

Sunifier bed risers L shape

Sunifier L-Shape Heavy Duty 1-Inch Furniture Risers Instruction Manual

MODEL: BED RISERS L SHAPE

Brand: Sunifier

1. INTRODUCTION

Thank you for choosing Sunifier L-Shape Heavy Duty 1-Inch Furniture Risers. These risers are designed to elevate your furniture, providing additional storage space underneath and improving accessibility for cleaning. Crafted from durable plastic, they offer robust support for various furniture types, including beds, sofas, desks, and chairs.

This manual provides essential information for the safe and effective setup, operation, and maintenance of your furniture risers.

2. SAFETY INFORMATION

- Ensure the furniture legs fit securely within the L-shape edge of the risers to prevent slippage.
- Do not exceed the maximum weight capacity of 5,000 pounds (total for 4 risers).
- Place risers on a flat, stable surface. Avoid uneven floors or surfaces.
- Distribute weight evenly across all risers.
- Keep children and pets away from furniture during installation to prevent accidents.
- Avoid stacking risers beyond their intended design, as this may compromise stability.

3. PACKAGE CONTENTS

- 4 x Sunifier L-Shape Heavy Duty 1-Inch Furniture Risers (Black)

4. SPECIFICATIONS

Item Weight	16 ounces

Note: These risers are designed for furniture legs smaller than 4.1" x 4.1".

5. SETUP AND INSTALLATION

- The Sunifier L-Shape Furniture Risers are designed for easy installation. Follow these steps to safely elevate your furniture:
- 1. Prepare the Furniture:** Carefully lift one corner or side of the furniture you wish to elevate. It is recommended to have assistance to ensure stability and prevent injury.
 - 2. Position the Riser:** Slide a Sunifier L-Shape riser under each leg of the furniture. The L-shape design allows for effortless placement and helps secure the furniture leg. Ensure the furniture leg is centered and fully seated within the riser's top contact area (4.1 x 4.1 inches).
 - 3. Check Stability:** Gently lower the furniture onto the risers. Verify that each leg is firmly seated and the furniture is stable before applying full weight or using it. The triangular cone barbed surface and TPU rubber bottom are designed to prevent sliding and protect your floors.
 - 4. Repeat for all Legs:** Repeat the process for all remaining furniture legs, ensuring even elevation and stability across the entire piece of furniture.

6. OPERATING INSTRUCTIONS

Once installed, your Sunifier L-Shape Furniture Risers provide a stable and elevated base for your furniture. These risers are suitable for a wide range of furniture types:

- **Beds:** Elevate your bed to create significant under-bed storage space, ideal for bins, boxes, or seasonal items. This also allows for easier access for robot vacuums.
- **Sofas & Couches:** Raise your seating to a more comfortable height, which can be beneficial for individuals with back pain or those who prefer higher seating.
- **Desks & Tables:** Adjust the height of your workspace or dining area for improved ergonomics or to

accommodate taller users.

- **Cabinets & Appliances:** Use under cabinets, washing machines, or refrigerators to facilitate cleaning underneath and prevent moisture buildup.

The expanded and enlarged top surface (4.1x4.1 inches) ensures robust stability for furniture legs smaller than this dimension. The reinforced ribs within the risers contribute to their high load capacity.

7. MAINTENANCE

Sunifier L-Shape Furniture Risers require minimal maintenance:

- **Cleaning:** Wipe the risers with a damp cloth to remove dust or debris. Avoid harsh chemicals that may damage the plastic.
- **Inspection:** Periodically check the risers for any signs of wear, cracks, or damage. Ensure they remain securely under the furniture legs.

8. TROUBLESHOOTING

- **Furniture is unstable:**
 - Ensure all furniture legs are properly seated within the L-shape edge of each riser.
 - Verify that the risers are placed on a flat and level surface.
 - Check if the furniture legs are smaller than the 4.1" x 4.1" top contact area.
 - Confirm that the total weight of the furniture and its contents does not exceed 5,000 lbs.
- **Risers are sliding:**

- Ensure the TPU rubber bottom is clean and free of debris.
- Verify that the furniture legs are firmly pressed onto the triangular cone barbed surface.
- Avoid placing risers on extremely slick surfaces if possible.

9. WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your Sunifier L-Shape Heavy Duty 1-Inch Furniture Risers, please refer to the product's original packaging or contact the retailer where the product was purchased. Keep your purchase receipt for warranty claims, if applicable.
