Package Contents

Please verify that all items are included in your package:

- 1 x QUVFHE 4-in-1 Wireless Charging Station
- 1 x Charging Cable (USB-C)
- 1 x QC3.0 Adapter
- 1 x User Guide

Product Overview

Familiarize yourself with the components of your charging station:

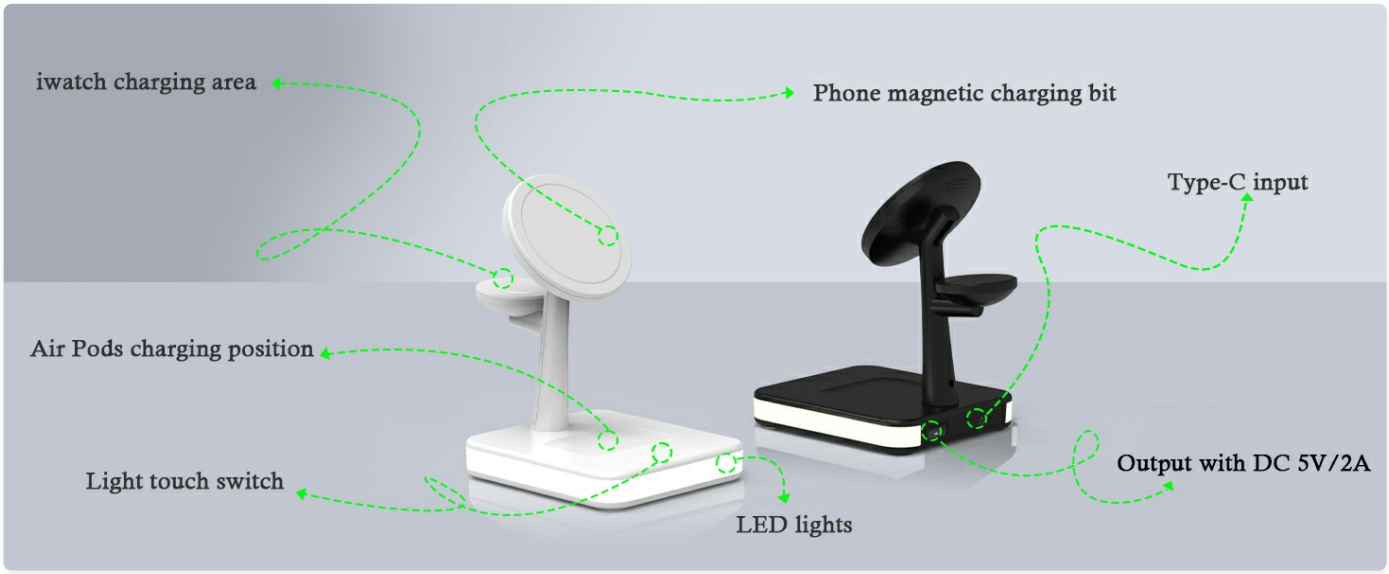

Figure 2: Labeled diagram of the 4-in-1 Wireless Charging Station components.

- **Phone Magnetic Charging Bit:** Top magnetic charging pad for iPhone 12 series and later.
- **iWatch Charging Area:** Dedicated charging area for Apple Watch.
- **AirPods Charging Position:** Base charging pad for AirPods (Mag-Safe Version).
- **Light Touch Switch:** Touch-sensitive area on the base to control the LED night light.
- **LED Lights:** Integrated light strip around the base.
- **Type-C Input:** Power input port for the charging station.
- **Output with DC 5V/2A:** Additional USB-A output port for charging other devices via cable.

Specifications

Feature	Detail
Model Number	SG-0502000AU
Input	QC3.0 Adapter (Included)
Phone Wireless Output	Up to 15W (for iPhone 12-16 Series)
Apple Watch Wireless Output	3W
AirPods Wireless Output	5W (for Mag-Safe Version)
Additional USB Output	DC 5V/2A
Dimensions	5.08 x 4.76 x 3.43 inches
Item Weight	9.9 ounces
Color	Black
Special Features	Magnetic, Compact, Travel, Adjustable LED Night Light

Compatibility

The QUVFHE 4-in-1 Wireless Charging Station is designed for wide compatibility with Apple devices:

