

VOLT PLUS TECH TG01

User Manual: Portable Bluetooth Earbuds

Model: TG01
Brand: VOLT PLUS TECH

PRODUCT OVERVIEW

These Portable Bluetooth Earbuds, Model TG01, from VOLT PLUS TECH are designed for wireless audio playback and communication. They feature Bluetooth 5.0 connectivity, CVC 8.0 intelligent noise reduction, and an IPX4 waterproof rating, making them suitable for various activities including sports. The earbuds come with a portable charging case that includes a digital LED display for battery level indication and can provide extended usage time.

PACKAGE CONTENTS

- Portable Bluetooth Earbuds (Left and Right)
- Portable Charging/Storage Case with Digital LED Display
- USB-C Charging Cable
- Two different size earbud tips (small, large)
- User Manual (this document)

SETUP AND FIRST USE

1. Charging the Earbuds and Case

Before first use, ensure both the earbuds and the charging case are fully charged. Connect the provided USB-C cable to the charging case and a compatible USB power source. The LED display on the case will indicate the charging status and battery level. The earbuds charge automatically when placed inside the case.

Image: A close-up view of the charging case's LED digital display, showing the battery level clearly.

2. Pairing with Your Device

Follow these steps for initial pairing:

1. Remove both earbuds from the charging case. They will automatically power on. A blue indicator light will flash. Alternatively, press and hold the touch panel on both earbuds for 3 seconds to power them on.
2. After powering on, you will hear voice prompts, and both earbuds will flash blue and red indicators alternatively, indicating they are in pairing mode.
3. Wait until both earbuds pair with each other. Once paired, the left earbud will flash blue and red alternatively, and you will hear a voice prompt "pairing", meaning the earbuds are ready to pair with your device.

4. On your mobile device, go to Bluetooth settings and enable Bluetooth. Search for "JS25" in the list of available devices.
5. Select "JS25" to pair and connect. Once successfully connected, the earbuds will prompt "Connected".
6. Once your device and earbuds are successfully connected, your earbuds will auto-connect to the previously paired device when they are turned on and Bluetooth is enabled on your device.
7. If you cannot pair the earbuds, place them back in the charging case and repeat the previous steps.

1. remove both earbuds from the charging case or touch the panel on both earbuds for 3 seconds, and wait for the earbuds to automatically power on.

2. after power on you will hear voice prompts and both earbuds will flash blue and red indicator alternatively.

3. wait until both earbuds pair with each other. once paired left earbuds will flash blue and red indicator alternatively.

4. you will hear a voice prompt 'pairing' which means that earbuds are 'ready to pair'. please enable bluetooth function on your device and search for 'Mytrack' to connect.

5. once your device and earbuds are successfully connected your earbuds will auto-connect to the previously paired device (if bluetooth is enabled) when they are turned on.

6. if you cannot pair the earbuds place them back in the case and repeat the previous steps.

QUICK PAIRING

**Seamless
Single and Dual
Earbuds Switch**

Noise Reduction (CVC 8.0)

The earbuds incorporate CVC 8.0 intelligent noise reduction technology to minimize ambient noise during calls and music playback, enhancing clarity. This feature is active automatically.

MAINTENANCE

Cleaning

Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents. For earbud tips, remove them and clean with a damp cloth, ensuring they are completely dry before reattaching.

Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the device in a cool, dry place away from direct sunlight and extreme temperatures.

Water Resistance (IPX4)

The earbuds are IPX4 waterproof, meaning they are resistant to splashing water from any direction. They are suitable for use during workouts or light rain. **Note: The charging case is NOT waterproof.** Do not submerge the earbuds or the charging case in water.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not powering on.	Low battery; not removed from case correctly.	Charge the earbuds and case. Ensure earbuds are fully removed from the case.
Earbuds not pairing with device.	Bluetooth off; earbuds not in pairing mode; interference.	Ensure Bluetooth is enabled on your device. Place earbuds back in case, then remove to re-enter pairing mode. Move closer to your device.
Only one earbud working.	Earbuds not paired with each other; low battery on one earbud.	Place both earbuds back in the case, then remove them together to re-establish connection. Ensure both are charged.
Poor sound quality or disconnections.	Distance from device; interference; low battery.	Move closer to your device. Avoid obstacles. Charge earbuds.
Touch controls not responding.	Temporary software glitch; dirty touch panel.	Restart earbuds by placing them in the case and taking them out. Clean the touch panel.
