JALL B02

JALL Fabric Alarm Clock User Manual

Model: B02
Brand: JALL

INTRODUCTION

Thank you for choosing the JALL Fabric Alarm Clock. This multifunctional device combines an alarm clock, Bluetooth stereo sound speaker, FM radio, fast wireless charging pad, USB charging port, nightlight, and white noise machine into one stylish unit. Designed to enhance your bedroom, living room, or office, it provides convenience and comfort for your daily routine.

KEY FEATURES

- **Multifunctional Design:** Integrates an alarm clock, 10W Bluetooth stereo sound speaker, FM radio, 10W fast wireless charging pad, USB charging port, nightlight, and white noise machine.
- **High-Quality Audio:** Enjoy excellent sound quality for music, radio, or white noise through the powerful 10W stereo Bluetooth speaker.
- **Dual Charging Options:** Features efficient 10W wireless charging on top and an additional USB charging port for versatile device charging.
- **Adjustable Display Brightness:** Screen dimmer from 0-100% with auto-dimming at fixed time intervals (e.g., 10 PM to 7 AM) to ensure optimal visibility without disturbing sleep.
- **Soothing White Noise:** Built-in collection of 25 natural, high-quality white noise sounds for effortless sleep and relaxation.
- **Multi-Color Nightlight:** Offers 7 color light options with adjustable brightness to create the perfect ambiance.
- **Stylish Fabric Finish:** Modern and elegant design that complements any home decor.
- **Time Memory Function:** Retains time settings even when unplugged for short periods, ensuring convenience during power outages.

SETUP

Unpacking

Carefully remove the JALL Fabric Alarm Clock from its packaging. Ensure all components are present:

- JALL Fabric Alarm Clock Unit
- Power Adapter

- User Manual (this document)

Power Connection

Connect the provided power adapter to the "INPUT 12V" port on the back of the alarm clock. Plug the other end into a standard wall outlet. The display will illuminate, and the clock will be ready for initial setup.

Image: Rear view of the JALL Fabric Alarm Clock, highlighting the power input and USB charging port.

Initial Time Setting

Upon first power-on, the clock may display a default time or require setting. Use the "Dimmer/Time Set" button and the main rotary knob on the back panel to adjust the time. Refer to the "Operating Instructions" section for detailed steps on setting the time and date.

OPERATING INSTRUCTIONS

Control Panel Overview

The main controls are located on the back panel of the unit. Familiarize yourself with the buttons and knobs:

- **Volume Knob:** Adjusts speaker volume.
- **Light Knob:** Adjusts nightlight brightness.
- **Snooze/Light Button:** On top, for snooze function and turning nightlight on/off.
- **Music Note Button:** Cycles through white noise sounds.
- **Alarm 1 & Alarm 2 Buttons:** Set and activate individual alarms.
- **FM Radio Button:** Activates FM radio mode.
- **BT (Bluetooth) Button:** Activates Bluetooth pairing mode.
- **Auto Dimmer Button:** Toggles automatic display dimming.
- **Dimmer/Time Set Button:** Adjusts display brightness manually and enters time setting mode.
- **Main Rotary Knob:** Used for tuning radio, setting time, and navigating menus.
- **USB Charging Port:** For wired device charging.

Image: Detailed view of the control panel on the back of the alarm clock.

Setting Time and Date

1. Press and hold the "Dimmer/Time Set" button until the time display flashes.

2. Use the Main Rotary Knob to adjust the hour. Press the "Dimmer/Time Set" button to confirm and move to minutes.

3. Repeat for minutes, then for the day of the week (MON, TUE, etc.).

4. Press the "Dimmer/Time Set" button again to exit time setting mode.

Setting Alarms

The clock supports two independent alarms (Alarm 1 and Alarm 2).

1. Press the "Alarm 1" or "Alarm 2" button. The alarm time will flash.

2. Use the Main Rotary Knob to set the desired alarm hour and then minutes, pressing the alarm button to confirm each step.

3. After setting the time, you can choose the alarm sound source (e.g., buzzer, FM radio, or white noise). Use the Music Note button or FM Radio button to select.

4. Press the alarm button again to activate the alarm. An alarm icon will appear on the display.

5. To deactivate an alarm, press its corresponding alarm button until the alarm icon disappears.

Using the Nightlight

The nightlight is located on the top surface of the clock.

