MERACH E12 Elliptical Machine User Manual

MODEL: E12 ELLIPTICAL

Brand: MERACH

1. INTRODUCTION

Thank you for choosing the MERACH E12 Elliptical Machine. This manual provides essential information for the safe and effective use of your new fitness equipment. The MERACH E12 is designed for home use, featuring a hyper-quiet magnetic drive system, 32 levels of adjustable resistance, and seamless integration with the MERACH App for an enhanced workout experience. With a robust 350 LBS weight capacity, it offers a versatile 3-in-1 functionality, allowing for elliptical, climbing, and under-desk walking modes.

Please read this manual thoroughly before assembly and operation to ensure proper usage and to maximize the lifespan of your machine.

2. SAFETY INFORMATION

Before starting any exercise program, consult with your physician. This is especially important for individuals over the age of 35 or those with pre-existing health conditions.

- Always place the elliptical machine on a flat, stable surface.
- Keep children and pets away from the machine during operation.
- Wear appropriate exercise attire and athletic shoes.
- Inspect the machine for loose or worn parts before each use. Do not use if any damage is found.
- Do not exceed the maximum user weight capacity of 350 LBS.
- Ensure all bolts and nuts are securely tightened after assembly and periodically check them.
- Stop exercising immediately if you feel faint, dizzy, or experience pain.
- Keep hands and feet clear of all moving parts.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your MERACH E12 Elliptical Machine.

- **Cleaning:** Wipe down the machine with a damp cloth after each use to remove sweat and dust. Avoid abrasive cleaners or solvents.
- **Lubrication:** Periodically check for any squeaking noises. If detected, apply a small amount of silicone-based lubricant to the moving joints as needed.

- **Check Connections:** Regularly inspect all bolts, nuts, and screws to ensure they are tight. Tighten any loose fasteners to prevent wobbling or noise.
- **Storage:** When not in use, the machine can be easily moved and stored using its transport wheels. Store in a dry, cool place away from direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your MERACH E12 Elliptical Machine, refer to the common problems and solutions below:

Problem	Possible Cause	Solution
Machine does not power on	Power adapter not connected or faulty outlet.	Ensure power adapter is securely plugged into the machine and a working wall outlet. Test the outlet with another device.
Squeaking or grinding noise during operation	Loose bolts or lack of lubrication on moving parts.	Check and tighten all visible bolts and nuts. Apply silicone-based lubricant to joints and pivot points.
Resistance not changing or inconsistent	App connectivity issue or internal mechanism.	Ensure the MERACH App is properly connected via Bluetooth. Restart the app and the machine. If the issue persists, contact customer service.
Bluetooth connectivity issues with app	Bluetooth interference or app malfunction.	Ensure Bluetooth is enabled on your device and the machine. Close and reopen the MERACH App. Try restarting your device. Keep your device close to the machine.
