Aroepurt SFR ALTICE S24 Phone Case

User Manual: Aroepurt Hybrid Case for SFR ALTICE S24 with Tempered Glass Screen Protector

Model: SFR ALTICE S24 Compatible Case | Brand: Aroepurt

INTRODUCTION

Thank you for choosing the Aroepurt Hybrid Case for your SFR ALTICE S24. This product is designed to provide robust protection for your device, featuring a durable hybrid construction, a multi-functional folding stand, magnetic support, and a frosted anti-fingerprint surface. This manual will guide you through the installation, operation, and maintenance of your new phone case and the included tempered glass screen protector.

WHAT'S IN THE BOX

- 1 x Aroepurt Hybrid Phone Case (Purple)
- 1 x Tempered Glass Screen Protector

Image: Contents of the package, showing the purple hybrid phone case and the tempered glass screen protector.

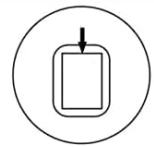

SETUP

1. Installing the Tempered Glass Screen Protector

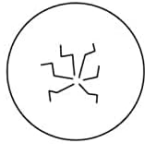

1. **Clean the Screen:** Use a microfiber cloth to thoroughly clean your SFR ALTICE S24 screen, removing all dust, smudges, and fingerprints. Ensure the screen is completely dry.
2. **Align the Protector:** Carefully peel off the protective film from the adhesive side of the tempered glass. Align the screen protector with your phone's screen, ensuring the cutouts for the camera and sensors match perfectly.
3. **Apply and Press:** Once aligned, gently lower the protector onto the screen. The adhesive will begin to spread. Lightly press down on the center of the protector and work your way outwards to remove any air bubbles.
4. **Final Wipe:** Use the microfiber cloth to gently wipe the screen protector, ensuring a smooth, bubble-free application.

9H High Hardness

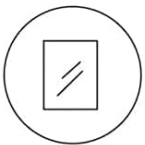

Perfect Adhesion

Shatterproof

Case Friendly

Scratch Proof

Scratch proof screen effectively avoids sharp objects scratching or abrasion

Image: An illustration demonstrating the scratch-proof capability of the screen protector, showing a hammer striking the protector without causing damage to the screen underneath.

2. Installing the Phone Case

1. **Insert Phone:** Gently insert your SFR ALTICE S24 into the soft silicone frame of the case, starting with one side and then pressing the other side in.
2. **Ensure Fit:** Make sure all corners of your phone are securely seated within the case. The case is designed with PC hard back panel and soft silicone frame for a snug fit and enhanced protection.

OPERATING FEATURES

Folding Multi-Angle Support Stand

The integrated folding stand allows for hands-free viewing. Simply pull out the stand from the back of the case and adjust it to your desired viewing angle. This feature is ideal for watching videos, video calls, or browsing content in landscape mode.

Multi-function Stand Case

For hands-free viewing and secure holding

Image: A collage showing the multi-function stand case in various uses, including being held securely with the wristband and propped up as a stand for hands-free viewing.

Magnetic Fastening for Car Mounts

The case features a built-in magnetic plate, allowing it to securely attach to compatible magnetic car mounts. This provides a convenient and stable solution for navigation or hands-free calls while driving.

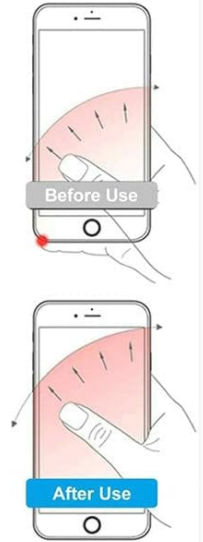

Wristband

Slip-proof & drop-proof
Stay carefree

One-Hand Operation

Touch more spots on the screen

Effectively prevent accidental drops of cell phones

 Strong magnet

Magnetic

Fit car magnetic mount

Integrated Wristband for Secure Holding

The case includes a wristband on the back, designed to provide a secure grip and prevent accidental drops. Slide your fingers through the band for comfortable one-handed operation and added security.

MAINTENANCE

- **Cleaning the Case:** To clean your case, gently wipe it with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material or finish.
- **Cleaning the Screen Protector:** Use a clean, dry microfiber cloth to wipe the screen protector. For stubborn smudges, a screen cleaner spray designed for electronics can be used sparingly.
- **Avoid Extreme Temperatures:** Do not expose the case or screen protector to extreme heat or cold, as this may affect their material integrity and performance.

- **Inspect Regularly:** Periodically inspect the case and screen protector for any signs of wear or damage. Replace if significant damage is observed to ensure continued protection.

TROUBLESHOOTING

Issue	Possible Cause / Solution
Air bubbles under screen protector	Improper installation. Try to gently push bubbles towards the edge with a soft cloth. If persistent, re-installation might be necessary after cleaning the screen thoroughly.
Case feels loose	Ensure the phone is correctly seated in all corners of the case. If the issue persists, the case might be damaged or incompatible (verify model).
Stand not holding position	The stand mechanism might be worn or damaged. Ensure it clicks into place. Avoid excessive force when opening or closing.
Magnetic attachment weak	Ensure your car mount is magnetic and strong enough. Check for any obstructions between the case and the mount.
