Donner DED-70

Donner DED-70 Electric Drum Set User Manual

Model: DED-70

Brand: Donner

1. INTRODUCTION

Thank you for choosing the Donner DED-70 Electric Drum Set. This comprehensive bundle includes a high-quality electronic drum set with quiet mesh pads, a sound module, and a heavy-duty drum throne. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your instrument.

Figure 1.1: Complete Donner DED-70 Electric Drum Set and Throne Bundle.

The DED-70 is designed for both beginners and experienced players, featuring a powerful learning function with play-along songs and practice exercises. Its quiet mesh pads allow for practice without disturbing others, while the rich sound attributes provide a realistic and enjoyable drumming experience.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- 4 x 6" Mesh Electronic Drum Pads
- 3 x 8" Rubber Cymbal Pads (Hi-Hat, Crash, Ride)
- 1 x Tough Metal Drum Rack
- 1 x Drum Sound Module
- 1 x Heavy-Duty Drum Throne
- 1 x Pair of Drumsticks
- 1 x Pair of Headphones
- All necessary Connection Cables and Power Adapter
- 1 x Kick Drum Pedal
- 1 x Hi-Hat Control Pedal

3. SETUP AND ASSEMBLY

3.1 Drum Set Assembly

Follow these steps to assemble your DED-70 Electric Drum Set:

1. Unpack all components and lay them out on a clean, flat surface.
2. Assemble the main drum rack frame according to the included diagram. Ensure all joints are securely tightened.
3. Attach the mesh drum pads and rubber cymbal pads to the rack arms. Adjust their positions for comfortable playing.
4. Mount the drum sound module to the designated clamp on the rack.
5. Connect each drum pad, cymbal pad, and pedal to the corresponding input on the drum sound module using the provided cables. Refer to the port labels on the module.
6. Connect the power adapter to the sound module and then to a power outlet.

SELECTION OF DEMO AND SOUNDS

Listen and learn to develop children's sense of music

12 DRUM KITS

68 SOUNDS

10 SONGS

Figure 3.1: The DED-70 Electric Drum Set fully assembled and ready for use.

3.2 Drum Throne Assembly and Adjustment

The included drum throne is designed for comfort and stability. Assemble it as follows:

1. Attach the three legs to the central shaft of the throne base. Ensure they are spread evenly for maximum stability.
2. Securely attach the seat cushion to the top of the throne base.
3. Adjust the height of the throne using the adjustment knob or lever on the central shaft. Ensure it is at a comfortable height for playing the drum set.

ADJUSTABLE HEIGHT DESIGN

MEET DIFFERENT NEEDS

Figure 3.2: The drum throne features an adjustable height design, ranging from 45cm (17.3 inches) to 61cm (24.6 inches).

**MORE WIDER SURFACE THAN OTHERS MOTORCYCLE STYLE DESIGN,
MORE IN LINE WITH HUMAN BODY CURVE**

Figure 3.3: The drum throne features a wider, motorcycle-style seat design (44cm x 38cm x 10cm) for enhanced comfort and support.

