- **Powerful Siphon Jet:** Ensures a strong, clean flush every time.

5. MAINTENANCE

Regular cleaning and maintenance will ensure your HOROW toilet remains hygienic and functions optimally.

5.1 Cleaning the Toilet

- The one-piece, seamless design of the toilet makes it exceptionally easy to clean. Use a soft cloth and mild, non-abrasive cleaners.
- Avoid harsh chemicals or abrasive pads that could damage the ceramic surface.
- For the bidet seat, wipe down with a damp cloth and mild soap.

Figure 5.1: The sleek, one-piece design simplifies cleaning and maintenance.

5.2 Nozzle Self-Cleaning

- The stainless steel bidet nozzle automatically cleans itself before and after each use, ensuring hygienic operation.

5.3 Soft-Close Seat

- The soft-close feature of the toilet seat prevents slamming, reducing noise and wear. Avoid forcing the seat down.

6. TROUBLESHOOTING

If you encounter any issues with your HOROW T0338W toilet, please refer to the following general advice. For specific problems not listed here, or if issues persist, contact HOROW customer support.

- **No Power to Bidet Seat:** Ensure the toilet is properly plugged into a functioning electrical outlet. Check the circuit breaker.
- **Bidet Functions Not Working:** Verify that the smart seat sensor detects your presence. Ensure water supply is connected and the shut-off valve is open.
- **Weak Flush:** Check water supply pressure. Ensure the dual flush buttons are pressed fully.
- **Leaking:** Inspect all connections for tightness. Check the wax ring seal at the base of the toilet.
