## Amzhero D26

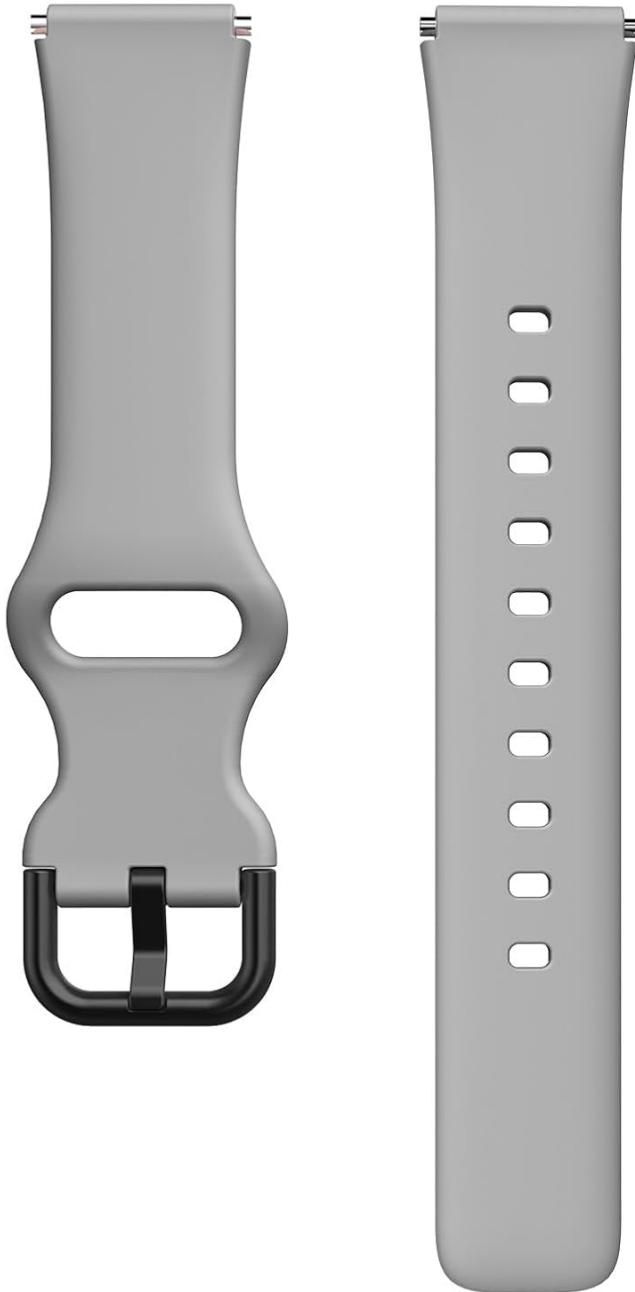

# Amzhero 16MM Silicone Replacement Band for D26 Fitness Tracker - Instruction Manual

## INTRODUCTION

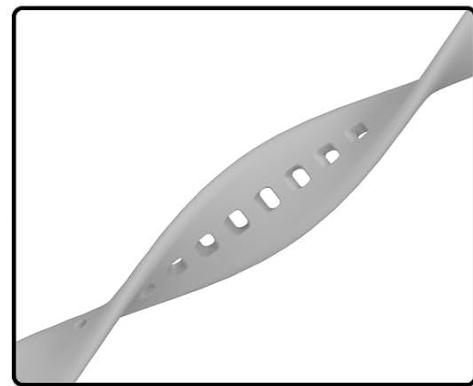

This instruction manual provides essential information for the Amzhero 16MM Silicone Replacement Band, designed specifically for the D26 Fitness Tracker. Please read this manual carefully to ensure correct installation, proper use, and maintenance of your new band.

