## ATOTO F7G110XED

# ATOTO F7XE 10-inch Car Stereo User Manual

Model: F7G110XED

Brand: ATOTO

## 1. PRODUCT OVERVIEW

---

The ATOTO F7XE is a versatile 10-inch car multimedia system designed for both single DIN and double DIN installations. It features wireless CarPlay and Android Auto, integrated DAB+ radio, Bluetooth connectivity, MirrorLink, and Live Rear View (LRV) capabilities. This manual provides essential information for installation, operation, and maintenance.

## 2. SETUP AND INSTALLATION

The F7G110XED supports adaptive single DIN mounting with its 10.1-inch display, and can also be installed as a double DIN unit using the included DIN pocket. The screen offers 3-way adjustability for optimal viewing angles.

### 2.1 Package Contents

Before installation, verify all components are present:

- Power Cable
- External Microphone
- Adaptive Cage (1x)
- DIN Pocket (1x)
- Mounting Brackets
- Screen Protector
- Mounting Screws

- Video Input/Output Extension Cable (1x)
- Wi-Fi Antenna
- ISO Connector
- DAB+ Antenna
- Autoradio Unit
- User Manual

Image: An overview of all components included in the ATOTO F7XE package, such as cables, antennas, mounting hardware, and the main unit.

## 2.2 Wiring and Connections

Ensure all wiring is correctly connected according to your vehicle's specifications and the provided wiring diagram. Incorrect wiring can damage the unit or your vehicle's electrical system.

- **Power Cable:** Connect to your vehicle's power supply.
- **External Microphone:** Plug into the designated microphone input for hands-free calling.
- **USB Ports:** Two USB ports are available. One is for Phone Link (CarPlay/Android Auto/MirrorLink), and the other is for external storage and media playback (supports up to 2TB SSD).
- **SD Slot:** Supports up to 512GB SD cards for media.
- **DAB+ Antenna:** Connect the included DAB+ antenna for digital radio reception.
- **Wi-Fi Antenna:** Connect for wireless connectivity features.
- **Rear Camera Input:** For connecting an optional ATOTO AC-HD02LR HD 720P rear camera for Live Rear View functionality.

## 2.3 Steering Wheel Controls

The unit supports retaining OEM steering wheel controls or using an ATOTO AC-44F5 wireless remote (sold separately).

- **OEM Controls:** Connect to the SWC wires on your vehicle (analogue signals).
- **3rd Party Interfaces:** A dedicated 3.5mm port is available for connecting steering wheel control

interfaces purchased from third parties.

- **ATOTO AC-44F5 Remote:** If OEM controls are not compatible, the optional ATOTO AC-44F5 wireless remote can be used.

**2** Dedicated 3.5mm port for SWC interfaces

**3** Use ATOTO AC-44F5 wireless remote

### 3. OPERATING INSTRUCTIONS

#### 3.1 Wireless CarPlay and Android Auto

The F7XE supports both wired and wireless CarPlay and Android Auto. This allows for seamless integration of your smartphone for navigation, music, calls, and other apps.

- **Connection:** Connect your iPhone for CarPlay or Android phone for Android Auto via USB for wired connection, or wirelessly via Bluetooth and Wi-Fi.
- **Functionality:** Navigate using maps, play music, make calls, send messages, and access compatible apps directly from the car stereo display.
- **Charging:** When using wired CarPlay/Android Auto, your phone's battery will charge.

### 3.3 DAB+ and FM/AM Radio

The F7XE includes an integrated DAB+ module and supports FM/AM radio with RDS. The included DAB+ antenna ensures access to digital radio stations.

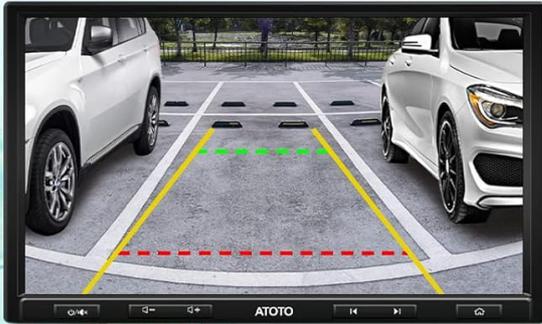

- **DAB+ Features:** Enjoy features like traffic announcements, service following, and program type information.
- **FM/AM:** Tune into traditional radio stations with RDS support for station information.

### 3.4 Live Rear View (LRV)

The LRV function provides a real-time rear view display at any time, enhancing driving safety. This feature requires the optional ATOTO AC-HD02LR HD 720P rear camera (not included).

### 3.5 Audio Settings

Customize your audio experience with the built-in 10-band equalizer, offering 7 preset options and a bass filter function. The unit provides a maximum output of 4\*49W and RMS output of 4\*29W.

## 4. MAINTENANCE

### 4.1 Screen Cleaning

To clean the QLED touch screen, gently wipe it with a soft, lint-free cloth. For stubborn smudges, use a screen cleaner specifically designed for electronic displays. Avoid abrasive materials or harsh chemicals.

### 4.2 Firmware Updates

ATOTO provides continuous firmware updates to improve system performance and add new features. It is recommended to regularly check for and install updates to ensure optimal functionality.

- Visit the ATOTO online support system ([resources.myatoto.com](https://resources.myatoto.com)) for update notifications and instructions.

- Follow the on-screen prompts carefully during the update process.

## 5. TROUBLESHOOTING

If you encounter issues with your ATOTO F7XE, refer to the following common troubleshooting steps. For more detailed assistance, consult the ATOTO online support system.

Problem	Possible Cause	Solution
No Power	Incorrect wiring, blown fuse, vehicle battery issue.	Check power connections, inspect fuses, verify vehicle battery health.
No Audio	Speaker wiring issue, incorrect audio settings, muted volume.	Verify speaker connections, check audio output settings, increase volume.
CarPlay/Android Auto Not Connecting	Incorrect USB cable, phone settings, software glitch.	Use a high-quality USB cable, ensure phone settings allow connection, restart phone and stereo.
Poor Radio Reception	Antenna not connected, weak signal area, damaged antenna.	Ensure antennas are properly connected, try in a different location, inspect antennas for damage.
