amazon basics Foldable QWERTY Keyboard User Manual

Model: ABTK01

INTRODUCTION

This manual provides essential instructions for the setup, operation, maintenance, and troubleshooting of your amazon basics Foldable QWERTY Keyboard (Model ABTK01). This portable Bluetooth keyboard is designed for universal compatibility with iOS, Android, and Windows devices, including tablets and smartphones, offering a convenient and efficient typing experience on the go.

Key features include a compact, foldable design, a full QWERTY layout, Bluetooth connectivity with a one-touch pairing button, and a long-lasting rechargeable battery.

PACKAGE CONTENTS

- amazon basics Foldable QWERTY Keyboard (ABTK01)
- USB Charging Cable
- User Manual

PRODUCT OVERVIEW

UNIVERSAL CONNECTIVITY

Works with iOS, Android, and Windows devices.

Image: The amazon basics Foldable QWERTY Keyboard shown in its fully unfolded state, displaying the complete QWERTY key layout.

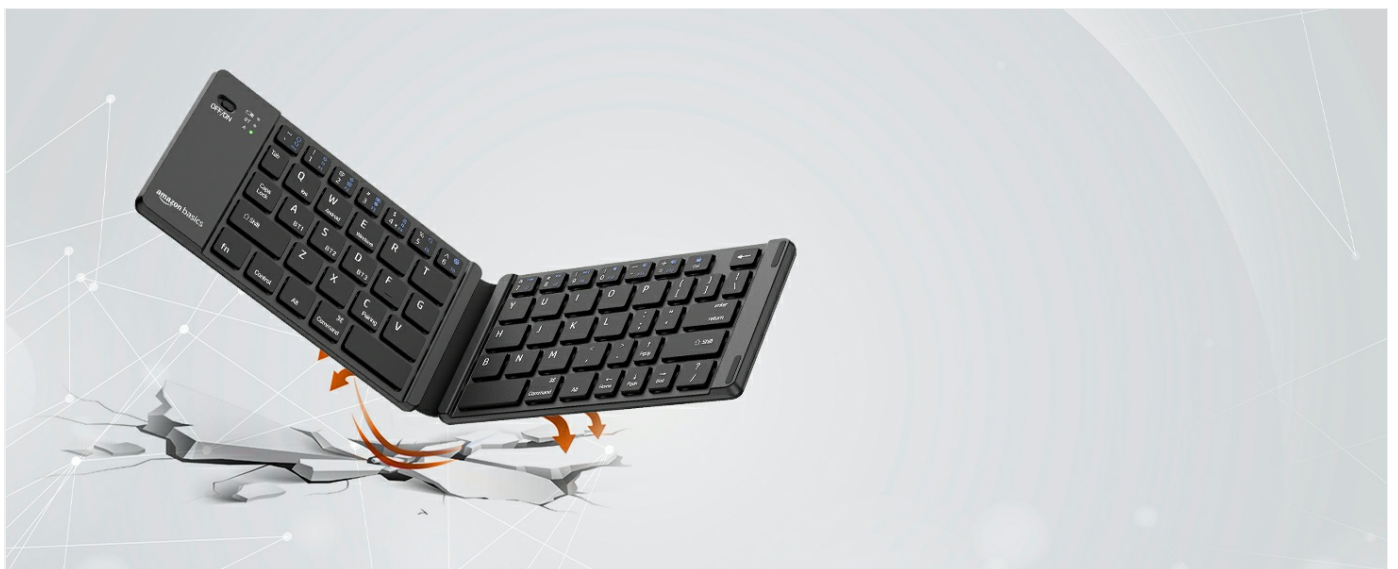

Image: The keyboard with an overlay indicating its 140mAh battery capacity and 110 hours of battery life.

The keyboard features a compact, foldable design for easy portability. When unfolded, it provides a full QWERTY layout for comfortable typing. It includes an ON/OFF switch and dedicated keys for Bluetooth pairing and operating system selection (iOS, Android, Windows).

SETUP

1. Charging the Keyboard

Before initial use, fully charge the keyboard. Connect the provided USB charging cable to the keyboard's charging port and the other end to a USB power source (e.g., computer USB port, USB wall adapter). The charging indicator light will illuminate during charging and turn off when fully charged. A full charge takes approximately 2 hours and 28 minutes and provides up to 110 hours of working time.