## PRODUCT FEATURES

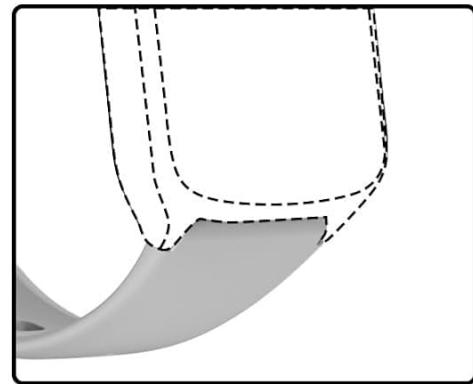

- High-Quality Material:** Constructed from flexible and durable elastomer material, featuring a surgical-grade stainless steel buckle.
- Practical Functionality:** Designed to be sweat, rain, splash, and water resistant, making it suitable for high-intensity workouts and continuous wear, including sleep tracking.
- Comfort and Ergonomics:** Engineered for a comfortable wearing experience, conforming to ergonomic principles.
- Personalization:** Available in various colors to match personal style and preferences.

Sweat and waterproof

Soft and Skin friendly

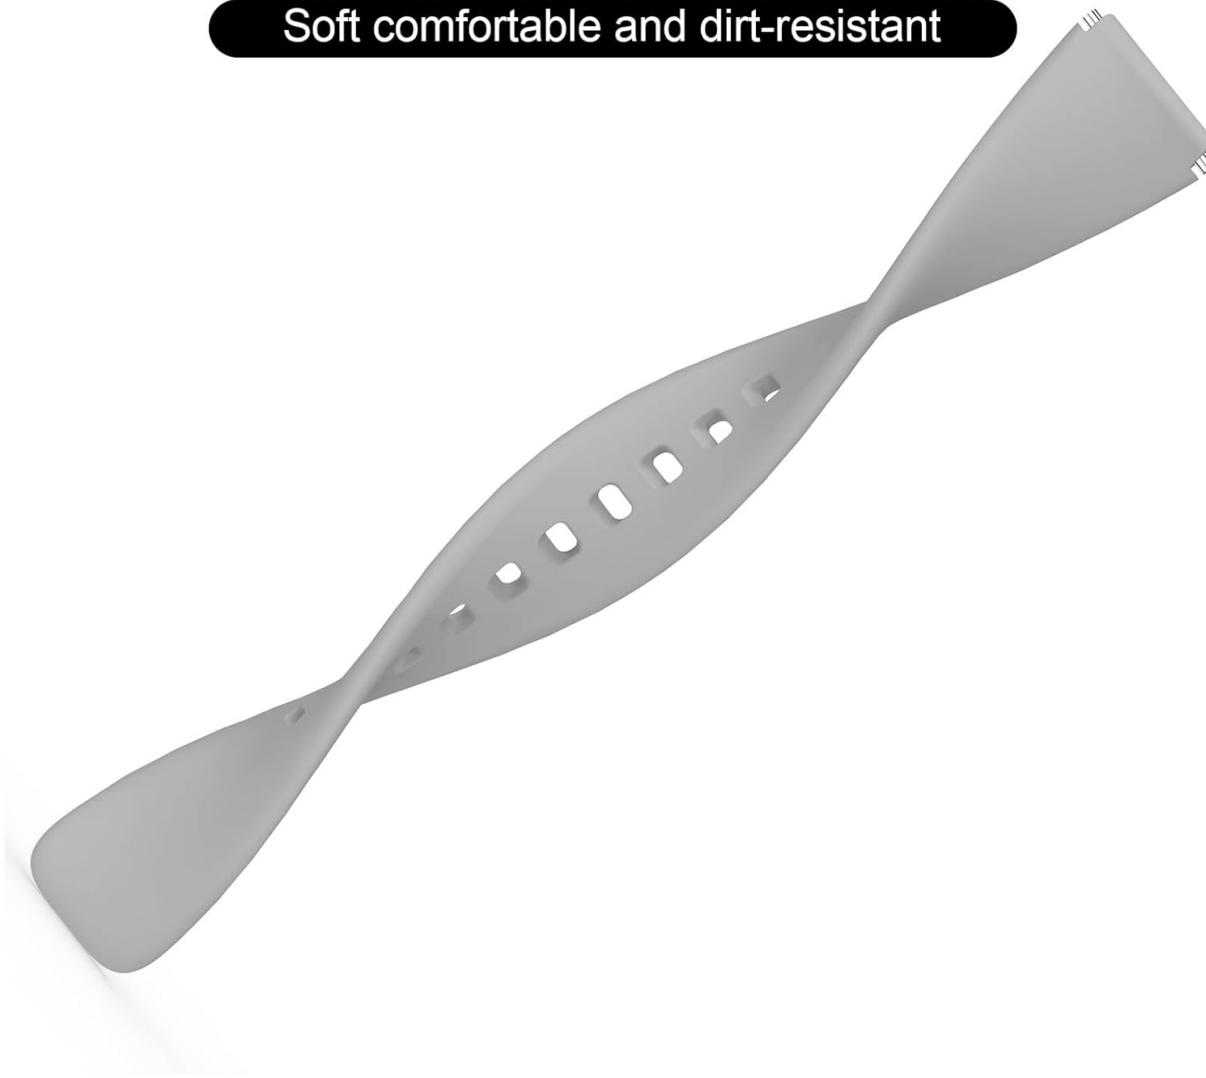

Seamless Fit

This image highlights the functional benefits of the band. The top panel shows water droplets, indicating its sweat and waterproof properties. The middle panel demonstrates the band's flexibility, signifying its soft and skin-friendly material.

The bottom panel illustrates how the band integrates smoothly with the tracker for a seamless fit.

