

KTENTITO G6-B

KTENTITO G6-B Zero Gravity SL-Track Shiatsu Massage Chair Instruction Manual

Model: G6-B

1. IMPORTANT SAFETY INSTRUCTIONS

Please read and understand all safety instructions before operating the KTENTITO G6-B massage chair. Failure to follow these instructions may result in injury or damage to the product.

- Always read and follow the safety instructions provided with the product.
- Do not use the chair if you are pregnant, have a heart condition, or any other medical condition that could be affected by heat or massage. Consult your physician before use if you have any health concerns.
- Keep children and pets away from the chair when in use.
- Do not exceed the maximum weight capacity of 320 pounds (145 kg).
- Always turn off the chair and unplug it from the power outlet when not in use or before cleaning.
- Ensure the power cord is not damaged or pinched.
- Do not attempt to repair or disassemble the chair yourself. Contact qualified service personnel for any repairs.

2. PRODUCT OVERVIEW

The KTENTITO G6-B massage chair is designed to provide a comprehensive and relaxing full-body massage experience. It integrates advanced features such as Zero Gravity recline, a 52-inch SL-Track, AI voice control, and various massage techniques to target different areas of the body.

Key Features:

- **Zero Gravity Recline:** Elevates legs above the heart to reduce spinal pressure.
- **52-inch SL-Track:** Provides massage from the neck to the thighs, enhancing flexibility with Thai yoga stretch mode.
- **AI Voice Control:** Hands-free operation using voice commands.
- **LED Backlit Touchscreen:** Intuitive control panel for easy operation in any lighting.
- **Bluetooth Joystick & Phone Mount:** Convenient control of your phone and screen positioning.
- **Wireless Phone Charging:** Integrated charging pad for compatible devices.
- **Waist & Calf Heating:** Promotes blood circulation and muscle relaxation.
- **Full-Body Airbag Massage:** Airbags in shoulders, arms, hips, legs, and feet relieve tension.
- **8 Massage Techniques & 12 Preset Modes:** Customizable massage options for various needs.
- **Auto Body Scan:** Detects shoulder position for personalized massage.

3. SETUP

The KTENTITO G6-B massage chair comes fully assembled and factory-tested, requiring no complex setup. Follow these steps for initial placement and power connection.

3.1 Unboxing and Placement

- Carefully remove the chair from its packaging.
- Ensure the doorway width is at least 30 inches (76.2 cm) to accommodate the chair during movement.
- Place the chair on a flat, stable surface, ensuring adequate clearance around it for recline and operation.

Figure 2: Moving the Massage Chair

3.2 Power Connection

- Locate the power cord at the back of the chair.
- Plug the power cord securely into a grounded electrical outlet.
- Ensure the power switch (if present) is in the 'ON' position.

4. OPERATING INSTRUCTIONS

This section details how to operate your KTENTITO G6-B massage chair, covering its various functions and controls.

4.1 Power On/Off

- To power on the chair, press the main power button located on the side control panel.
- To power off, press and hold the same button until the chair returns to its upright position and shuts down.

4.2 AI Voice Control

The chair features AI voice recognition for hands-free operation.

- Activate the voice assistant by saying "Hello Zeena".
- Once activated, you can issue commands such as "heating on" or "mode switch" to control various functions.

4.5 Wireless Phone Charging

A wireless charging pad is integrated into the armrest for convenient charging of compatible devices.

- Simply place your compatible smartphone on the designated charging area on the armrest.
- Ensure your phone is properly aligned for charging to begin.

4.6 Zero Gravity Function

Activate the Zero Gravity recline to elevate your legs above your heart, promoting deeper relaxation and reducing spinal pressure.

- Press the dedicated Zero Gravity button on the control panel or use voice command to initiate the recline.
- The chair will automatically adjust to a position that minimizes the effects of gravity on your body.

One-Touch Zero Gravity

Reduce Spinal Pressure and Improve Circulation

Figure 6: One-Touch Zero Gravity Recline

4.7 SL-Track Massage & Body Scanning

The 52-inch SL-track guides the massage rollers from your neck to your thighs, providing comprehensive coverage. The auto-scan technology ensures a personalized massage.

- Before each session, the chair performs an auto-scan to detect your shoulder position and body shape.
- This allows the massage elements to adjust for optimal positioning and effectiveness.

53" Super-Long SL-Track Massage Chair

Adjustable Rollers • Full Spine Coverage

Figure 9: 8 Manual Massage Modes and Heating Zones

4.9 Heating Functions

The chair provides targeted heating for the waist and calves to enhance relaxation and soothe muscles.

- Activate waist and calf heating through the control panel or voice commands.

4.10 Full-Body Airbag Massage

Airbags strategically placed throughout the chair provide compression massage.

- Airbags in the shoulders, arms, hips, legs, and feet inflate and deflate to relieve tension and muscle fatigue.
- Adjust the airbag strength to one of three levels.

Figure 10: Full-Body Airbag Massage

4.11 Foot Roller Massage

The footrest features 3-row foot rollers for deep relaxation of the soles.

- The foot rollers provide a kneading massage to the feet.
- The footrest can extend up to 5.12 inches to accommodate different user heights.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your massage chair.

5.1 Cleaning

- Always unplug the chair before cleaning.
- Wipe clean the faux leather surfaces with a soft, damp cloth.
- Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the material.
- Ensure the chair is completely dry before plugging it back in and using it.

5.2 Storage

- When not in use for extended periods, unplug the chair and store it in a cool, dry place away from direct sunlight.
- Cover the chair with a dust cover to protect it from dust and debris.

6. TROUBLESHOOTING

If you encounter any issues with your massage chair, refer to the following common troubleshooting tips. If the problem persists, please contact customer support.

6.1 Chair Not Responding

- Check if the power cord is securely plugged into both the chair and the electrical outlet.
- Ensure the main power switch is in the 'ON' position.
- Try unplugging the chair for 30 seconds and then plugging it back in to reset the system.

6.2 Shoulder Height Adjustment Issues

- Ensure you are following the instructions on the touchscreen for shoulder adjustment.
- If the auto-scan is not detecting correctly, try repositioning yourself in the chair.
- If manual adjustment is unresponsive, try restarting the chair.

6.3 Unusual Noises

- Some operational noises are normal for massage chairs.
- If you hear loud or unusual grinding/clunking noises, immediately stop using the chair and unplug it. Contact customer support.
