YITAHOME 12x18ft Hardtop Gazebo Instruction Manual

Model: MAYIHaQwud

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your YITAHOME 12x18ft Hardtop Gazebo. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- **Anchoring:** Ensure the gazebo is properly anchored to withstand wind speeds up to 30 MPH. In strong wind conditions, it is recommended to remove curtains and nettings to reduce wind resistance.
- **Weight Capacity:** Do not exceed the roof's weight capacity of 500 lbs. Accumulation of heavy snow should be cleared promptly.
- **Assembly:** For optimal safety and stability, assembly requires 4-6 people and may take approximately 6-8 hours. Do not attempt to assemble alone.
- **Package Handling:** The product is delivered in 5 separate packages that may arrive at different times. Wait until all packages have arrived before starting assembly.
- **Tools:** Use appropriate tools as specified in the assembly instructions. Ensure all fasteners are securely tightened.
- **Clearance:** Maintain adequate clearance around the gazebo from heat sources, open flames, and electrical wiring.

PRODUCT FEATURES

- **Double Galvanized Iron Vented Top:** Prevents fading and prolongs lifespan. Double-top design allows for optimum airflow and comfort, especially during strong winds. Includes a central hook for hanging lights or fans.
- **Double Layered Sidewall:** Features fully enclosed double-sided zippers, a double trail system, and double-

layer sidewalls. Includes grey polyester cloth for privacy and UV protection, and black mesh for ventilation and insect protection.

- **Sturdy Aluminum Frame:** Strong black powder-coated aluminum frame is weather-resistant, preventing fade, rust, and corrosion. Feet include holes and ground stakes for enhanced stability. Four reinforced corners provide additional durability.
- **Spacious Design:** Provides ample space, suitable for accommodating 6-10 people for various outdoor activities.

SPECIFICATIONS

Attribute	Detail
Brand	YITAHOME
Model Number	MAYIHaQwud
Product Dimensions	218"L x 144"W x 116"H (12x18ft)
Floor Area	216 Square Feet
Item Weight	465 Pounds
Frame Material	Aluminum
Roof Material	Galvanized Iron
Water Resistance Level	Waterproof
Ultraviolet Light Protection	Ultraviolet-proof
Color	Gray
Assembly Required	Yes

SETUP AND ASSEMBLY

Detailed instructions and installation videos are included with your product to guide you through the assembly process. Please follow these guidelines:

1. **Unpacking:** Verify all 5 packages have arrived before starting. Carefully unpack all components and check against the parts list provided in your manual.
2. **Team Assembly:** It is highly recommended to assemble this gazebo with 4-6 people. This ensures safety and facilitates the process, which can take 6-8 hours.
3. **Tool Usage:** Use the recommended tools. Do not overtighten screws until instructed, as some flexibility may be needed to achieve proper alignment. Then, retighten all screws.
4. **Anchoring:** Once assembled, securely anchor the gazebo to the ground using the provided ground stakes or other suitable anchoring methods for your specific surface (e.g., concrete, deck).

OPERATING INSTRUCTIONS

Using the Sidewalls (Nettings and Curtains)

The gazebo features a double-layered sidewall system for versatility:

- **Mesh Nettings:** The black mesh nettings can be zipped closed to provide ventilation and protection from

insects while maintaining an open view.

- **Polyester Curtains:** The grey polyester curtains can be zipped closed for increased privacy, protection from rain, and UV rays. They can also be tied back to the posts when not in use.

Ceiling Hook Usage

A "J" shaped hook is located in the center of the roof. This hook is designed for hanging lightweight items such as decorative lights or small fans to enhance your outdoor experience.

THE CEILING HOOK

There's a "J" shaped hook on the roof to hang things

UPGRADED NET

MAINTENANCE

- **Cleaning Frame:** Clean the aluminum frame with a mild soap and water solution. Rinse thoroughly and dry to prevent water spots. Avoid abrasive cleaners or harsh chemicals.
- **Cleaning Roof:** The galvanized iron roof can be cleaned with a soft brush and water. Remove any debris, leaves, or snow accumulation regularly to prevent damage and maintain structural integrity.
- **Cleaning Curtains/Nettings:** The polyester curtains and mesh nettings can be spot cleaned with mild soap and water. For deeper cleaning, follow care instructions provided with the fabric. Ensure they are completely dry before storing or zipping up for extended periods to prevent mildew.
- **Fastener Check:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary.
- **Winter Care:** While the hardtop is durable, it is advisable to remove heavy snow loads promptly. Consider storing curtains and nettings indoors during harsh winter conditions to prolong their lifespan.

GALVANIZED STEEL DOUBLE ROOF

Effectively Prevents the Buildup of Rainwater or Snow

Double Roof

UV-Blocking

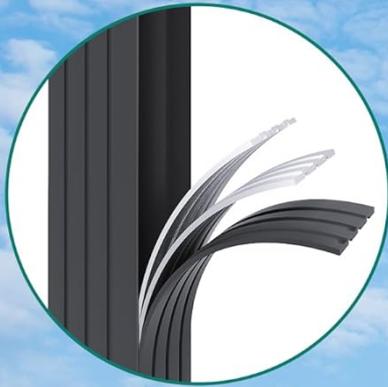

Ventilation

PREMIUM DYED FABRIC

Umbrella surface features UV, water and fade resistance

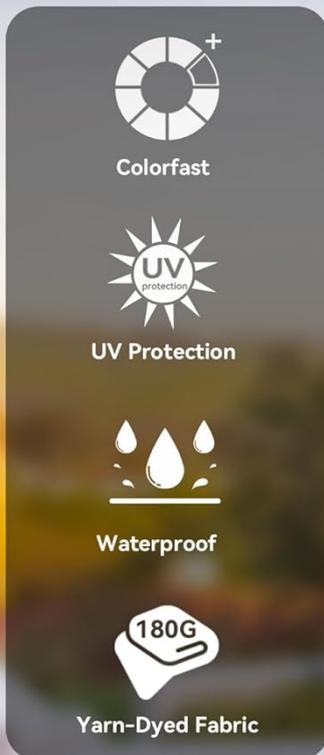

Image: Premium dyed fabric with UV, water, and fade resistance.

TROUBLESHOOTING

- **Parts Misalignment During Assembly:** If screw holes do not align, loosen previously tightened screws in the affected section. This often allows for minor adjustments to achieve proper alignment. Then, retighten all screws.
- **Wobbly Structure:** Ensure all bolts and screws are fully tightened. Verify that the gazebo is anchored securely to a level surface. Uneven ground can cause instability.
- **Water Leakage:** Check that all roof panels are correctly installed and sealed. Ensure no gaps exist between panels or where the roof meets the frame.
- **Curtains/Nettings Not Sliding Smoothly:** Inspect the tracks for any obstructions or debris. Ensure the zippers are clean and lubricated if necessary.

WARRANTY AND SUPPORT

For any questions, concerns, or assistance with your YITAHOME gazebo, please contact YITAHOME customer support. Refer to the contact information provided in your product packaging or on the official YITAHOME website. The product is typically covered by a manufacturer's warranty. Please consult your purchase documentation for specific warranty terms and conditions.