# Advanced Silicone Material

Soft comfortable and dirt-resistant

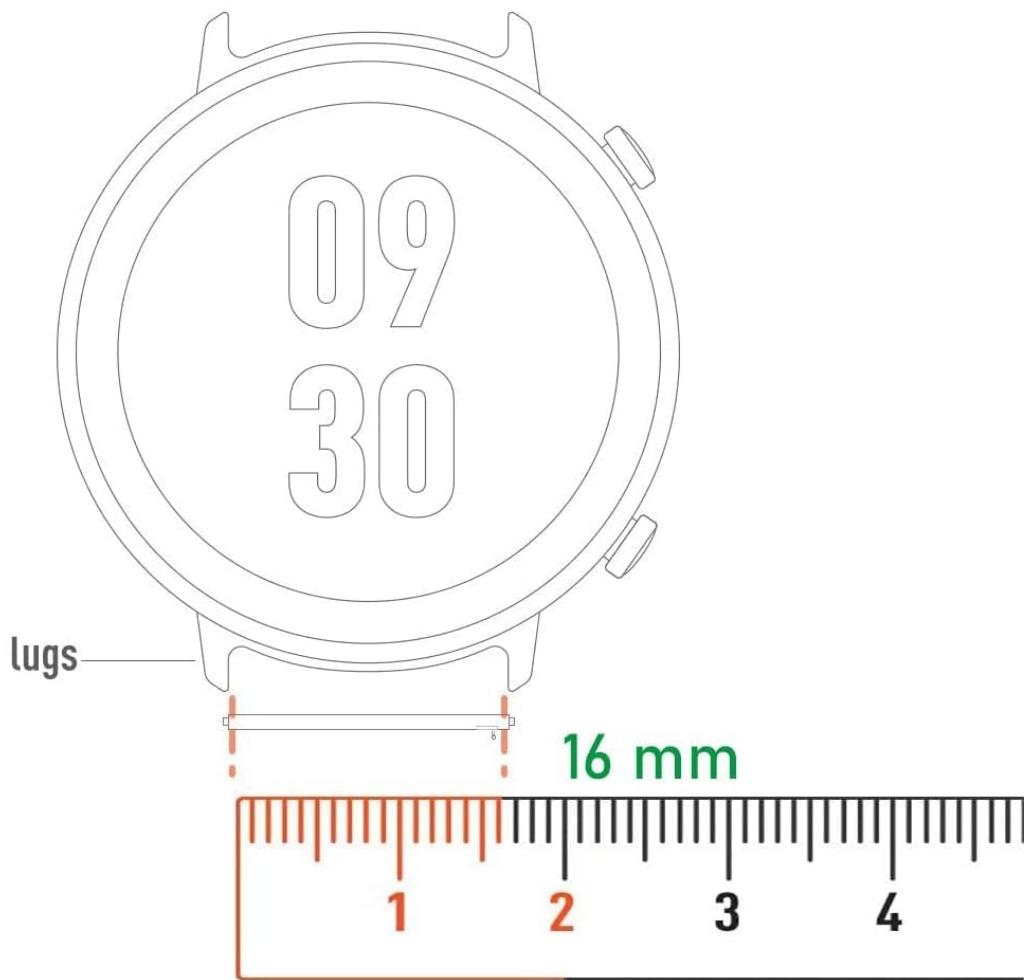

This image showcases the advanced silicone material of the band, emphasizing its flexibility and durability. The text overlay highlights its soft, comfortable, and dirt-resistant qualities.

## SETUP AND INSTALLATION

### 1. Verify Compatibility

Before installation, ensure your fitness tracker has a lug width of 16mm. This band is specifically designed for the D26 Fitness Tracker with this measurement.

# Measure distance between lugs in millimeters

To ensure proper fit, measure the distance between the lugs on your fitness tracker. This diagram shows a ruler indicating a 16mm measurement, confirming compatibility with this replacement band.

## 2. Band Installation

1. Locate the quick-release pins on your existing D26 fitness tracker band.
2. Carefully remove the old band by sliding the quick-release pins inward and detaching the band from the tracker module.
3. Align one end of the new Amzhero replacement band with the lug hole on the D26 tracker module.
4. Slide the quick-release pin on the new band inward and insert one end of the pin into the lug hole.
5. While holding the pin inward, align the other end of the pin with the opposite lug hole and release the pin. Ensure it clicks into place securely.
6. Gently tug on the band to confirm it is firmly attached to the tracker module.
7. Repeat the process for the other side of the band.

This image displays the Amzhero 16MM silicone replacement band in grey, designed to securely hold the D26 fitness tracker module. The tracker module is represented by a dashed outline, indicating where it fits into the band.

## OPERATING (WEARING THE BAND)

Once installed, wear the band comfortably on your wrist. Adjust the strap to a snug fit that is not too tight, allowing for proper blood circulation and accurate fitness tracking. The band's ergonomic design ensures comfort during daily activities and workouts.

## MAINTENANCE AND CARE

- **Cleaning:** Regularly clean the band with a soft, damp cloth. For deeper cleaning, use mild soap and water, then rinse thoroughly and dry completely before reattaching to your wrist.
- **Drying:** Although the band is water-resistant, it is recommended to dry it after exposure to sweat or water to prevent skin irritation and maintain its longevity.

- **Avoid Harsh Chemicals:** Do not expose the band to strong chemicals, solvents, or abrasive cleaners, as these can damage the silicone material.
- **Storage:** Store the band in a cool, dry place away from direct sunlight when not in use.

