

RORRY D14

RORRY D14 Ultra-Thin MagSafe Compatible 5000mAh Mobile Battery User Manual

Model: D14

1. INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient use of your RORRY D14 Ultra-Thin MagSafe Compatible 5000mAh Mobile Battery. Please read this manual thoroughly before using the product and retain it for future reference.

2. PRODUCT OVERVIEW

The RORRY D14 is a compact and lightweight 5000mAh mobile battery designed for MagSafe-compatible devices, offering both wireless and wired charging capabilities. Its slim profile and strong magnetic attachment provide convenient power on the go.

Key Features:

- **Ultra-Thin and Lightweight Design:** Measures 8.6mm thick and weighs approximately 110g, designed for portability.
- **MagSafe Compatibility:** Features N54 magnets for secure attachment to MagSafe-enabled iPhones, providing stable wireless charging.
- **5000mAh Capacity:** Provides sufficient power for daily use.
- **Dual Device Charging:** Supports simultaneous wireless charging and wired charging via the Type-C port.
- **Pass-Through Charging:** Allows charging of the mobile battery and a connected device simultaneously.
- **Premium Construction:** Made with aluminum alloy for durability and a matte finish to resist fingerprints. PC material on the contact surface protects your device from scratches.
- **Advanced Safety Features:** Equipped with multiple protection mechanisms including overcharge, over-discharge, overcurrent, short circuit, and temperature detection.

- **PSE Certified:** Ensures product safety and quality.
- **Airline Carry-on Approved:** Suitable for air travel.

Image: The RORRY D14 mobile battery securely attached to the back of a smartphone, demonstrating its slim design and how it integrates with the device. A side view of the battery is also shown, emphasizing its thinness.

3. PACKAGE CONTENTS

- RORRY D14 Mobile Battery
- USB Type-C Charging Cable
- User Manual
- Magnetic Ring (for non-MagSafe compatible devices)

Image: The RORRY D14 mobile battery, its USB Type-C charging cable, and a magnetic ring are displayed alongside the product packaging, illustrating all items included in the box.

4. SETUP

Initial Charging:

1. Before first use, fully charge the RORRY D14 mobile battery.
2. Connect the provided USB Type-C cable to the mobile battery's Type-C port.
3. Connect the other end of the cable to a compatible USB power adapter (not included).
4. The LED indicators on the mobile battery will illuminate to show the charging status. All four white

LEDs will be solid when fully charged.

Attaching the Magnetic Ring (for non-MagSafe devices):

If your device is not MagSafe compatible but supports wireless charging, you can use the included magnetic ring to ensure a secure attachment to the RORRY D14.

1. Clean the back surface of your device or its case thoroughly.
2. Carefully peel off the adhesive backing from the magnetic ring.
3. Align the magnetic ring centrally on the back of your device or case, ensuring it does not obstruct any cameras or sensors. For optimal wireless charging, ensure the ring is positioned over your device's wireless charging coil.
4. Press firmly to secure the ring.

5. OPERATING INSTRUCTIONS

Checking Battery Level:

Press the power button once to check the remaining battery level. The white LED indicators will light up:

- 1 LED: 0-25%
- 2 LEDs: 25-50%
- 3 LEDs: 50-75%
- 4 LEDs: 75-100%

6. CHARGING YOUR DEVICES

Wireless Charging (MagSafe Compatible Devices):

1. Ensure your RORRY D14 mobile battery is sufficiently charged.
2. Align the RORRY D14 with the back of your MagSafe-compatible iPhone (iPhone 12 series or newer). The magnets will automatically snap the battery into place.
3. Wireless charging will begin automatically. A blue LED indicator on the mobile battery will illuminate to confirm wireless charging is active.
4. To stop wireless charging, simply detach the mobile battery from your device.

Image: A user holds a smartphone with the RORRY D14 mobile battery firmly attached to its back, illustrating the strong magnetic connection that prevents accidental detachment during use.

Wireless Charging (Qi-Enabled Devices with Magnetic Ring):

1. Ensure your RORRY D14 mobile battery is sufficiently charged.
2. Attach the RORRY D14 to the magnetic ring previously installed on your Qi-enabled device.
3. Wireless charging will begin automatically. A blue LED indicator on the mobile battery will illuminate.

Airpods

にもワイヤレス
充電支持!

Image: This image shows two scenarios: a person using a phone with the RORRY D14 attached, and a pair of AirPods charging wirelessly on the RORRY D14, demonstrating its versatility for different devices.

Wired Charging (USB Type-C):

1. Ensure your RORRY D14 mobile battery is sufficiently charged.
2. Connect one end of a USB Type-C cable (provided or compatible) to the Type-C port on the RORRY D14.
3. Connect the other end of the cable to your device's charging port.
4. Charging will begin automatically.

Simultaneous Charging (Wireless + Wired):

The RORRY D14 supports charging two devices simultaneously: one wirelessly (MagSafe/Qi) and one via the USB Type-C port.

1. Attach your MagSafe/Qi-enabled device for wireless charging.
2. Connect a second device to the Type-C port using a compatible cable.
3. Both devices will charge concurrently.

7. CHARGING THE MOBILE BATTERY (PASS-THROUGH CHARGING)

The RORRY D14 supports pass-through charging, allowing you to charge both the mobile battery and a connected device at the same time.

1. Connect your device to the RORRY D14 for charging (either wirelessly or via Type-C).
2. Connect the RORRY D14 to a power source using its Type-C port and a USB power adapter.
3. The RORRY D14 will charge itself and the connected device simultaneously.