2. Powering On/Off

Locate the ON/OFF switch on the side or top edge of the keyboard. Slide the switch to the 'ON' position to power on the keyboard. Slide it to 'OFF' to power it down when not in use to conserve battery.

3. Bluetooth Pairing

Image: The keyboard connected to various devices, illustrating its universal compatibility with iOS, Android, and Windows operating systems.

1. Ensure the keyboard is charged and powered on.
2. Press the dedicated Bluetooth pairing button (often labeled 'Pairing' or with a Bluetooth icon) on the keyboard. The Bluetooth indicator light will start blinking, indicating it is in pairing mode.
3. On your device (tablet or smartphone), go to the Bluetooth settings.
4. Search for available Bluetooth devices. You should see 'amazon basics Keyboard' or a similar name appear in the list.
5. Select the keyboard from the list to connect. Your device may prompt you to enter a code displayed on the screen; type this code on the keyboard and press Enter.
6. Once successfully paired, the Bluetooth indicator light on the keyboard will stop blinking and remain solid or turn off, depending on the model.

The keyboard supports multiple Bluetooth connections (BT1, BT2, BT3). To switch between paired devices, press the corresponding BT key (e.g., Fn + BT1) for the desired device.

4. Selecting Operating System Mode

To optimize key functions for your specific device, select the correct operating system mode:

- For iOS devices: Press **Fn + iOS** key.
- For Android devices: Press **Fn + Android** key.
- For Windows devices: Press **Fn + Windows** key.

OPERATING INSTRUCTIONS

Basic Typing

TRAVEL-FRIENDLY DESIGN

Compact, foldable, and pocket-sized
for easy portability

Image: A user's hands positioned over the unfolded keyboard, actively typing while connected to a tablet.

Once connected, the keyboard functions like a standard QWERTY keyboard. Simply open a text editor or any application requiring text input on your device and begin typing.

Function Keys (Fn Combinations)

Many keys have secondary functions accessible by holding down the **Fn** key and pressing the desired function key. Refer to the key labels for specific functions such as media control, volume adjustment, or screen brightness.

For example, to use the Escape key on some operating systems, you might need to press **Fn + Windows + Esc**, as noted by some users.

MAINTENANCE

General Care

- Keep the keyboard away from liquids, humidity, extreme temperatures, direct sunlight, flames, and sharp objects.
- Recharge the keyboard regularly for optimal battery performance and longevity.
- Clean the keyboard with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- When folding the keyboard, ensure no debris is caught in the hinge mechanism.

TROUBLESHOOTING

Keyboard Not Connecting via Bluetooth

- **Ensure Keyboard is On and Charged:** Verify the ON/OFF switch is in the 'ON' position and the battery has sufficient charge.
- **Re-enter Pairing Mode:** Press the Bluetooth pairing button on the keyboard to make it discoverable again.
- **Check Device's Bluetooth:** Ensure Bluetooth is enabled on your tablet or smartphone.
- **Forget Device and Re-pair:** If previously paired, go to your device's Bluetooth settings, 'forget' or 'unpair' the keyboard, then attempt the pairing process again from step 3 in the Setup section.
- **Restart Devices:** Restart both the keyboard (power off and on) and your connecting device.
- **Interference:** Move away from other wireless devices that might cause interference.

Keyboard Not Charging

- **Check Cable and Port:** Ensure the USB charging cable is securely connected to both the keyboard and the power source. Try a different USB cable or power adapter.
- **Power Source:** Verify the USB power source is functional (e.g., try charging another device with it).
- **Charging Indicator:** Observe the charging indicator light. If it does not illuminate, there might be an issue with the cable, port, or battery.

Keys Not Responding or Incorrect Input

- **Check OS Mode:** Ensure you have selected the correct operating system mode (iOS, Android, or Windows) for your device using the Fn key combinations.
- **Re-establish Connection:** Disconnect and reconnect the Bluetooth connection.
- **Battery Level:** A low battery can affect keyboard performance. Charge the keyboard fully.