## TROUBLESHOOTING

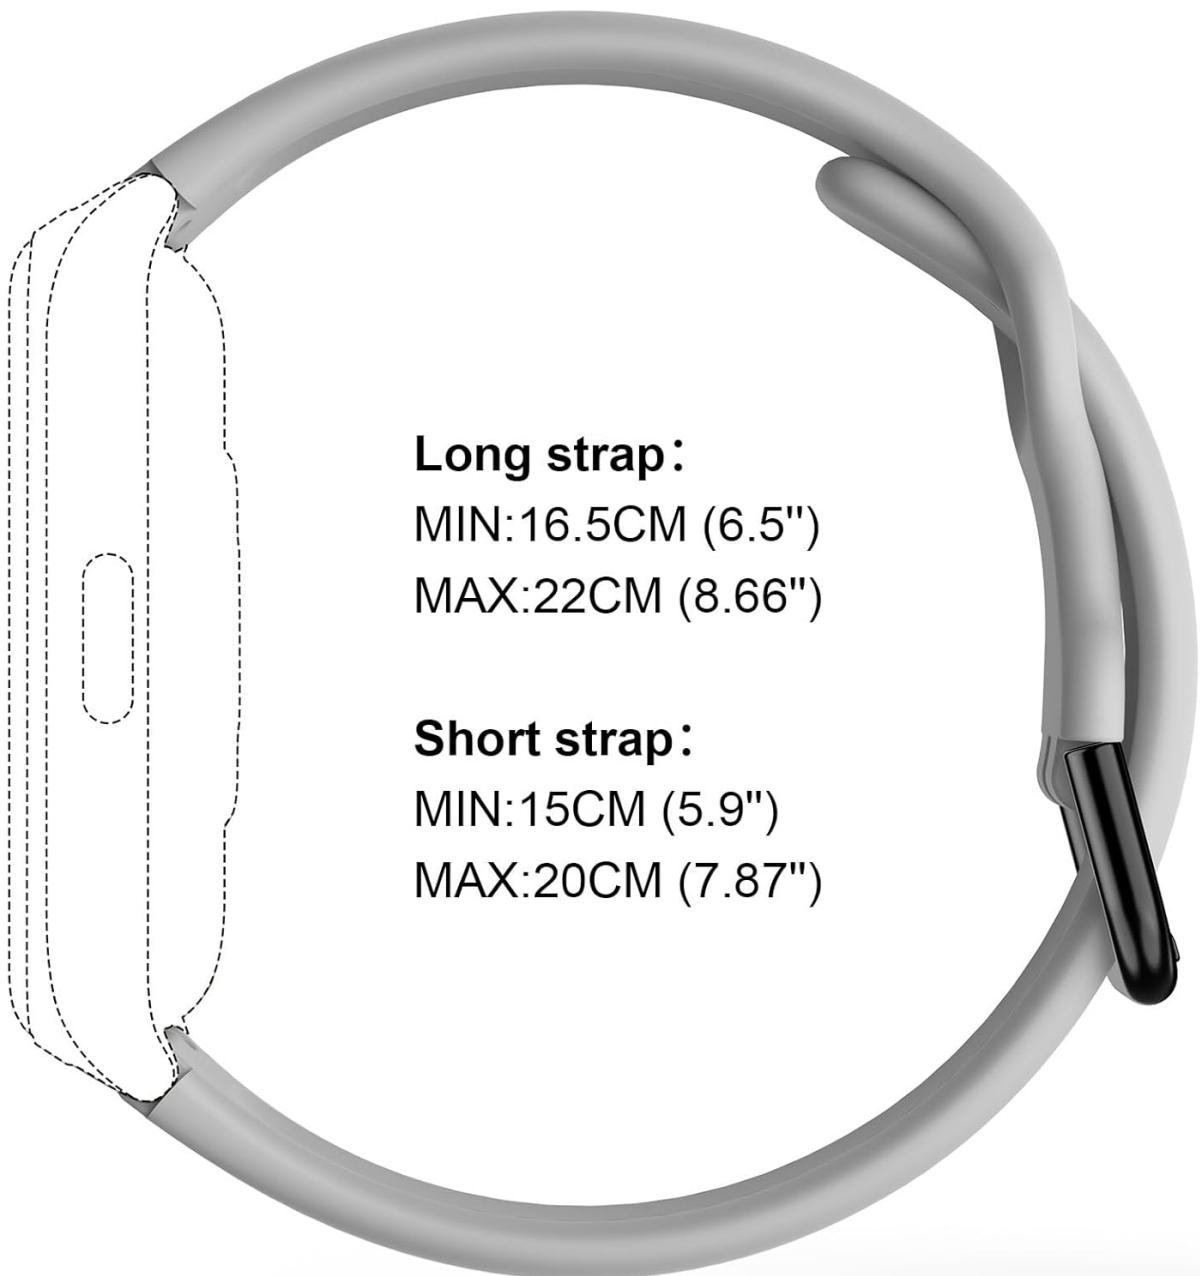

---

- **Band not attaching securely:** Ensure the quick-release pins are fully engaged in the lug holes. Check for any obstructions in the lug holes or on the pins.
- **Skin irritation:** If you experience skin irritation, ensure the band is clean and dry. Try adjusting the tightness of the band. If irritation persists, discontinue use and consult a healthcare professional.
- **Band feels too loose or too tight:** Utilize the multiple adjustment holes on the strap to find a comfortable and secure fit for your wrist. Refer to the strap length specifications.

