Operating Instructions

Volume Control

Use the volume roller or buttons located on the headset to adjust the audio output level. Roll up to increase volume, roll down to decrease.

Microphone Usage

The headset features a sensitive, hidden noise-canceling microphone. Ensure the microphone is enabled in your device's audio settings for clear communication during gaming or calls. The microphone effectively reduces background noise.

RGB Lighting

The headset features RGB lighting. You can extend battery life by turning off the RGB lighting. Refer to the headset controls for specific RGB lighting toggling options.

Charging the Headset

The COLUSI X09 headset is equipped with a 1200mAh battery. To charge the headset:

1. Connect the provided USB charging cable to the charging port on the headset.
2. Connect the other end of the USB cable to a power source (e.g., computer USB port, USB wall adapter).
3. A red indicator light will illuminate while the headset is charging.
4. Charging typically takes 2 to 3 hours for a full charge. The red light will turn off or change color when charging is complete.

A full charge provides approximately 28-30 hours of playtime with RGB lights on, and up to 48 hours with RGB lights off.

- Bluetooth mode is **not compatible with PS4 or PS5**.

Maintenance

To ensure the longevity and optimal performance of your COLUSI X09 headset, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Earmuffs:** The soft memory foam earmuffs are designed for comfort. Avoid excessive pulling or tearing.
- **Charging:** Always use the provided charging cable or a certified equivalent. Do not overcharge the battery.
- **Water Exposure:** This headset is not waterproof. Avoid exposure to water or high humidity.

Troubleshooting

No Sound / Disconnection Issues:

- Ensure the headset is fully charged and powered on.
- For 2.4GHz connection, verify the USB dongle is securely inserted and the headset is paired.
- For Bluetooth connection, ensure Bluetooth is enabled on your device and the headset is paired. Try unpairing and re-pairing.
- Check your device's audio output settings to ensure the headset is selected as the primary output device.
- Adjust the volume on both the headset and your connected device.

Microphone Not Working:

- Confirm that the microphone is not muted on the headset or in your device's settings.
- Check device compatibility notes: microphone is not supported on Nintendo Switch.
- Ensure the headset is selected as the input device in your device's audio settings.

Charging Issues:

- Verify the charging cable is properly connected to both the headset and the power source.
- Try a different USB port or power adapter.
- Ensure the charging port on the headset is clean and free of debris.