- **iPhone:** Compatible with iPhone 16/15/14/13/12 Series (Mag-Safe compatible). Not recommended for phone cases thicker than 5mm.
- **Apple Watch:** Compatible with Apple Watch Series 10/Ultra 2/Ultra/9/8/7/6/5/4/3/2/SE/SE 2.*Note: Not for other smartwatches.*
- **AirPods:** Compatible with AirPods 4/3/2 Mag-Safe Version, AirPods Pro.*Note: Not for AirPods 3/2 Lightning Version.*

Setup Instructions

1. **Connect Power:** Insert the provided USB-C charging cable into the Type-C input port on the back of the charging station. Connect the other end of the cable to the included QC3.0 adapter, then plug the adapter into a wall outlet.
2. **Power On:** The LED light on the base will briefly illuminate, indicating the station is powered on and ready for use.
3. **Place Devices:**
    - **iPhone:** Place your Mag-Safe compatible iPhone onto the top magnetic charging pad. The phone will snap into place. Ensure the phone is centered for optimal charging.
    - **Apple Watch:** Place your Apple Watch onto the dedicated iWatch charging area. The watch will magnetically align and begin charging.
    - **AirPods:** Place your AirPods (Mag-Safe Version) charging case onto the AirPods charging position on the base.
4. **Additional Device Charging:** If you have another device to charge via cable, connect it to the USB-A output port on the back of the charging station using its own charging cable.

Figure 4: The charging station supports up to four devices simultaneously, including one via the rear USB-A port.

Operating Instructions

Charging Devices

Once devices are correctly placed on their respective charging areas, charging will begin automatically. The charging status can be monitored on your device screens.

- **Magnetic Alignment:** The strong built-in magnets ensure precise alignment for efficient wireless charging of your iPhone.
- **Flexible Viewing:** Your iPhone can be placed horizontally or vertically on the magnetic charging pad, allowing for comfortable viewing of content while charging.

Figure 5: iPhone charging in horizontal orientation, ideal for watching videos or browsing.

Using the LED Night Light

The charging station features an adjustable LED night light integrated into its base:

- **Activation:** Gently touch the "Light Touch Switch" area on the base to turn the LED light on.
- **Brightness Adjustment:** The light has two brightness levels. Touch the switch again to cycle through the brightness settings.

- **Turn Off:** Touch the switch a third time to turn the LED light off.

Figure 6: The integrated LED night light provides soft illumination.

Maintenance

To ensure the longevity and optimal performance of your charging station, follow these maintenance guidelines:

- **Cleaning:** Disconnect the power adapter before cleaning. Use a soft, dry cloth to wipe the surface of the charging

station. Do not use abrasive cleaners, solvents, or harsh chemicals.

- **Storage:** When not in use for extended periods, store the charging station in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Keep the device away from water and other liquids.
- **Handle with Care:** Avoid dropping or subjecting the charging station to strong impacts.

Troubleshooting

If you encounter issues with your charging station, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not charging wirelessly.	◦ Incorrect device placement. ◦ Phone case too thick (over 5mm). ◦ Device not compatible (e.g., non-Mag-Safe AirPods, other smartwatches). ◦ Power adapter not connected or faulty.	◦ Ensure device is centered on the charging pad. ◦ Remove thick phone cases. ◦ Verify device compatibility as per the "Compatibility" section. ◦ Check power connections; try a different outlet.
LED light not working.	◦ Not powered on. ◦ Touch switch not activated correctly.	◦ Ensure the charging station is connected to power. ◦ Gently tap the "Light Touch Switch" area on the base.
Slow charging.	◦ Using a non-QC3.0 adapter. ◦ Background apps consuming power. ◦ Device overheating.	◦ Use the included QC3.0 adapter. ◦ Close unnecessary apps on your device. ◦ Ensure proper ventilation around the charging station.

If the problem persists after trying these solutions, please contact customer support.

Safety Information

Please observe the following safety precautions:

- Do not disassemble or modify the product.
- Keep away from high temperatures, humidity, and corrosive environments.
- Avoid placing metal objects or foreign materials on the charging pads, as this may interfere with charging or cause overheating.
- Do not use the product if it is damaged.
- Keep out of reach of children.

Warranty and Support

Your QUVFHE 4-in-1 Wireless Charging Station comes with a 12-month after-sales support period from a professional wireless charging R&D team.
For any questions, technical assistance, or warranty claims, please contact QUVFHE customer support through the platform where you purchased the product.
