**TC-HOMENY HF0000115**

# TC-HOMENY 3-Tier 5-Gallon Water Jug Holder Instruction Manual

Model: HF0000115

## INTRODUCTION

---

Thank you for choosing the TC-HOMENY 3-Tier 5-Gallon Water Jug Holder. This product is designed to provide an organized and space-saving solution for storing your 5-gallon water jugs. Its robust construction and versatile top shelf make it suitable for various environments, including homes and offices. This manual provides comprehensive instructions for assembly, operation, and maintenance to ensure optimal use and longevity of your water jug holder.

## PACKAGE CONTENTS

---

Before beginning assembly, please verify that all components listed below are present and undamaged. Refer to the assembly instruction sheet included in the package for detailed part identification.

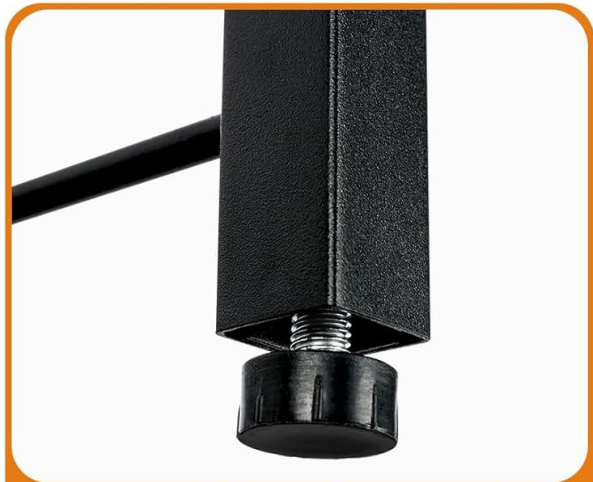

**Wooden Tabletop: Waterproof and put other items**

**Easy Set-Up: Use tools to assemble racks, and tighten the screws**

**Robust Steel Structure: Stronger load-bearing capacity**

**Adjustable Rubber Feet: Protect floor and help balance**

Image: All components of the water jug holder laid out for assembly, including the metal frame pieces, wooden top, various screws, and the provided screwdriver.

- Main Frame Sections (Left and Right)
- Curved Water Jug Supports (2 pieces)
- Wooden Tabletop (1 piece)
- Adjustable Rubber Feet (4 pieces)
- Assembly Screws and Bolts (various sizes, labeled A, B, C, D, E)
- Screwdriver (1 piece)
- Assembly Instruction Sheet (1 piece)

## ASSEMBLY INSTRUCTIONS

---

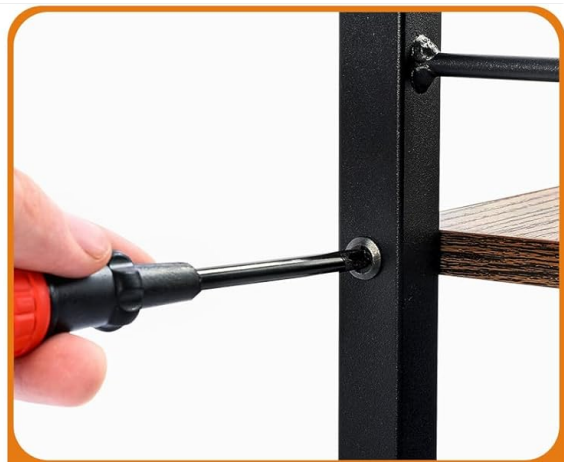

Assembly of the TC-HOMENY Water Jug Holder is straightforward and requires minimal tools, all of which are provided. Please follow these steps carefully:

### 1. Step 1: Attach Adjustable Feet

Screw the four adjustable rubber feet (Part E) into the bottom of the main frame sections. Ensure they are securely tightened to provide stability and protect your floor.

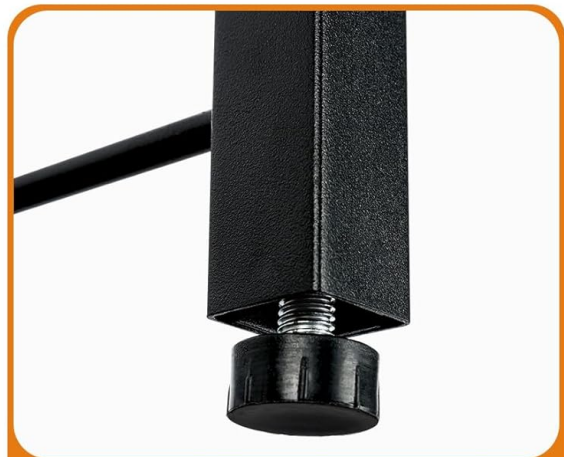

**Wooden Tabletop: Waterproof and put other items**

**Easy Set-Up: Use tools to assemble racks, and tighten the screws**

**Robust Steel Structure: Stronger load-bearing capacity**

**Adjustable Rubber Feet: Protect floor and help balance**

Image: Detail showing the adjustable rubber feet, designed to protect floors and provide stability, being attached to the frame (bottom right of image).

## 2. Step 2: Assemble Frame Sections

Connect the two main frame sections using the designated screws (refer to your assembly instruction sheet for specific screw types and locations). Ensure all connections are firm but do not overtighten initially.

