VONLUCE HCF-15M6-BK

VONLUCE Industrial Semi Flush Mount Ceiling Light (Model HCF-15M6-BK) Instruction Manual

Model: HCF-15M6-BK

1. Safety Information

Please read and understand all instructions before beginning installation. Failure to do so may result in electric shock, fire, or other injuries that could be hazardous or even fatal. Keep these instructions for future reference.

- **WARNING:** Risk of electric shock. Disconnect power at the main circuit breaker or fuse box before installation or servicing.
- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC). Contact a qualified electrician if you are unfamiliar with proper electrical wiring connections.
- This fixture is intended for indoor use only.
- Do not exceed the maximum wattage specified for the bulb (60W).
- Ensure the fixture is securely mounted to a structural part of the building.
- Handle glass components with care to prevent breakage.

2. Package Contents

Carefully unpack your fixture and check that all parts are included as shown below. If any parts are missing or damaged, contact customer support before proceeding.

Video: A step-by-step guide demonstrating the installation of the VONLUCE Semi Flush Mount Ceiling Light. This video covers assembly of the fixture components, mounting the bracket, wiring connections, and securing the fixture to the ceiling.

Step-by-Step Written Instructions:

1. **Turn Off Power:** Before starting, ensure the power to the circuit is turned off at the main electrical panel to prevent electric shock.
2. **Prepare the Fixture:**

Image: The VONLUCE Semi Flush Mount Ceiling Light, disassembled to show the glass shade and metal base.

Unscrew the decorative nuts from the canopy. Carefully remove the glass shade and any protective packaging.

3. **Install Mounting Bracket:** Attach the mounting bracket to the junction box in your ceiling using the provided screws. Ensure the bracket is firmly secured.
4. **Make Electrical Connections:** Connect the fixture's wires to the corresponding house wires using the provided wire nuts.
   - Connect the **black** (live) wire from the fixture to the **black** (live) wire from the ceiling.
   - Connect the **white** (neutral) wire from the fixture to the **white** (neutral) wire from the ceiling.
   - Connect the **ground** wire (bare copper or green) from the fixture to the **ground** wire from the ceiling.

   Ensure all connections are tight and secure.
5. **Mount the Fixture:** Carefully push the wired canopy up to the ceiling, aligning the holes in the canopy with the screws on the mounting bracket. Secure the canopy in place with the decorative nuts.

6. **Install Bulb:** Screw an E26 base bulb (not included, max 60W) into the ceramic socket.
7. **Attach Glass Shade:** Carefully place the clear glass shade over the bulb and onto the fixture. Secure it by screwing the decorative nuts back into place. Do not overtighten.
8. **Restore Power:** Turn the power back on at the main electrical panel. Test the light fixture.

4. Operating Instructions

The VONLUCE Semi Flush Mount Ceiling Light operates via a standard wall switch (not included). Once installed and powered, simply use your wall switch to turn the light on or off.

Image: The VONLUCE ceiling light shown in both the 'off' and 'on' states, illustrating its clear glass shade and the warm glow when illuminated.

This fixture is compatible with dimmer switches for precise brightness control, provided you use a dimmable E26 bulb (both sold separately).

5. Maintenance

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Always turn off the power before cleaning. Wipe the fixture with a soft, dry cloth. Do not use harsh chemicals, abrasive cleaners, or polishes as they may damage the finish or glass.
- **Bulb Replacement:** Ensure the power is off and the bulb has cooled before attempting to replace it. Unscrew the old bulb and screw in a new E26 base bulb (max 60W).
- **Inspection:** Periodically check all connections and mounting hardware to ensure they remain secure.

6. Troubleshooting

If you encounter issues with your light fixture, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wire connections. Faulty bulb.	Check circuit breaker or fuse. Verify all wire connections are secure (ensure power is off first). Replace bulb with a new one.
Light flickers.	Loose bulb. Loose wire connections. Incompatible dimmer switch/bulb.	Tighten bulb. Check wire connections (ensure power is off first). Ensure dimmable bulb is used with a compatible dimmer switch.
Glass shade is loose.	Decorative nuts are not tightened.	Gently tighten the decorative nuts to secure the glass shade.

7. Specifications

Image: Technical specifications and dimensions of the VONLUCE Semi Flush Mount Ceiling Light, including bulb type and wattage.

- **Model:** HCF-15M6-BK
- **Brand:** VONLUCE
- **Material:** Metal, Glass
- **Finish:** Matte Black
- **Dimensions:** 8.3"L x 8.3"W x 6.7"H
- **Bulb Base:** E26 (Bulb not included)
- **Max Wattage:** 60 Watts
- **Installation Type:** Semi Flush Mount
- **Indoor/Outdoor Usage:** Indoor
