2. Package Contents

Please verify that all items are present in your package:

- Ergonomic Backlit Wireless Keyboard (White & Black) x 2
- Six-button Backlit Wireless Mouse (White & Black) x 2
- Type-C Charging Cable x 2
- User Manual x 2
- USB-A Dongle x 2
- Packaging Box x 2

3. Setup

3.1. Connecting the Combo

The SABLUTE Wireless Keyboard and Mouse Combo utilizes 2.4G wireless technology for a stable and lag-free connection. Both devices connect via a single USB-A dongle.

1. Locate the USB-A dongle, typically stored in the mouse or keyboard battery compartment.
2. Insert the USB-A dongle into an available USB port on your computer or laptop.
3. Ensure both the keyboard and mouse are powered on. They should automatically connect to your device within a few seconds.

3.2. Charging the Devices

Both the keyboard and mouse are rechargeable. Use the provided Type-C charging cable to charge them.

1. Connect the Type-C end of the charging cable to the charging port on the keyboard or mouse.

2. Connect the USB-A end of the charging cable to a USB power source (e.g., computer USB port, USB wall adapter).
3. An indicator light on the device will show charging status. Once fully charged, the light may change or turn off.

6 BUTTON MOUSE

15 Light Effects Switchable and Closeable

Image: The keyboard and mouse connected via Type-C charging cables, illustrating the power-saving features and smart sleep mode for extended standby time.

4. Operating Instructions

4.1. Keyboard Backlight Control

The keyboard features 7+1 backlight colors and 3 backlight modes to customize your workspace ambiance.

- To switch backlight colors or modes, press the dedicated backlight control key (refer to keyboard layout for exact location, often near function keys).
- To turn off the backlight, press and hold the backlight control key or cycle through the modes until it deactivates.

ERGONOMIC PALM REST

Reduce Wrists Fatigue And Pain

Image: Three different backlit moods of the keyboard are displayed: Solid Color Static Backlight, RGB Rainbow Wave Effect, and Cycle Ripple Backlight, demonstrating the customizable lighting options.

4.2. Mouse Backlight Control

The mouse also features color backlighting with 15 light effects.

- Press the dedicated backlight switch button on the mouse to cycle through the light effects or turn them off.

8.78" LARGE PHONE & TABLET HOLDER

Hold Your Device To Assist With Multitasking

4.3. Ergonomic Design and Phone Holder

The keyboard is designed with an extra-large wrist rest (2.8" widest edge) to provide ergonomic support and reduce wrist fatigue. It also includes a built-in phone/tablet holder for multitasking convenience.

- Position your wrists comfortably on the integrated wrist rest during use.
- Place your smartphone or tablet (up to 8.78" in width) into the designated slot at the top of the keyboard.

4.4. Mouse DPI Adjustment

The mouse features a DPI switch button to adjust cursor sensitivity (800/1200/1600 DPI).

- Press the DPI switch button (located near the scroll wheel) to cycle through the available DPI settings.

5. Maintenance

5.1. Cleaning

To maintain the appearance and functionality of your keyboard and mouse:

- Use a soft, dry, lint-free cloth to wipe down the surfaces.
- For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- Do not use harsh chemicals, solvents, or abrasive cleaners.

5.2. Battery Care

The built-in rechargeable batteries are designed for long-term use. To prolong battery life:

- Charge the devices fully before first use.
- Avoid completely draining the battery frequently.

- If the devices will not be used for an extended period, charge them to about 50% before storage.
- The devices feature a smart sleep mode to conserve power when idle. Press any key to reactivate.

6. Troubleshooting

If you encounter issues with your SABLUTE Wireless Keyboard and Mouse Combo, please refer to the following common solutions:

Problem	Possible Solution
Keyboard/Mouse not responding	• Ensure the USB-A dongle is securely plugged into a working USB port. • Check if the keyboard and mouse are powered on. • Recharge the keyboard and mouse if their batteries are low. • Try plugging the dongle into a different USB port. • Restart your computer.
Backlight not working	• Ensure the device is charged. • Press the backlight control key on the keyboard/mouse to activate or cycle through modes.
Lag or intermittent connection	• Ensure the devices are within the 33ft operating range of the dongle. • Move the dongle to a USB port closer to the keyboard/mouse. • Avoid placing the dongle near other wireless devices or large metal objects that may cause interference.