## SPECIFICATIONS

---

Feature	Detail
Product Dimensions	7.87 x 2.68 x 0.31 inches (assembled); 0.71 ounces
Band Material	Silicone (Elastomer)
Buckle Material	Stainless Steel
Band Width	16mm
Long Strap Length (Adjustable)	Min: 16.5 cm (6.5"), Max: 22 cm (8.66")
Short Strap Length (Adjustable)	Min: 15 cm (5.9"), Max: 20 cm (7.87")
Compatibility	D26 Fitness Tracker (16MM lug width)

**Long strap:**

MIN:16.5CM (6.5")

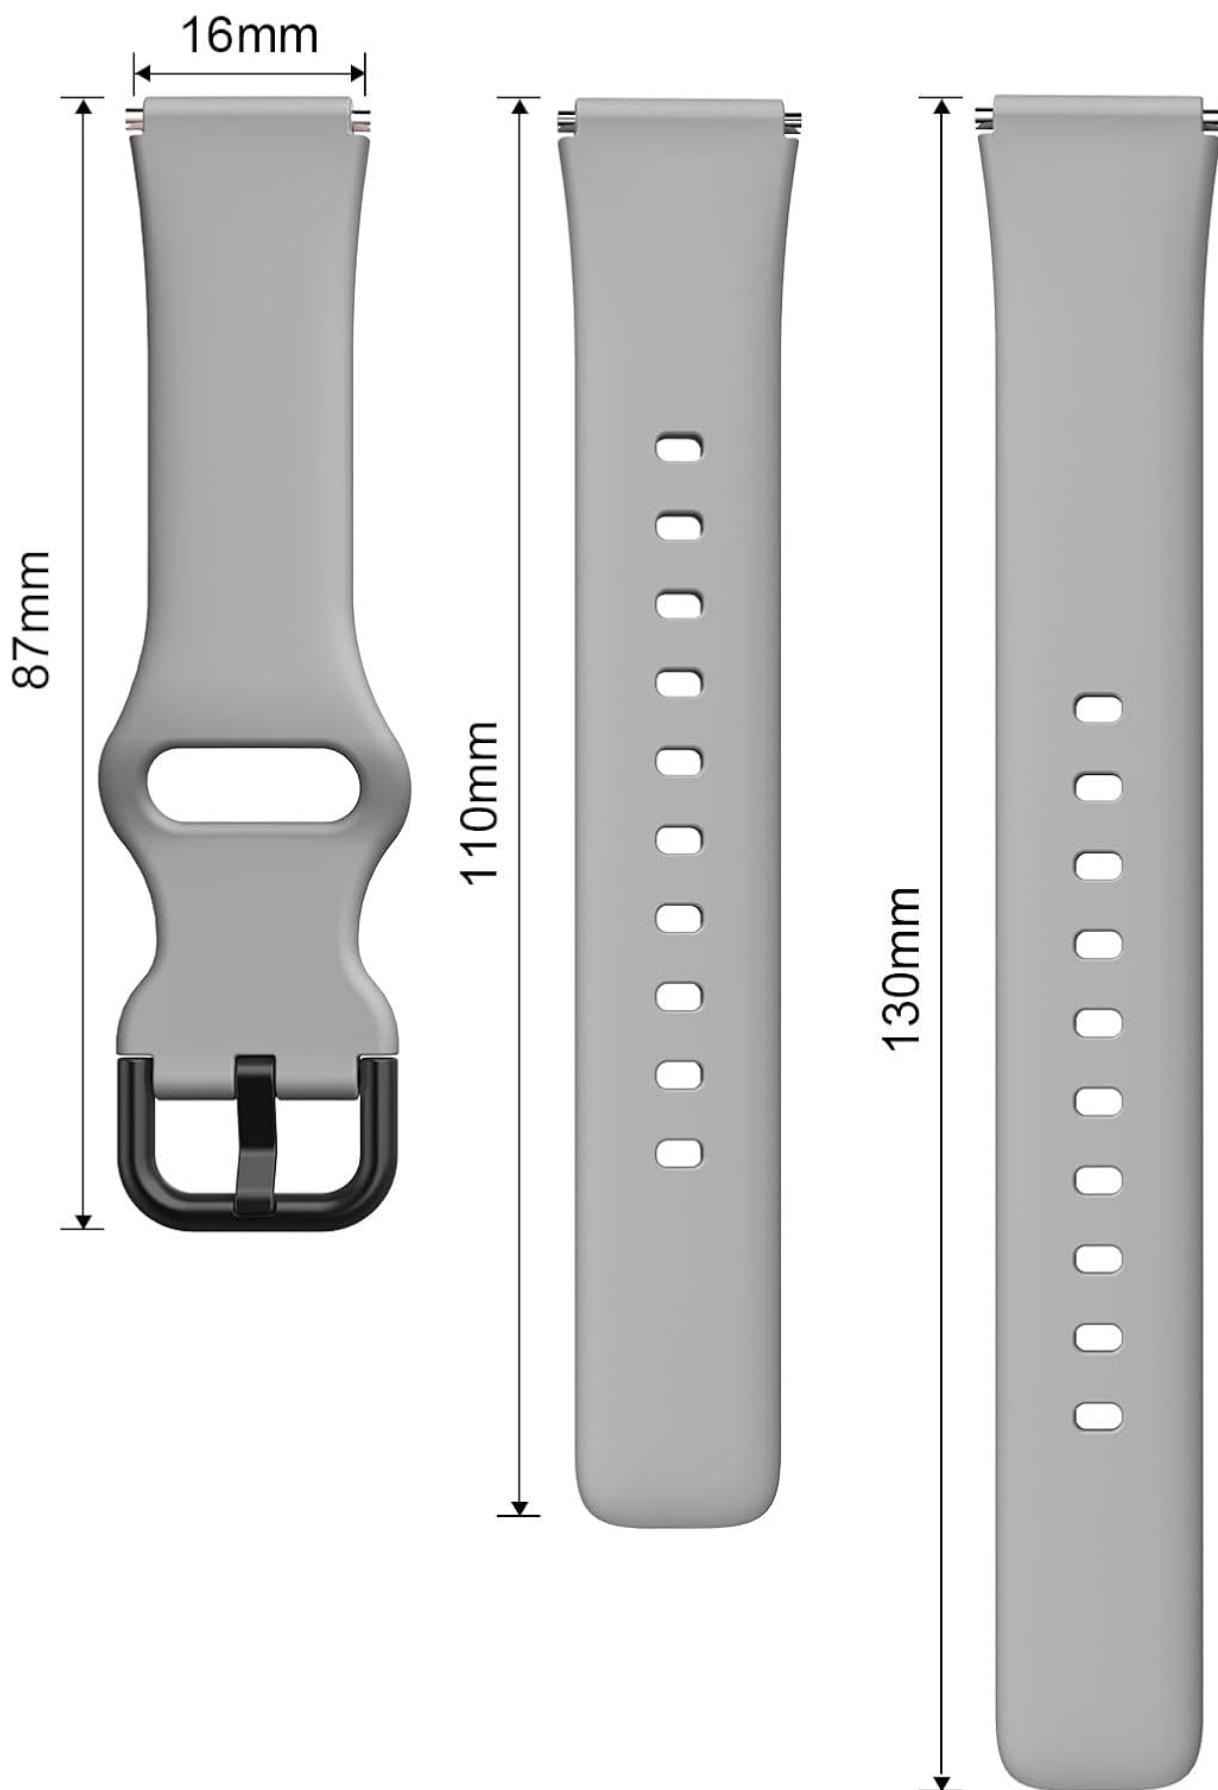

MAX:22CM (8.66")

**Short strap:**

MIN:15CM (5.9")

MAX:20CM (7.87")

This diagram provides precise measurements for the band components. It indicates a 16mm width and shows the lengths of the buckle strap (87mm) and the two parts of the adjustable strap (110mm and 130mm).

This image illustrates the adjustable length ranges for the band. The long strap adjusts from 16.5 cm (6.5 inches) to 22 cm (8.66 inches), and the short strap adjusts from 15 cm (5.9 inches) to 20 cm (7.87 inches), accommodating various wrist sizes.
