Maupvit Large Shoe Storage Cabinet with 4 Flip Drawers Instruction Manual

Model: J9P002HS0M

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Maupvit Large Shoe Storage Cabinet with 4 Flip Drawers. Please read all instructions carefully before beginning assembly or use to ensure safe and proper functionality.

IMPORTANT SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in injury or damage to the product.

- Always secure the cabinet to the wall using the anti-tipping device provided to prevent tipping and protect children's safety.
- Do not overload the cabinet, as this may cause instability and tipping.
- Keep small parts away from children during assembly to prevent choking hazards.
- Ensure all screws and fasteners are tightened securely before use. Periodically check and re-tighten as necessary.
- Do not stand or climb on the cabinet.
- Place the cabinet on a flat, stable surface.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Cabinet panels (various sizes)
- 4 Flip Drawers with Metal Hinges
- Wooden Legs (5 pieces)
- Assembly Hardware (screws, dowels, anti-tipping device)

- Metal Handles (4 pieces)
- Adjustable/Removable Internal Panels

SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to have two people for assembly. Please follow the steps below carefully.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list.
2. **Attach Wooden Legs:** Secure the 5 wooden legs to the base of the cabinet using the designated screws. Ensure they are tightened firmly for stability.
3. **Assemble Cabinet Frame:** Follow the diagram in the separate assembly guide to connect the main cabinet panels. Use dowels and screws as indicated.
4. **Install Flip Drawers:** Attach the metal hinges to the flip drawers and then secure the drawers into the cabinet frame. Ensure smooth operation.
5. **Insert Internal Panels:** Each flip drawer contains two layers of storage space. The internal panel can be adjusted or removed using the two grooves to accommodate different shoe heights.
6. **Attach Handles:** Secure the metal handles to the front of each flip drawer.
7. **Secure to Wall (Crucial):** Attach the anti-tipping device to the top rear of the cabinet and secure it to a wall stud using appropriate hardware. This step is essential for safety.

OPERATION

Storing Shoes

- Gently pull the metal handle of a flip drawer to open it. The drawer will tilt forward, revealing two storage compartments.
- Place shoes into the compartments. For optimal space utilization, place shoes with the toes facing inwards.
- Adjust the internal panel if necessary to accommodate taller shoes like heels or mid-boots. The panel can also be removed entirely for larger items or boots.
- To close, push the drawer back into the cabinet until it is flush with the cabinet front.

Top Surface Usage

The top surface of the cabinet features a fence to prevent items from falling. It is suitable for placing lightweight decorative items, keys, or small potted plants.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth to prevent dust buildup.
- **Inspection:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if any looseness is detected.
- **Avoid Moisture:** Do not expose the cabinet to excessive moisture or direct sunlight, which can cause warping or fading.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet is wobbly.	Loose fasteners or uneven floor.	Ensure all screws are tightened. Adjust the cabinet's position on a level surface or use shims under the legs if necessary. Verify the anti-tipping device is securely installed.
Flip drawers do not open/close smoothly.	Hinges are misaligned or obstructed.	Check hinge alignment and ensure no shoes or objects are blocking the mechanism. Re-adjust hinges if needed.
Shoes do not fit in compartments.	Internal panel is set too high or shoes are too bulky.	Adjust the internal panel to a lower groove or remove it entirely for larger shoes. Place shoes with toes facing inwards for maximum space.

SPECIFICATIONS

- **Brand:** Maupvit
- **Model:** J9P002HS0M
- **Color:** Black
- **Product Dimensions:** 9.45"D x 47.24"W x 41.34"H
- **Material:** High-quality MDF wood, Metal legs, Metal handles
- **Number of Drawers:** 4 (each with 2 layers of storage)
- **Capacity:** Up to 32-40 pairs of shoes (depending on size and type)
