## SETUP AND INSTALLATION

Follow these steps to properly install your kwmobile case onto your Kindle Paperwhite:

1. **Prepare your Kindle:** Ensure your Kindle Paperwhite is clean and free of dust or debris.
2. **Align the Kindle:** Gently align your Kindle Paperwhite with the case's interior frame.
3. **Insert the Kindle:** Press the Kindle firmly but carefully into the case, ensuring all corners are securely seated within the protective frame. The case is designed for a snug fit to prevent accidental dislodgement.
4. **Verify Fit:** Once inserted, check that all ports and buttons are accessible and that the Kindle is held firmly in place.

## OPERATING FEATURES

---

### Magnetic Closure

The case features strong magnets that keep the cover securely shut when not in use. This helps protect the screen from scratches and impacts during transport.

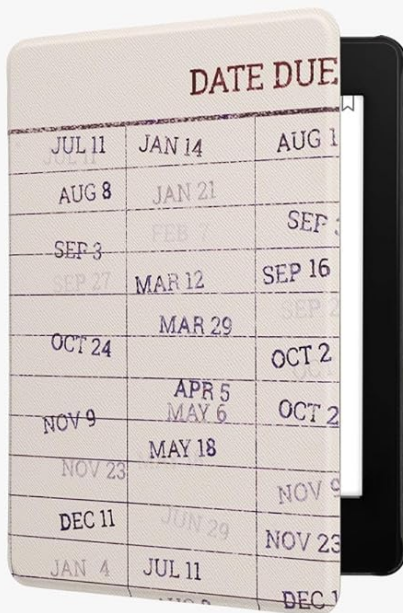

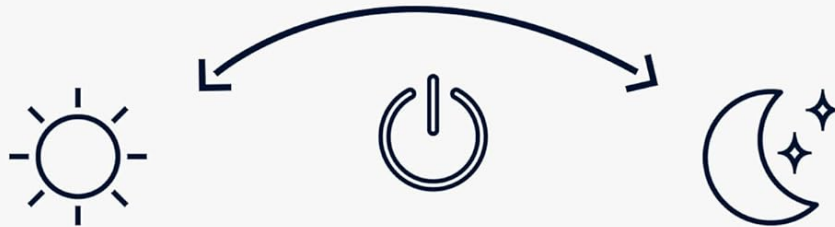

### Auto Wake/Sleep Function

This case supports the Kindle Paperwhite's auto wake/sleep feature. Opening the cover will automatically wake your Kindle, and closing it will put the device to sleep, conserving battery power.

## Double-Sided Protection

The design of this case ensures that your Kindle is protected on both the front and back. The durable synthetic leather exterior and soft interior lining shield your device from daily wear and tear, including shocks, falls, and bumps.

## ADDED PROTECTION

Helps prevent dirt and scratches

## LIGHT WEIGHT

Protection without extra bulk

## MAINTENANCE

---

To maintain the appearance and longevity of your kwmobile case, follow these simple guidelines:

- **Cleaning:** Wipe the exterior with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the synthetic leather material.
- **Storage:** Store the case in a cool, dry place away from direct sunlight or extreme temperatures when not in use.
- **Avoid Sharp Objects:** Keep the case away from sharp objects to prevent scratches or punctures.

## TROUBLESHOOTING

---

If you encounter any issues with your kwmobile case, consider the following:

- **Case Not Fitting:** Ensure your Kindle Paperwhite is the correct model (11th Gen, 2021 Release, or compatible

variants as listed in the compatibility section). Incorrect model sizes may prevent proper fit.

- **Auto Wake/Sleep Not Working:** Verify that your Kindle's auto wake/sleep feature is enabled in its settings. If it is, try removing and re-inserting the Kindle into the case to ensure proper alignment with the magnetic sensors.
- **Magnetic Closure Weak:** Check for any debris or foreign objects between the cover and the Kindle that might be obstructing the magnetic connection.
