower Fan and the LEVOIT Core Mini-P Air Purifier shown together, highlighting their compact and modern design.

IMPORTANT SAFETY INFORMATION

To reduce the risk of fire, electric shock, or injury, please observe the following safety precautions:

- Always unplug the appliance before cleaning or performing any maintenance.
- Do not operate any fan with a damaged cord or plug. Discard fan or return to an authorized service facility for examination and/or repair.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Arrange cord away from traffic area and where it will not be tripped over.
- Do not insert or allow fingers or foreign objects to enter any ventilation or exhaust opening as this may cause an electric shock or damage the appliance.
- Do not block air intakes or exhaust in any manner.
- Use this appliance only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.
- Do not use outdoors.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

PACKAGE CONTENTS

- LEVOIT 36" Bladeless Tower Fan
- Remote Control for Tower Fan
- LEVOIT Core Mini-P Air Purifier
- 3-in-1 Filtration Filter (Pre-installed in Air Purifier)
- Aroma Pad (Pre-installed in Air Purifier)
- Power Adapter for Air Purifier
- User Manual

PRODUCT OVERVIEW

LEVOIT 36" Bladeless Tower Fan

Image: The LEVOIT 36-inch Bladeless Tower Fan standing upright with its remote control. Blue lines illustrate the powerful airflow emanating from the fan's vertical vent.

The tower fan features a sleek, bladeless design for safety and easy cleaning. It includes a digital display on top, indicating settings such as speed and timer. The base provides stability, and the unit comes with a remote control for convenient operation.

LEVOIT Core Mini-P Air Purifier

Image: A close-up view of the LEVOIT Core Mini-P Air Purifier. It is a compact, cylindrical device with a matte black finish and perforated sides for air intake, featuring control buttons on its top surface.

The Core Mini-P Air Purifier is a compact, cylindrical device designed for small to medium-sized rooms. It features a 3-stage filtration system and a fragrance sponge for aromatherapy. Control buttons are located on the top panel.

SETUP

Setting up the Tower Fan

1. Carefully remove the tower fan from its packaging.
2. Ensure the base is securely attached. If not, align the base with the fan body and twist clockwise until it locks into place.
3. Place the fan on a firm, level surface.
4. Plug the power cord into a standard electrical outlet.

Setting up the Air Purifier

1. Remove the air purifier from its packaging.
2. Turn the air purifier upside down and twist the base cover counter-clockwise to unlock and remove it.
3. Remove the plastic packaging from the 3-in-1 filtration filter.
4. Place the filter back into the air purifier, ensuring it is seated correctly.
5. Replace the base cover and twist clockwise to lock it.
6. Connect the power adapter to the air purifier and then plug it into a standard electrical outlet.
7. To use the aromatherapy feature, add 2-3 drops of essential oil (not included) onto the aroma pad located at the bottom of the air purifier.

OPERATING INSTRUCTIONS

Operating the Tower Fan

The tower fan can be operated using the control panel on top of the unit or the included remote control.

- **Power Button:** Press to turn the fan on or off.
- **Mode Button:** Cycle through 4 modes: Normal, Turbo, Sleep, and Auto.
 - *Normal Mode:* Constant airflow at selected speed.
 - *Turbo Mode:* Maximum airflow for quick cooling.
 - *Sleep Mode:* Gradually decreases fan speed for quiet operation.
 - *Auto Mode:* Adjusts fan speed based on ambient room temperature (detected by smart sensors).
- **Speed Adjustment:** Use the '+' and '-' buttons to select from 5 speed settings.

- **Oscillation Button:** Press to activate or deactivate 90° oscillation, allowing the fan to sweep air across a wider area.
- **Timer Button:** Set the fan to automatically turn off after a specified period (up to 12 hours). Each press adds 1 hour.

Sweeping NaturalWind Wraps You in Coolness

Vast coverage for greater circulation

Image: The LEVOIT 36-inch Bladeless Tower Fan is shown oscillating 90 degrees, indicated by blue airflow lines covering a wide area in a living room setting. A person and a dog are comfortably within the fan's cooling range.

