Beautyrest Black Series One 14.5" Plush Pillow Top Full Mattress User Manual

Model: 700812406-1030

Introduction

This manual provides essential information for the setup, use, maintenance, and care of your Beautyrest Black Series One 14.5" Plush Pillow Top Full Mattress. Please read these instructions carefully to ensure optimal performance and longevity of your mattress.

Product Features

The Beautyrest Black Series One mattress is designed for advanced comfort and support, incorporating several key technologies:

- **Triple-Stranded Pocketed Coil Technology:** Provides individualized support and minimizes motion transfer for undisturbed sleep.
- **Temperature Management:** Specialized vertical fibers and surface-cooling technology help dissipate heat away from the body.
- **GelTouch Foam:** Offers comfort, support, and promotes airflow for breathability.
- **Contouring Foam:** Adapts to your body shape for pressure relief.
- **CertiPUR-US Certified Foams:** Ensures foams meet rigorous standards for content, emissions, and durability.

Setup Instructions

1. **Unpacking:** Carefully remove all packaging materials from the mattress. Avoid using sharp objects that could damage the fabric.
2. **Placement:** Position the mattress on a suitable bed base. Compatible bases include:
    - Box Spring or Foundation
    - Platform Bed
    - Wooden Slats (ensure slats are no more than 2-3 inches apart for proper support)
    - Adjustable Base

Image: A visual guide depicting four types of bed bases (Box Spring, Platform, Wooden Slats, Adjustable Base) that are compatible with the Beautyrest mattress.

3. **Allow for Acclimation:** While not a compressed mattress, allow a few hours for the mattress to fully settle and for any new product odors to dissipate in a well-ventilated room.

Operating and Usage Guidelines

Your Beautyrest Black Series One mattress is designed to provide a comfortable and supportive sleep experience.

- **Initial Adjustment:** It may take a few weeks for your body to adjust to the new mattress, especially if your previous mattress was significantly different.
- **Even Wear:** To promote even wear and extend the life of your mattress, rotate it 180 degrees every 3-6 months. This mattress is designed to be single-sided, so flipping is not required.
- **Support:** Ensure your mattress is always placed on a sturdy, supportive base to maintain its structural integrity and warranty validity.

Maintenance and Care

Proper care will help maintain the quality and extend the lifespan of your Beautyrest mattress.

- **Mattress Protector:** It is highly recommended to use a mattress protector to shield your mattress from stains, spills, and allergens. This is crucial for maintaining the overall health and lifespan of your mattress.
- **Cleaning Spills:**
  - Do not apply liquids directly to the mattress. Applying liquids can stain the fabric and worsen the soiled area.
  - Moisture or chemicals applied directly can cause premature breakdown of the foam and damage the product.
  - For spills, blot immediately with a clean, dry cloth.
  - For soiled areas, apply baking soda, let it stand for approximately 15 minutes, then vacuum thoroughly. Repeat as needed.
  - After cleaning, air out the product as much as possible in a well-ventilated area.
- **Avoid Jumping:** Do not jump on the mattress, as this can damage the internal components and void the warranty.
- **Ventilation:** Periodically air out your mattress by removing bedding to allow for air circulation.

Troubleshooting

If you encounter any issues with your mattress, consider the following:

- **New Mattress Odor:** A new mattress may have a slight "new product" odor. This is normal and typically dissipates within a few days in a well-ventilated room.
- **Comfort Adjustment:** It can take up to 30-60 nights for your body to fully adjust to the feel of a new mattress. This is a normal acclimation period.
- **Sagging/Indentation:** Ensure your mattress is on a proper, supportive base. Minor body impressions are normal and indicate the comfort layers conforming to your body. Significant sagging may indicate a warranty issue (see Warranty section).
- **Noise:** If you hear unusual noises, check that the mattress is properly seated on its base and that the bed frame is stable.

For issues not resolved by these steps, please refer to the Warranty & Support section.

Specifications

Brand	Beautyrest
Model Number	700812406-1030
Product Dimensions	74.5"L x 53"W x 14.5"Th (Full Size)
Item Weight	89 pounds
Top Style	Plush Pillow Top
Fill Material	Memory Foam, Pocketed Coils
Cover Material	Polyester Blend
Number of Layers	7
Coil Type	Pocketed Coil
Special Features	Breathable, Edge Support, Low Motion Transfer, Pressure Relief, Temperature Regulating
