LIGE BW1845D-L

LIGE Smart Watch User Manual

Model: BW1845D-L | Brand: LIGE

PRODUCT OVERVIEW

The LIGE Smart Watch for Women (Model: BW1845D-L) is a luxury smartwatch designed for both Android and iPhone users. It features a 1.32" HD touchscreen with diamond-studded accents and comes with two interchangeable straps (silicone and stainless steel). This versatile device offers comprehensive fitness tracking, communication features, and health monitoring capabilities to support your daily lifestyle.

SETUP GUIDE

1. Initial Charging

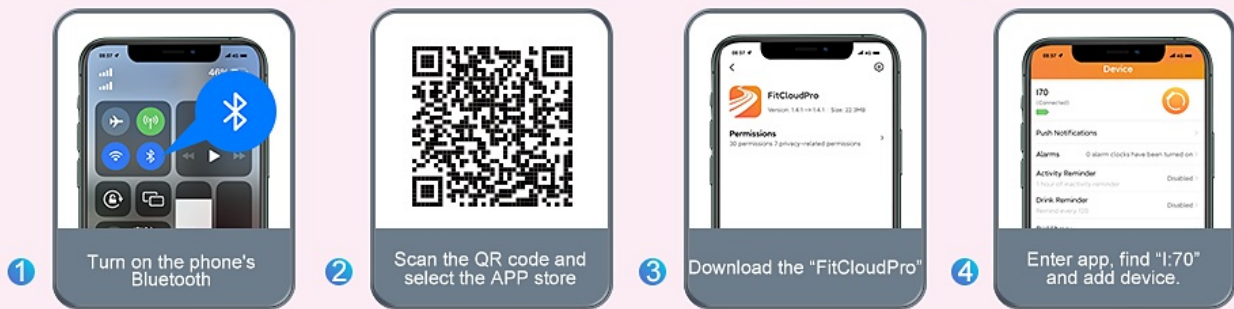

Before first use, fully charge your LIGE Smart Watch using the provided charging cable. Connect the magnetic end of the cable to the charging points on the back of the watch and the USB end to a power adapter (not included) or a computer USB port.

2. App Installation and Pairing

To unlock the full potential of your smartwatch, download and install the "FitCloudPro" app on your smartphone. The app is compatible with Android 4.4+ and iOS 8.4+ devices.

1. **Turn on Phone's Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
2. **Scan QR Code:** Use your phone's camera to scan the QR code provided in the watch manual or on the watch screen to download the "FitCloudPro" app from your app store. Alternatively, search for "FitCloudPro" directly in your app store.
3. **Download App:** Install the "FitCloudPro" app.
4. **Add Device:** Open the app, navigate to the "Device" section, and add your LIGE Smart Watch (often identified by its model number like "I70" or similar).

3. Bluetooth Calling Setup

For call functionality, a second Bluetooth connection is required:

1. **Turn on Watch Audio:** On your LIGE Smart Watch, enable the audio function (usually found in the watch's settings or quick toggles).
2. **Search for "Watch Call":** On your smartphone, go to Bluetooth settings and search for a device named "Watch Call".
3. **Connect:** Pair your phone with "Watch Call".
4. **Ready for Calls:** Once connected, you can make and receive calls directly from your smartwatch.

Note: Ensure the "FitCloudPro" app is allowed to run in the background on your phone to maintain a stable connection with the smartwatch.

OPERATING INSTRUCTIONS

Navigation and Interface

The LIGE Smart Watch features a full touch HD screen for intuitive navigation. Swipe across the screen to access different functions and menus. The watch supports 200+ watch faces, including customizable options where you can upload your favorite photos via the "FitCloudPro" app.

Health Monitoring

The smartwatch provides continuous monitoring of various health metrics:

- **Heart Rate Monitoring:** Tracks your heart rate 24/7.
- **Blood Oxygen (SpO2) Monitoring:** Measures your blood oxygen levels.
- **Blood Pressure Monitoring:** Provides blood pressure readings.
- **Sleep Monitoring:** Analyzes your sleep patterns to help improve sleep quality.
- **Women's Physiological Cycle Monitor:** Helps track and predict menstrual and ovulation periods.

Disclaimer: The watch is not a medical device, and monitoring data is for reference only.

MAINTENANCE

Cleaning Your Smart Watch

Regularly clean your smartwatch to ensure optimal performance and hygiene. Use a soft, lint-free cloth (like the one provided in the box) to wipe the screen and body of the watch. For stubborn smudges, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

Water Resistance (IP68)

The LIGE Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. While it can be used for activities like swimming, it is not recommended for diving or high-pressure water activities. Always dry the watch thoroughly after exposure to water.

TROUBLESHOOTING

If you encounter any issues with your LIGE Smart Watch, please refer to the following common solutions:

- **Connection Issues:** Ensure Bluetooth is enabled on your phone and the "FitCloudPro" app is running in the background. Try restarting both your phone and the watch.
- **Notifications Not Appearing:** Check app permissions on your phone to ensure "FitCloudPro" has access to notifications. Verify notification settings within the "FitCloudPro" app.
- **Inaccurate Health Data:** Ensure the watch is worn snugly on your wrist. Note that health data is for reference and not for medical diagnosis.
- **Battery Life:** Optimize settings by reducing screen brightness, turning off unnecessary notifications, and limiting continuous health monitoring if not needed.

For further assistance, please contact LIGE customer support.
