MAINTENANCE

- **Cleaning:** Regularly wipe the earbuds and cable with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in the provided storage bag to protect them from dust and damage.
- **Cable Care:** Handle the twisted silver-plated cable gently to prevent tangling or damage. Avoid sharp bends or excessive pulling.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound or low volume	Incorrect connection, low device volume, damaged cable.	Ensure 3.5mm plug is fully inserted. Increase device volume. Test with another audio source/cable if possible.
Poor sound quality (distortion, static)	Damaged cable, dirty audio jack, incompatible audio source.	Check cable for damage. Clean device's audio jack. Try a different audio source.
Earbuds fall out easily or are uncomfortable	Improper fit.	Adjust the earbuds for a more secure and comfortable fit. Ensure the U-shaped design is correctly positioned.
