Lippert Bamboo/Hammer Grey Roll Top Camping Table

Model: 2023053727

INTRODUCTION

This manual provides instructions for the safe and proper use, setup, and maintenance of your Lippert Bamboo/Hammer Grey Roll Top Camping Table. Please read these instructions thoroughly before using the product and retain them for future reference.

SAFETY INFORMATION

WARNING:

- Always ensure the table is placed on a stable, level surface before use.
- Do not exceed the maximum weight capacity of 80 lbs (36.3 kg). Overloading can cause the table to collapse, leading to injury or damage.
- Exercise caution when adjusting the table height to prevent pinching or instability. Ensure all locking mechanisms are securely engaged after adjustment.
- Keep children and pets away from the table during setup and adjustment.

OPERATING INSTRUCTIONS

The Lippert Roll Top Camping Table is designed for outdoor use, providing a stable surface for various activities such as dining, food preparation, or holding items during camping, picnics, and backyard gatherings.

- **Weight Capacity:** The table has a maximum weight capacity of 80 lbs (36.3 kg). Distribute weight evenly across the tabletop.
- **Surface Stability:** Always ensure the table is on a firm, level surface to prevent tipping. If on uneven ground, adjust the individual leg heights to achieve stability.
- **Portability:** When not in use, the table can be easily folded and stored in its zippered carry bag for convenient transport.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your camping table.

- **Cleaning:** Wipe the table surfaces with a dry or damp cloth after each use. For stubborn dirt, use a mild soap solution and rinse thoroughly. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Drying:** Ensure the table is completely dry before folding and storing to prevent rust on metal components and preserve the bamboo.
- **Storage:** Store the table in its zippered carry bag in a dry, protected area when not in use.
- **Inspection:** Periodically inspect all components, including the frame, tabletop slats, and leg locking mechanisms, for any signs of wear or damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Table is wobbly or unstable.	Uneven ground; legs not fully extended or locked; uneven weight distribution.	Move table to a level surface. Ensure all leg locking mechanisms are engaged. Adjust individual leg heights if on uneven terrain. Redistribute items on the tabletop.
Tabletop slats do not sit flat.	Tabletop not properly attached to the frame.	Ensure the tabletop is fully unrolled and securely fastened to the frame at all connection points.
Difficulty folding/unfolding.	Mechanisms are stiff or obstructed.	Ensure no debris is obstructing the folding joints. Apply a silicone-based lubricant to moving parts if necessary (avoid oil-based lubricants on bamboo).
Legs do not adjust smoothly.	Dirt or debris in the leg adjustment mechanism.	Clean the leg adjustment mechanisms. Ensure release buttons are fully depressed during adjustment.