BIGGER,THICKER,WIDER AND MORE STABLE,WITHOUT SLIPPING

MORE STABLE

BIGGER AREA

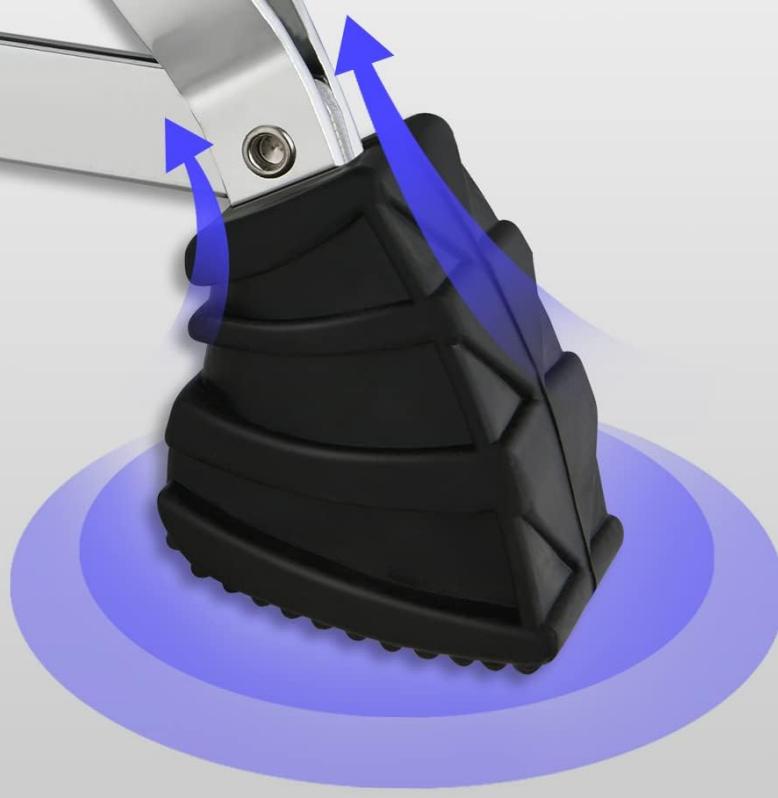

Figure 3.4: The drum throne's base is designed for increased stability with larger, thicker, and wider rubber feet to prevent slipping.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

Press the Power button on the sound module to turn the unit on. Press and hold the Power button to turn it off.

4.2 Sound Module Functions

The DED-70 sound module offers a variety of features:

- **Kit Selection:** Use the 'Kit' button and navigation arrows to cycle through 10 pre-set drum kits.
- **Sound Selection:** Access 68 exclusive acoustic and electronic drum sounds. Refer to the module's display for sound names.
- **Volume Control:** Adjust the master volume using the dedicated knob.
- **Learning Function:** The coaching module includes 10 play-along songs and various practice exercises. Select these modes to develop and improve drumming skills.

ADJUSTABLE STAND FOR GROWING TEENS

Adjust the height and angle in accordance with the height of your child

Figure 4.1: The DED-70 features an adjustable stand suitable for various heights, and its sound module offers a selection of 12 drum kits, 68 sounds, and 10 songs for learning.

4.3 Playing the Drums

Strike the mesh pads and rubber cymbals with the drumsticks to produce sounds. The mesh pads are designed for quiet practice, significantly reducing acoustic noise.

SAY GOODBYE TO THE NOISY DRUMMING OF YOUR CHILD

Truly Quiet

Noisy & Disturbing Neighbors

Figure 4.2: The DED-70's mesh pads provide a truly quiet drumming experience, ideal for practice without disturbing others.

4.4 Pedal Operation

The DED-70 includes a kick drum pedal and a hi-hat control pedal. Place them on the floor in front of the drum set and connect them to the module.

- **Kick Drum Pedal:** Press the pedal to trigger the bass drum sound.
- **Hi-Hat Control Pedal:** This pedal controls the hi-hat sound, allowing for open, closed, and foot-splash sounds depending on its position and how the hi-hat cymbal is struck.

PRO PEDAL WITH SMALLER SIZES

The ded-70 uses a highly sensitive kick drum pedal to restore the original sound drum design

Figure 4.3: The DED-70 utilizes a highly sensitive kick drum pedal designed to accurately reproduce the original sound of a traditional drum.

4.5 Portable Power Supply

The DED-70 can be powered by a portable charger (not included) for extended use on the go, offering approximately 40 hours of playtime with a 10000mAh power bank.

POR TABLE CHARGER SUPPLY

Playing drums anywhere and anytime with power supply or portable charger, whether you're practicing indoors or on the road.

Figure 4.4: The DED-70 can be powered by a portable charger, allowing for practice anywhere, anytime.

5. MAINTENANCE

Proper maintenance ensures the longevity and performance of your drum set:

- **Cleaning:** Use a soft, dry cloth to wipe down the drum pads, cymbals, module, and rack. Avoid abrasive cleaners or solvents.
- **Mesh Pads:** Do not apply excessive force to the mesh pads. If a mesh head becomes loose, gently tighten the rim screws.

- **Cables:** Ensure all cables are neatly organized and not kinked or pinched. Disconnect cables by pulling the plug, not the wire.
- **Storage:** When not in use for extended periods, store the drum set in a cool, dry place away from direct sunlight and extreme temperatures.
- **Throne Care:** The artificial leather seat cover can be wiped clean with a damp cloth. Avoid harsh chemicals.

6. TROUBLESHOOTING

If you encounter issues with your DED-70, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound from headphones/speakers	Volume too low; Cables disconnected; Power off	Increase master volume; Check all cable connections; Ensure unit is powered on
Pad/Cymbal not responding	Cable loose/disconnected; Pad sensitivity too low	Check cable connection to pad and module; Adjust pad sensitivity in module settings (if available)
Pedal not working	Cable loose/disconnected; Pedal placed incorrectly	Check pedal cable connection; Ensure pedal is on a flat surface and fully depressed/released
Distorted sound	Volume too high; Faulty cable	Reduce master volume; Try a different cable if possible

If the problem persists after attempting these solutions, please contact Donner customer support for further assistance.
