

Uakinat E-1078

Uakinat Computer Speakers E-1078 User Manual

Model: E-1078

1. INTRODUCTION

Thank you for choosing the Uakinat E-1078 Computer Speakers. These compact, USB-powered speakers are designed to deliver clear and distortion-free audio for your desktop PC, laptop, tablet, or smartphone. This manual provides essential information for setting up, operating, and maintaining your speakers to ensure optimal performance.

2. PRODUCT OVERVIEW

The Uakinat E-1078 speakers feature a sleek, column-shaped design with a matte metal panel and anti-slip foot pads. They are equipped with a USB cable for power and a 3.5mm audio cable for universal compatibility. An in-line volume control allows for easy audio adjustment.

3. PACKAGE CONTENTS

Please check the package for the following items:

- 1 x Uakinat E-1078 Computer Speakers (Pair)
- 1 x User Manual (This document)

4. SETUP INSTRUCTIONS

Follow these steps to connect your Uakinat E-1078 speakers:

1. **Positioning:** Place the two speakers on either side of your computer monitor or device for optimal stereo sound. Ensure the cable length (up to 31.5 inches between speakers) allows for comfortable placement.
2. **Power Connection:** Insert the USB-A connector into an available USB port on your computer, laptop, power adapter, or power bank. The speakers are USB powered (5V).
3. **Audio Connection:** Insert the 3.5mm audio jack into the headphone or audio output port of your device (PC, laptop, tablet, smartphone, MP3 player).
4. **Volume Adjustment:** Use the in-line volume control knob to adjust the audio level.

WIDE COMPATIBILITY

Works with any 3.5mm jack devices under usb powered

Plug USB Port for Power

5. OPERATING INSTRUCTIONS

Once connected, your Uakinat E-1078 speakers are ready for use. They are a plug-and-play device, requiring no additional drivers.

- **Power On/Off:** The speakers power on automatically when the USB cable is connected to a powered USB port. Disconnect the USB cable to power off.
- **Volume Control:** Adjust the audio output level using the in-line rotary knob located on the speaker cable. Turn clockwise to increase volume, counter-clockwise to decrease.
- **LED Lighting:** The speakers feature an integrated LED light strip at the base, which illuminates when powered, adding to the aesthetic.

Small Body with Powerful Audio

Enjoy stereo surround sound through reasonable placement

6. MAINTENANCE

To ensure the longevity and optimal performance of your speakers, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the speakers. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the speakers in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the speakers or subjecting them to strong impacts. Do not pull on the cables forcefully.
- **Environment:** Keep the speakers away from water, moisture, and excessive dust. These speakers

are not waterproof.

7. TROUBLESHOOTING

If you encounter issues with your Uakinat E-1078 speakers, please refer to the following common solutions:

Problem	Possible Solution
No Sound	<ul style="list-style-type: none">◦ Ensure the USB power cable is securely connected to a working USB port.◦ Verify the 3.5mm audio jack is fully inserted into your device's audio output.◦ Check the in-line volume control and turn it clockwise to increase volume.◦ Confirm your device's internal volume is not muted or set too low.◦ Test with a different USB port or audio source/device.
Distorted Sound / Low Volume	<ul style="list-style-type: none">◦ Adjust the volume using both the in-line control and your device's volume settings.◦ Ensure the audio jack is fully inserted and not loose.◦ Try a different audio source to rule out issues with the original source file or device.
Buzzing/Static Noise	<ul style="list-style-type: none">◦ Ensure the USB power source is stable and not shared with high-power devices.◦ Try connecting the USB power to a different port or a dedicated USB wall adapter.◦ Keep the speakers away from other electronic devices that might cause interference.

If the problem persists after trying these solutions, please contact customer support as detailed in the Warranty and Support section.

8. SPECIFICATIONS
