Beautyrest Black Series Three 15.25" Medium Queen Mattress Instruction Manual

Brand: Beautyrest | Model: 700812412-1050

INTRODUCTION

This manual provides essential information for the setup, use, and maintenance of your Beautyrest Black Series Three 15.25" Medium Queen Mattress. Experience advanced temperature management technology, Micro Diamond Memory Foam, and Triple-Stranded Pocketed Coil Technology for conforming support and motion separation. Self-Response Latex offers specialized responsive pressure relief, contouring to your body's unique pressure points while maximizing airflow for cool sleep. With premier materials and advanced sleep technology, Beautyrest Black aims to provide an extraordinarily comfortable sleep experience.

SETUP AND UNBOXING

Unboxing Your Mattress

Your Beautyrest Black mattress is delivered compressed and rolled in a box for convenient shipping. Carefully remove the mattress from its packaging. Place the rolled mattress on your bed frame or foundation before removing the final plastic wrapping.

Initial Decompression

Once the plastic wrapping is removed, the mattress will begin to expand. Allow up to 72 hours for the mattress to fully decompress and reach its intended shape and firmness. While you can sleep on it sooner, waiting the full 72 hours ensures optimal performance and comfort.

KEY FEATURES AND TECHNOLOGY

Triple-Stranded Pocketed Coil Technology

This technology offers an advanced level of individualized support and motion separation. Each coil works independently to conform to your body's unique shape, reducing motion transfer and allowing for undisturbed sleep.

Responsive Pressure Relief

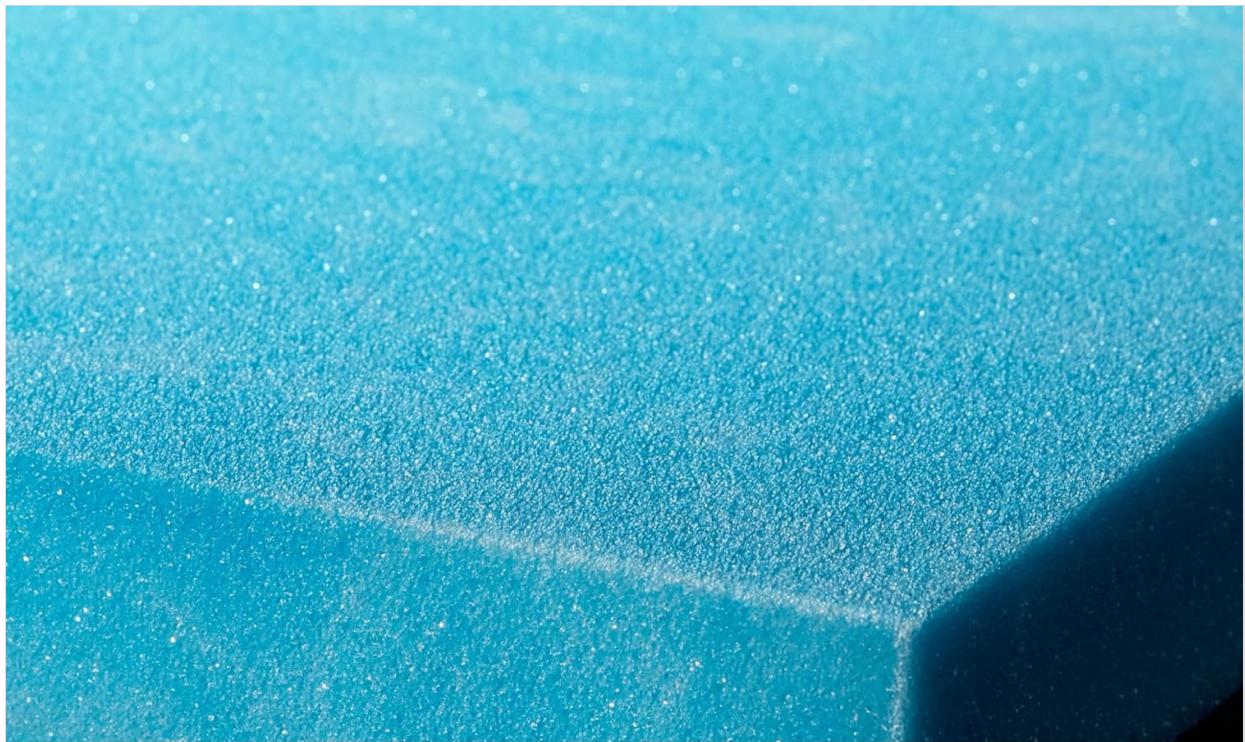

The mattress incorporates Self-Response Latex and SurfaceTouch Gel Memory Foam. The latex layer contours to relieve pressure points and maximizes airflow. The gel memory foam is quilted into the mattress surface for immediate and advanced pressure relief, adapting to your body's curves.

Advanced Temperature Management

Cooling yarn is woven into the mattress surface, topping a layer of specialized vertical fibers to help transfer heat away from your body throughout the night. Additionally, Micro Diamond Memory Foam, infused with diamond particles, is designed to enhance heat transfer for a cooler sleep environment.

CARE AND MAINTENANCE

Proper care will extend the life and performance of your mattress:

- **Mattress Protector:** We highly recommend using a mattress protector to shield your mattress from stains and spills. This also contributes to the overall health and lifespan of your mattress.
- **Avoid Liquids:** Do not apply liquids directly to the mattress. Liquids can stain the fabric and worsen soiled areas. Moisture or chemicals applied directly can cause premature breakdown of the foam and damage the product.
- **Cleaning Stains:** For soiled areas, apply baking soda, let it stand for approximately 15 minutes, then vacuum. Repeat as needed. Air out the product as much as possible.
