## KEY FEATURES

- **Total 38L Capacity:** The camera backpack offers a 25L main compartment, expandable by 5L (V-shape) or 8L (H-shape). It includes a 3.5L camera bag and an additional 1.5L expandable capacity. Designed to accommodate various camera gear including Sony, Canon, Nikon, DJI drones (Mini 4 Pro, Mini 3 Pro, AVATA, FPV, Mini, Mavic Air), DSLRs, SLRs, mirrorless cameras, and tripods. Features an easy-access front compartment for gimbal stabilizers.
- **Upgraded Back Panel System:** Features an ergonomic arc-shaped back panel with EVA foam and scuba knit fabric for comfort. Includes an adjustable sternum strap, detachable waist strap, S-shape shoulder strap, ventilation ridge, and stabilizer strap for enhanced comfort and load distribution.
- **Clamshell Opening & Double Quick Accesses:** The main compartment utilizes a user-friendly clamshell opening for full visibility and easy access to photographic equipment. Double quick accesses on the side of the backpack allow for simple and rapid camera retrieval.
- **High Quality Material:** Constructed from high-performance PU anti-splash material, providing waterproof, scratch-resistant, wear-resistant, and dirt-resistant properties. Equipped with a rain cover for protection in complex outdoor environments.
- **Smart Organization:** Multiple pockets for various items, including a large tripod, laptop compartment, and YKK zippers for secure storage of valuables.

**V-shape  
expansion:**

25L+5L  
35L+7L

**H-shape  
expansion:**

25L+8L  
35L+10L

## SETUP

### Configuring Internal Dividers

The OneMo 2 backpack features a highly customizable internal layout using Velcro-attached dividers. Arrange these partitions to securely fit your camera bodies, lenses, drones, and accessories. The included partitions (C x4, D x2, A x2, F x2 for the main bag, and H x2, G x2 for the shoulder bag) allow for various configurations.

## Adjusting Carrying System

- **Shoulder Straps:** Adjust the S-shape shoulder straps for a comfortable fit that contours to your torso. Use the suspension adjustment straps to fine-tune the load distribution.
- **Sternum Strap:** Fasten and adjust the sternum strap across your chest to stabilize the backpack and allow for easier breathing.
- **Waist Strap:** Attach the detachable waist strap and adjust it around your hips. The soft padding helps relieve pressure during extended wear.
- **Stabilizer Straps:** Utilize the stabilizer straps to balance the load and prevent shifting.

**Bottom Tripod Straps**

**Flexible Front Compartment**

## Shoulder Bag Integration

The included shoulder bag can be used independently or stored within the main backpack. It can also be configured as a waist bag for quick access to essential items.

## Splash-proof Material

## With Rain Cover

## OPERATING THE BACKPACK

### Accessing Gear

- **Clamshell Opening:** For full access to all your gear, lay the backpack flat and open the main compartment completely. This provides total visibility and easy organization.
- **Quick Side Access:** The backpack features double quick access points on the side, allowing you to retrieve your camera without fully opening the bag or removing it from your back.

### Capacity Expansion

The backpack's capacity can be expanded to accommodate more gear or personal items. The V-shape expansion adds 5L, suitable for daily shooting or storing gimbals and camera cages. The H-shape expansion adds 8L, useful for carrying thicker jackets or other clothing during trips.

## External Attachment Points

- **Bottom Straps:** Use the adjustable straps at the bottom of the backpack to securely carry a large tripod.
- **Side Pockets:** The side pockets can hold water bottles or additional tripods.
- **Multiple Attachment Points:** Various loops and straps are available for attaching extra gear such as drones or other accessories.

## Dedicated Storage

- **Laptop Compartment:** A padded compartment is available for laptops up to 16 inches and an iPad sleeve.
- **Battery Storage:** Dedicated pockets with power indication systems are designed for camera batteries.
- **Smartphone Pocket:** A convenient pocket on the shoulder strap allows for quick access to your smartphone.
- **Hidden Locator Pocket:** A discreet pocket is included for a locator device (e.g., AirTag) for added security.

## MAINTENANCE

---

### Cleaning Instructions

To clean the PGYTECH OneMo 2 Camera Backpack, wipe the exterior with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material. Ensure the backpack is completely dry before storing.

### Water Protection

The backpack is made from splash-proof material. For heavy rain or prolonged exposure to moisture, utilize the included rain cover to provide additional protection for your gear.