8. SAFETY FEATURES

The RORRY D14 is equipped with multiple safety protection systems to ensure safe operation for both the mobile battery and your connected devices:

- **Overcharge Protection:** Prevents the battery from being overcharged, extending its lifespan.
- **Over-discharge Protection:** Prevents the battery from being fully depleted, which can damage the battery.
- **Overcurrent Protection:** Safeguards against excessive current flow.
- **Short Circuit Protection:** Automatically shuts down in case of a short circuit.
- **Temperature Detection:** Monitors the battery's temperature and prevents overheating.

The internal battery cells are made of lithium iron phosphate (LiFePO4), which offers enhanced stability and reduced risk of fire compared to other battery types. The casing uses flame-retardant aluminum alloy and PC materials for additional safety.

9. MAINTENANCE

- Keep the mobile battery away from water, moisture, and extreme temperatures.
- Avoid dropping or subjecting the battery to strong impacts.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- Store the battery in a cool, dry place when not in use for extended periods.
- Charge the battery at least once every three months to maintain optimal performance.

10. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device not charging wirelessly.	- Mobile battery is not charged. - Device is not properly aligned with the mobile battery. - Device is not MagSafe/Qi compatible, or magnetic ring is not correctly installed. - Device case is too thick or contains metal.	- Charge the mobile battery. - Realign the device to ensure proper magnetic connection. - Ensure your device supports wireless charging and the magnetic ring is correctly placed if needed. - Remove the case or use a MagSafe-compatible case.
Device not charging via Type-C cable.	- Mobile battery is not charged. - Cable is faulty or not properly connected. - Device charging port is damaged.	- Charge the mobile battery. - Try a different cable or ensure connections are secure. - Contact device manufacturer for support.
Mobile battery is overheating.	- Operating in high ambient temperature. - Charging multiple devices for extended periods. - Internal fault.	- Stop charging and allow the battery to cool down in a cooler environment. - Reduce the number of devices being charged simultaneously. - If overheating persists, discontinue use and contact customer support.
LED indicators are not working.	- Mobile battery is completely depleted. - Internal fault.	- Connect the mobile battery to a power source for charging. - If the issue persists, contact customer support.

11. SPECIFICATIONS

Feature	Detail
Brand	RORRY
Model Number	D14
Battery Capacity	5000mAh
Dimensions	10 x 6.6 x 0.86 cm
Weight	111 g
Material	Aluminum Alloy
Color	Gray
Wireless Output	Up to 15W (10W for iPhone, 7.5W, 5W)

Feature	Detail
USB-C Input/Output	18W Max (5V=3A, 9V=2A, 12V=1.5A)
Total USB Ports	1 (Type-C)
Compatibility	◦ MagSafe Devices: iPhone 17/16/15/14/13/12 series (including Plus, Pro, Pro Max, mini, Air models) ◦ Qi Devices: iPhone 8/8 Plus/X/XS/XS Max/XR/11/11 Pro/11 Pro Max/SE (2nd Gen), AirPods (2nd/3rd Gen), AirPods Pro, and other wireless charging enabled devices.
Certifications	PSE Certified
Included Accessories	USB Type-C Charging Cable, User Manual, Magnetic Ring

12. WARRANTY AND SUPPORT

RORRY provides a **12-month product warranty** from the date of purchase. Additionally, registered members may receive an extended **6-month warranty**, totaling up to 18 months of coverage.

We offer **free returns and exchanges within 30 days** of purchase. For any questions regarding the product, delivery, or support, please contact our customer service team. Japanese language support is available.

For further assistance, please visit the RORRY brand store: [RORRY Official Store](#)

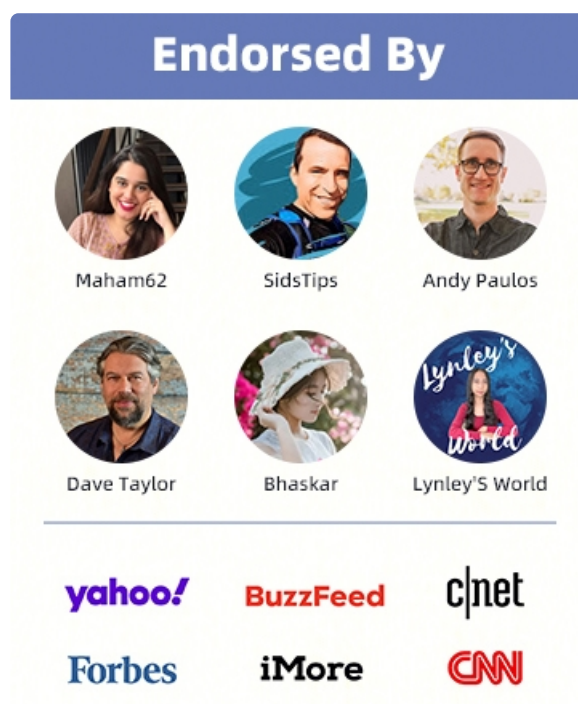

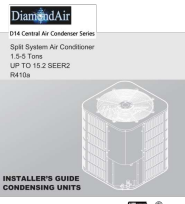

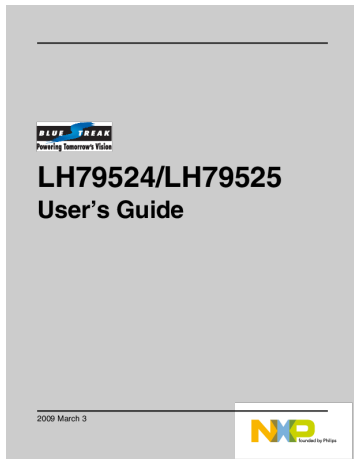

Image: A customer service representative is shown, with overlaid text highlighting the 12-month product warranty and an additional 6-month extended warranty for members, emphasizing RORRY's commitment to customer support.