## 3. Step 3: Install Water Jug Supports

Attach the two curved water jug supports to the frame at the indicated positions. These supports are designed to cradle 5-gallon water jugs securely. Use the appropriate screws and the provided screwdriver.

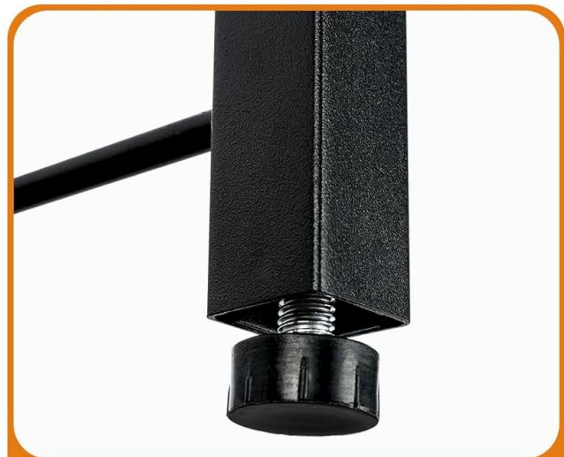

**Wooden Tabletop: Waterproof and put other items**

**Easy Set-Up: Use tools to assemble racks, and tighten the screws**

**Robust Steel Structure: Stronger load-bearing capacity**

**Adjustable Rubber Feet: Protect floor and help balance**

Image: A hand using the provided screwdriver to tighten a screw during the assembly of the rack, highlighting the easy setup process (top right of image).

#### 4. Step 4: Secure Wooden Tabletop

Place the wooden tabletop onto the uppermost frame. Secure it in place using the provided screws. This tabletop serves as a stable surface for a water dispenser, coffee machine, or an additional water jug.

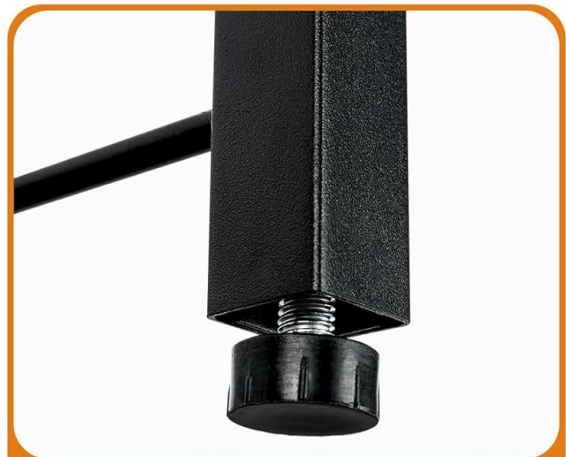

**Wooden Tabletop: Waterproof and put other items**

**Easy Set-Up: Use tools to assemble racks, and tighten the screws**

**Robust Steel Structure: Stronger load-bearing capacity**

**Adjustable Rubber Feet: Protect floor and help balance**

#### **5. Step 5: Final Tightening and Stability Check**

Once all components are in place, carefully tighten all screws. Ensure the stand is stable and level. Adjust the rubber feet if necessary to eliminate any wobbling.

The completed stand provides storage for two 5-gallon jugs on the lower tiers and a stable platform for one on the top shelf.

## OPERATING INSTRUCTIONS

---

Using your TC-HOMENY Water Jug Holder is simple:

- **Placing Water Jugs:** Carefully lift and place 5-gallon water jugs onto the curved supports on the lower tiers. Ensure they are seated securely.
- **Using the Top Shelf:** The wooden tabletop can hold a 5-gallon water jug with a pump, a water dispenser, a coffee machine, or other small appliances. The anti-slip handle on the tabletop helps keep items in place.
- **Capacity:** The holder is designed to accommodate up to three 5-gallon bottles (two on lower tiers, one on top). The maximum load capacity is 150 lbs.

# Large Storage Space

Wooden tabletop design, maximize the use of storage space

## MAINTENANCE

---

To maintain the appearance and functionality of your water jug holder:

- **Cleaning:** Wipe down the metal frame and wooden tabletop with a damp cloth. Avoid abrasive cleaners that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Placement:** For indoor use only. Avoid prolonged exposure to direct sunlight or excessive moisture to preserve the wooden tabletop and metal finish.

## TROUBLESHOOTING

---

- **Wobbling Stand:** If the stand feels unstable, ensure all screws are fully tightened. Adjust the individual rubber feet at the bottom to level the stand on uneven surfaces.
- **Difficulty Assembling:** Double-check the assembly instruction sheet to ensure all parts are correctly oriented and the correct screws are used for each connection. If a part appears bent or damaged, do

not force it. Contact customer support if parts are damaged.

- **Water Jugs Not Fitting:** Ensure you are using standard 5-gallon water jugs. The curved supports are specifically designed for this size.

## SPECIFICATIONS

---

<b>Model Number</b>	HF0000115
<b>Brand</b>	TC-HOMENY
<b>Material</b>	Alloy Steel
<b>Color</b>	Brown
<b>Product Dimensions (D x W x H)</b>	12"D x 14.15"W x 31.5"H
<b>Number of Shelves</b>	3 (including top shelf)
