MYNTA MC1650

MYNTA MC1650 Massage Chair User Manual

Model: MC1650

1. Introduction

This manual provides essential instructions for the safe and effective operation, maintenance, and troubleshooting of your MYNTA MC1650 Massage Chair. Please read this manual thoroughly before using the product and retain it for future reference.

2. Safety Instructions

To ensure safe operation, always adhere to the following guidelines:

- Ensure the chair is placed on a level, stable surface.
- Keep children and pets away from the chair during operation due to the anti-pinch safety mechanism.
- Do not use the chair if you have any medical conditions that may be aggravated by massage, or if you are pregnant. Consult a physician before use.
- Unplug the chair from the power outlet when not in use or before cleaning.
- Do not attempt to disassemble or repair the chair yourself. Contact customer support for assistance.
- Avoid prolonged exposure to direct sunlight or high temperatures.

3. Package Contents

The MYNTA MC1650 Massage Chair is shipped fully assembled. Please verify all components are present and undamaged upon delivery.

4. Setup

4.1 Placement

Ensure adequate space around the chair for reclining and movement. The chair requires a minimum of 31 inches clearance for package dimension during delivery and placement.

Image: Diagram showing the dimensions of the MYNTA MC1650 Massage Chair and recommended clearance for installation, including a minimum 31-inch door width.

4.2 Power Connection

Connect the power cord to a grounded electrical outlet. Ensure the power switch on the chair is in the "OFF" position before plugging it in.

5. Operating Instructions

5.1 Control Methods

The MYNTA MC1650 offers two primary control interfaces:

1. **Big Digital Panel:** A comprehensive touchscreen interface for selecting massage programs, adjusting settings, and monitoring massage progress.
2. **Smooth Shortcut Knob:** Integrated into the armrest, providing quick access to essential functions like power, auto

programs, and intensity adjustments.

Image: Close-up view of the digital control panel and the shortcut knob on the armrest, illustrating the two control methods.

5.2 Massage Programs and Techniques

The chair features various automatic programs and manual techniques:

- **Auto Modes:** Includes "Office Regimen," "Stress Relief," "Neck & Shoulder," "Master Choice," "Sweet Dream," "Recovery," "Relax," and "Thighs & Hips."
- **Massage Techniques:** Kneading, Tapping, Rolling, Shiatsu, Swedish, and Knocking.
- **Adjustments:** Five levels of roller speed and strength, and three levels of air pressure intensity (low, medium, high).
- **Spot Massage:** Allows users to focus on specific areas by manually adjusting roller positions.

5.3 Flexible SL-Track and Zero Gravity

The chair features an advanced Flexible SL-Track that adapts to your body's contours and reclining position, ensuring consistent massage coverage. The Zero Gravity function elevates your legs to reduce spinal pressure and enhance relaxation.

Image: Illustration of the 170-degree flexible SL-Track mechanism, showing how the track adjusts with the chair's recline.

Image: Depiction of the three stages of Zero Gravity positioning: Initial, Comfort, and Deep, illustrating the recline angles.

5.4 Airbag Massage and Heating

The chair incorporates full-body airbag coverage for compression massage and lumbar heating for enhanced relaxation and circulation.

- **Airbag Locations:** Shoulders, arms, lumbar, legs, and feet.
- **Lumbar Heating:** Provides warmth to the lower back area.

Image: Diagram highlighting the locations of airbags (shoulder, arm, lumbar, leg, foot) and the lumbar heating area on the MYNTA MC1650 massage chair.

Image: Close-up of the footrest showing calf airbags, upgraded foot rollers, and the 7-inch foot-rest extension feature.

5.5 Bluetooth Speaker

The integrated Bluetooth speaker allows you to connect your device and enjoy audio during your massage session.

6. Maintenance

6.1 Cleaning

- Wipe the chair with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Ensure the chair is unplugged before cleaning.

6.2 Storage

When not in use for extended periods, store the chair in a cool, dry place away from direct sunlight.

7. Troubleshooting

Problem	Possible Cause	Solution
Chair does not power on.	Power cord not properly connected; Power switch off; No power from outlet.	Check power cord connection; Ensure power switch is ON; Test outlet with another device.
Massage rollers are not moving.	Program not selected; Safety feature activated.	Select an auto program or manual massage technique; Ensure no obstructions are present.
Airbags are not inflating.	Air pressure setting too low; Airbag function disabled.	Adjust air pressure intensity; Enable airbag function via control panel.
Bluetooth not connecting.	Bluetooth on device is off; Chair's Bluetooth is off or not in pairing mode.	Ensure Bluetooth is enabled on your device; Refer to the digital panel for Bluetooth pairing instructions.

If the problem persists, please contact MYNTA customer support.

8. Specifications
