SETUP

1. Charging the Keyboard

Before first use, fully charge the keyboard. Connect the charging cable to the keyboard's charging port and to a USB power source. The charging indicator light will show the charging status.

2. Attaching Your iPad

Align your iPad with the magnetic back panel of the case. The strong magnets will securely hold your iPad in place. Ensure the camera cutout aligns correctly.

3. Bluetooth Pairing

1. Turn on the keyboard by sliding the power switch. The Bluetooth indicator light will begin to flash, indicating it's in pairing mode.

2. On your iPad, go to **Settings > Bluetooth**.
3. Ensure Bluetooth is turned **On**.
4. Look for "amazon basics Keyboard" or a similar name in the "Other Devices" list.
5. Tap on the device name to connect. Once connected, the Bluetooth indicator light on the keyboard will stop flashing and remain solid, or turn off depending on the model.
6. Your keyboard is now ready for use.

OPERATING INSTRUCTIONS

Typing and Trackpad Use

Once paired, you can use the keyboard for typing and the integrated trackpad for navigation. The trackpad supports click-anywhere functionality and multi-touch gestures, similar to a laptop trackpad.

Adjusting Viewing Angles

The cantilever design allows for flexible adjustment of the iPad's viewing angle. Gently tilt the iPad screen to your desired position for optimal comfort and visibility.

Image: A side profile of the keyboard case demonstrating its adjustable cantilever design, allowing the iPad to be positioned at various viewing angles.

Backlight Control

The keyboard features 11-color backlighting. Refer to the keyboard's function keys for controlling backlight brightness and color options. Typically, a dedicated key or a combination of Fn + key is used.

MAINTENANCE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the keyboard and case. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use for extended periods, store the keyboard in a cool, dry place.

- **Battery Care:** Recharge the keyboard regularly to maintain optimal battery health. Avoid fully discharging the battery frequently.
- **Protection:** Keep the keyboard away from liquids, humidity, extreme temperatures, direct sunlight, flames, and sharp objects to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Keyboard not connecting via Bluetooth.	Keyboard battery is low; Bluetooth is off on iPad; Keyboard not in pairing mode; Interference.	Charge the keyboard; Ensure iPad Bluetooth is on; Put keyboard in pairing mode; Move closer to iPad; Forget device on iPad and re-pair.
Keys not responding.	Keyboard is off; Battery is dead; Connection issue.	Turn on keyboard; Charge keyboard; Re-establish Bluetooth connection.
Trackpad not working.	Connection issue; Trackpad might be disabled (if applicable); Software glitch.	Re-pair Bluetooth; Restart iPad; Check iPad accessibility settings for trackpad options.
iPad keeps falling down / Magnet is weak.	Improper alignment; Excessive force when opening/closing.	Ensure iPad is correctly seated and aligned with the magnetic panel. Handle with care when adjusting.