1. Press the "Snooze/Light" button on top to turn the nightlight on/off.

2. To change the nightlight color, rotate the "Light Knob" on the back panel. There are 7 color options available.

3. To adjust the brightness of the nightlight, use the "Light Knob" by sliding it up or down.

Image: The JALL Fabric Alarm Clock displaying its multi-color nightlight feature.

White Noise Function

The clock features 25 built-in natural white noise sounds.

1. Press the "Music Note" button on the back panel to cycle through the available white noise sounds.

2. Adjust the volume using the "Volume Knob".

3. To turn off the white noise, press the "Music Note" button repeatedly until it stops, or press the "Snooze/Light" button.

Image: Visual representation of the 25 built-in natural white noise sounds available on the alarm clock.

FM Radio Operation

1. Press the "FM Radio" button to enter FM radio mode.

2. Use the Main Rotary Knob to manually tune to your desired station.

3. Adjust the volume using the "Volume Knob".

4. To turn off the FM radio, press the "FM Radio" button again.

Bluetooth Speaker Mode

1. Press and hold the "BT (Bluetooth)" button on the back panel until the display shows "BT" and starts flashing, indicating pairing mode.

2. On your mobile device, enable Bluetooth and search for "B02" (or similar model name).

3. Select "B02" to pair. Once connected, the "BT" indicator on the clock's display will stop flashing.

4. You can now play audio from your device through the JALL Fabric Alarm Clock's speaker.

5. Adjust the volume using the "Volume Knob" on the clock or your connected device.

6. To disconnect, press and hold the "BT" button again.

Your browser does not support the video tag.

Video: An overview of the JALL Fabric Alarm Clock's features, including Bluetooth connectivity, wireless charging, and white noise functions.

Wireless Charging

The top surface of the clock features a 10W fast wireless charging pad.

1. Place your Qi-compatible smartphone or other device directly on the charging pad, ensuring it is centered over the lightning bolt icon.

2. The device's screen should indicate that charging has begun.

3. For optimal charging, ensure there are no metallic objects or thick cases between your device and the charging pad.

Image: The JALL Fabric Alarm Clock demonstrating its wireless charging capability with a smartphone placed on top.

USB Charging Port

An additional USB-A charging port is located on the back panel for wired charging of devices.

1. Connect your device's USB charging cable to the USB port on the back of the alarm clock.

2. Connect the other end of the cable to your device. Charging will begin automatically.

Image: The JALL Fabric Alarm Clock simultaneously charging a smartphone wirelessly and a smartwatch via its USB port.

Display Dimmer

The display brightness can be adjusted manually or automatically.

1. **Manual Dimming:** Press the "Dimmer/Time Set" button repeatedly to cycle through brightness levels (0-100%).

2. **Auto Dimming:** Press the "Auto Dimmer" button to enable or disable automatic dimming. When enabled, the display will automatically dim between 10:00 PM and 7:00 AM.

Image: Comparison of the JALL Fabric Alarm Clock's display brightness in morning and night settings, illustrating the auto-dimming feature.

MAINTENANCE

Cleaning

To clean the unit, wipe it with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as they may damage the surface or internal components.

Storage

If storing the alarm clock for an extended period, unplug it from the power source and keep it in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

No Power/Display Off

- Ensure the power adapter is securely connected to both the alarm clock and a working wall outlet.

- Check if the wall outlet is functioning by plugging in another device.

Wireless Charging Not Working

- Verify that your device is Qi-compatible.

- Ensure your device is centered correctly on the charging pad.

- Remove any thick phone cases or metallic objects that may interfere with charging.

Bluetooth Pairing Issues

- Ensure the alarm clock is in Bluetooth pairing mode (flashing "BT" on display).

- Make sure Bluetooth is enabled on your mobile device.

- Move your device closer to the alarm clock.

- Try unpairing and re-pairing the device.

Poor FM Radio Reception

- Adjust the position of the alarm clock to improve signal reception.

- Ensure there are no large electronic devices nearby that might cause interference.

Alarm Not Sounding

- Verify that the alarm is activated (alarm icon visible on display).

- Check the alarm volume setting.

- Ensure the alarm time is set correctly (AM/PM).

SPECIFICATIONS

| Feature	Detail
Brand	JALL
Model	B02
Color	Gray
Display Type	Digital LED
Product Dimensions	4.2"W x 3.1"H
Power Source	Corded Electric (Input 12V)
