HOMCOM FR839-834V00BG0531

HOMCOM 3-in-1 Convertible Armchair Instruction Manual

Model: FR839-834V00BG0531

INTRODUCTION

Thank you for choosing the HOMCOM 3-in-1 Convertible Armchair. This versatile furniture piece is designed to provide comfort and functionality, easily transforming from an armchair to a chaise lounge or a single bed. This manual provides essential information for safe assembly, operation, and maintenance to ensure the longevity and optimal performance of your product. Please read these instructions carefully before use and retain them for future reference.

SAFETY INSTRUCTIONS

- Read all instructions before assembly and use.
- Keep all packaging materials away from children to prevent choking hazards.
- Ensure all components are securely fastened before using the armchair.
- Do not exceed the maximum weight capacity of 120 kg (264 lbs).
- Avoid standing on the armchair or using it as a step stool.
- Place the armchair on a flat, stable surface.
- Keep away from open flames and direct heat sources.
- Regularly check all bolts and screws to ensure they remain tight.

PACKAGE CONTENTS

Verify that all parts are present before beginning assembly. If any parts are missing or damaged, please contact customer service.

- Convertible Armchair Frame
- Seat and Backrest Cushions (pre-attached or separate)
- Pillow
- Legs (if separate)
- Assembly Hardware (screws, bolts, Allen key)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly is generally straightforward. Follow these steps to set up your convertible armchair:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Attach Legs (if separate):** If the legs are not pre-attached, align them with the designated mounting points on the base of the armchair. Secure them using the provided screws and Allen key. Ensure they are tightened firmly.
3. **Position Cushions:** Place the seat and backrest cushions as intended. The included pillow can be positioned for additional comfort.
4. **Final Check:** Before use, gently shake the armchair to ensure all connections are stable and secure.

OPERATING INSTRUCTIONS

Your HOMCOM convertible armchair offers three primary configurations and an adjustable backrest for customized comfort.

1. Converting Between Modes (Armchair, Chaise Lounge, Bed)

The armchair can be easily transformed into a chaise lounge or a single bed. The mechanism typically involves extending the seat forward and adjusting the backrest.

- **Armchair to Chaise Lounge:** Gently pull the front part of the seat forward. The hidden support legs will extend. Adjust the backrest to your desired reclining position.
- **Chaise Lounge to Bed:** From the chaise lounge position, fully extend the seat and flatten the backrest to a horizontal position (180 degrees). Ensure all support legs are deployed and stable.
- **Bed/Chaise Lounge to Armchair:** Reverse the process. Lift the backrest to an upright position and push the extended seat back into the armchair frame until it locks securely.

2. Adjusting the Backrest

The backrest features 5 adjustable positions, allowing you to find your preferred angle for sitting, lounging, or sleeping.

1. To adjust, gently push the backrest forward slightly to disengage the locking mechanism.
2. Move the backrest to the desired angle (e.g., 100°, 120°, 140°, 160°, 180°).
3. Release the backrest, ensuring it clicks securely into place at the chosen position.

MAINTENANCE

- **Cleaning:** Wipe the fabric with a dry cloth to remove dust. For spills, blot immediately with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Frame Care:** For wooden and metal parts, wipe with a soft, dry cloth.
- **Hardware Check:** Periodically inspect all screws and bolts and tighten them if necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the fabric.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Armchair feels unstable.	Loose screws or uneven surface.	Check and tighten all assembly screws. Ensure the armchair is on a flat, level floor.
Difficulty converting modes.	Mechanism obstructed or not fully engaged/disengaged.	Ensure no objects are blocking the moving parts. Apply gentle, even pressure when converting. Refer to operating instructions.
Backrest does not lock into position.	Mechanism not fully engaged.	Push the backrest slightly forward, then adjust to the desired angle and ensure it clicks into place.