NaturalWind for a Gentle Calm & Powerful Chill

Uniquely designed fan blades slice the air for supremely gentle wind with a natural feel

Image: The LEVOIT 36-inch Bladeless Tower Fan is positioned in a bedroom, emitting a gentle, natural-feeling breeze, illustrated by light blue airflow lines. A person is meditating peacefully in the background, emphasizing the fan's quiet operation and comfortable airflow.

Operating the Air Purifier

The air purifier is controlled via the touch buttons on its top panel.

- **Power Button:** Press to turn the air purifier on or off.
- **Fan Speed Button:** Cycle through 3 quiet fan speeds (Low, Medium, High).
- **Aroma Feature:** The aroma pad allows for the diffusion of essential oils. Add 2-3 drops of essential oil to the pad located at the bottom of the unit. The fan will then circulate the scent.

Breathe free, live healthy

Multi-Layered Protection

Pre-Filter

Efficient Filter

Activated Carbon Filter

Image: The LEVOIT Core Mini-P Air Purifier is shown on a nightstand in a bedroom, with a mother and child in the background. Text overlays emphasize "Multi-Layered Protection" including Pre-Filter, Efficient Filter, and Activated Carbon Filter, illustrating its air purification capabilities.

Refresh With Fragrance

Destress & stay focused

Note: Essential oils are not included.

Image: The LEVOIT Core Mini-P Air Purifier is placed on a table in a living room. A hand is shown adding essential oil drops to the aroma pad, demonstrating the "Refresh With Fragrance" feature for destressing and staying focused.

MAINTENANCE

Cleaning the Tower Fan

- Always unplug the fan before cleaning.
- Use a soft, damp cloth to wipe the exterior surfaces of the fan.
- Do not use abrasive cleaners or solvents.
- For dust accumulation in the air inlet/outlet, use a vacuum cleaner with a brush attachment to gently remove dust.

Cleaning and Filter Replacement for Air Purifier

- Unplug the air purifier before cleaning or replacing the filter.

- Wipe the exterior with a soft, dry cloth.
- The 3-in-1 filtration filter should be replaced every 6-8 months, or sooner depending on air quality and usage.
- To replace the filter:
 - a. Turn the air purifier upside down and twist the base cover counter-clockwise to unlock.
 - b. Remove the old filter and dispose of it properly.
 - c. Insert a new LEVOIT Core Mini-P replacement filter (ensure plastic packaging is removed).
 - d. Replace the base cover and twist clockwise to lock.
- Clean the aroma pad as needed with a damp cloth and allow it to dry completely before reapplying essential oils.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan/Purifier does not turn on.	Not plugged in; power outlet not working; power button not pressed.	Ensure unit is securely plugged in. Test outlet with another device. Press the power button firmly.
Weak airflow from fan.	Fan speed too low; air inlet/outlet blocked.	Increase fan speed. Check for obstructions and clean air inlets/outlets.
Air purifier not effectively cleaning air.	Filter is dirty or expired; plastic packaging not removed from filter.	Replace the filter. Ensure all plastic packaging is removed from the new filter before installation.
Fan is noisy.	Unit not on a level surface; internal obstruction.	Place the fan on a flat, stable surface. Check for any foreign objects inside the fan.
Remote control not working.	Batteries are dead or incorrectly inserted; remote too far from fan.	Replace batteries. Ensure correct polarity. Use remote within range and point towards the fan's receiver.

SPECIFICATIONS

LEVOIT 36" Bladeless Tower Fan

- **Model:** 5ddce951-f1e5-4fc2-b790-0e25bd06f240
- **Power Source:** Corded Electric
- **Air Flow Capacity:** 1062 Cubic Feet Per Minute (CFM)

- **Air Speed:** Up to 25 ft/s
- **Oscillation:** 90°
- **Noise Level:** As low as 28dB
- **Modes:** Normal, Turbo, Sleep, Auto
- **Speeds:** 5
- **Timer:** 1-12 hours
- **Control Method:** Remote, Touch Panel
- **Special Features:** Bladeless, Temperature Sensor
