## SETUP

1. **Unpack the Folder:** Carefully remove the flip folder and its components from the packaging.

2. **Insert Sheet Music:**

- Open the two detachable rings by gently pulling them apart at the clasp points.
- Slide your sheet music into the clear PVC inner pages. Each page can hold one sheet of music.
- Once all desired music sheets are inserted, close the rings securely. Ensure the rings are fully closed to prevent pages from falling out.

3. **Attach to Instrument Lyre (Optional):**

- Locate the grooved bottom panel on the flip folder.
- Align this groove with the clip or holder of your instrument's lyre stand.
- Securely attach the flip folder to the lyre stand. Ensure it is stable and will not detach during movement.

**Note: An instrument lyre is not included with this product.**

## OPERATING INSTRUCTIONS

The Starfavor Flip Folder is designed for ease of use during performances and practice sessions.

- **Page Turning:** Gently flip the pages as needed during your performance. The smooth PVC pages and ring binding allow for quick and silent page turns.
- **Visibility:** The clear PVC pages ensure your sheet music remains visible and protected from environmental elements like moisture or smudges.
- **Stability:** When attached to a lyre, the folder provides a stable platform for your music, preventing it from flapping or falling, especially during marching or outdoor events.

## MAINTENANCE

---

- **Cleaning:**

- Wipe the plastic exterior and PVC pages with a soft, damp cloth.
- For stubborn marks, a mild soap solution can be used, followed by wiping with a clean, damp cloth and then drying thoroughly.
- Avoid abrasive cleaners or harsh chemicals, as these can damage the material.

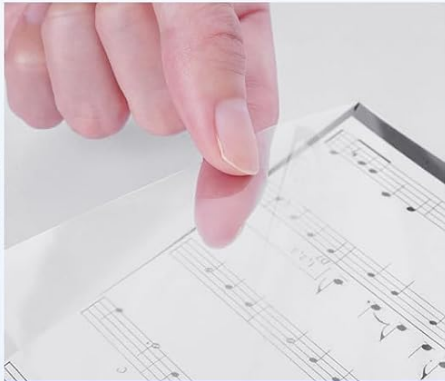

- **Storage:** Store the flip folder in a cool, dry place away from direct sunlight to prevent material degradation over time.

- **Inspection:** Periodically check the rings and pages for any signs of wear or damage. Replace the folder if significant damage is observed to ensure continued protection of your music.

## TROUBLESHOOTING

| Problem                      | Possible Cause                                    | Solution                                                                                                                    |
|------------------------------|---------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Music pages fall out.        | Rings are not securely closed or are damaged.     | Ensure the detachable rings are fully closed. If rings are damaged, the folder may need replacement.                        |
| Folder is unstable on lyre.  | Improper attachment to lyre or incompatible lyre. | Verify the folder's groove is correctly seated on the lyre clip. Ensure your lyre is compatible with standard flip folders. |
| Pages are difficult to turn. | Excessive number of pages or pages are stuck.     | Reduce the number of pages if overloaded. Ensure pages are not bent or creased, which can hinder smooth turning.            |

| Problem                                              | Possible Cause                | Solution                                                                                                                   |
|------------------------------------------------------|-------------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Sheet music appears blurry or unclear through pages. | Pages are dirty or scratched. | Clean the PVC pages as described in the Maintenance section. If heavily scratched, visibility may be permanently affected. |
