

Globlazer C66

Globlazer C66 66-inch Corner Cat Tree Instruction Manual

Model: C66 | Brand: Globlazer

INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your Globlazer C66 66-inch Corner Cat Tree. This multi-level cat tower is designed to offer a comprehensive activity and resting space for multiple indoor cats, featuring a unique curved design and fan-shaped condos to optimize corner space utilization.

SAFETY INFORMATION

- Ensure all screws are tightened securely during initial assembly.
- Regularly check the firmness of all screws at least once a month to maintain stability.
- Place the cat tree on a flat, stable surface to prevent tipping.
- Utilize the included anti-tip kit for enhanced stability, especially in households with active cats or multiple pets.
- Keep small children away from the assembly area to prevent injury.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. The package should include:

- Base Plate
- Various Platforms and Levels
- Support Posts (some wrapped with sisal rope)
- Two Fan-Shaped Cat Condos

- One Hammock
- One Hanging Basket
- Dangling Toys (e.g., plush balls, mice)
- Assembly Hardware (screws, bolts, washers)
- Allen Hex Key
- Anti-Tip Kit
- Instruction Manual

SETUP AND ASSEMBLY INSTRUCTIONS

The Globlazer C66 cat tree is designed for straightforward assembly. An Allen hex key is included for your convenience. Follow these general steps:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list in the included instruction manual to ensure everything is present.
2. **Attach Base:** Begin by securing the lowest support posts to the base plate using the provided hardware.
3. **Build Upwards:** Progressively attach platforms, cat condos, and additional support posts, working from the bottom up. Ensure each connection is firm before proceeding.
4. **Install Accessories:** Attach the hammock, hanging basket, and dangling toys to their designated locations as indicated in the detailed assembly guide.
5. **Tighten All Connections:** Once fully assembled, re-check and tighten all screws and bolts to ensure maximum stability.
6. **Install Anti-Tip Kit:** Secure the cat tree to a wall using the provided anti-tip kit. This is crucial for preventing accidental tipping, especially with active or multiple cats.

OPERATING INSTRUCTIONS

The Globlazer C66 cat tree provides various features designed for your cat's comfort, play, and exercise:

- **Scratching Posts:** The sisal-wrapped posts encourage natural scratching behavior, helping to maintain your cat's nail health and protect your furniture.
- **Cat Condos:** Two spacious, fan-shaped cat condos offer enclosed, private spaces for your cats to rest, hide, and feel secure. These are designed to fit perfectly into room corners.
- **Platforms:** Multiple platforms at varying heights allow cats to climb, jump, and observe their surroundings from elevated positions. The extra-large top perch provides ample space for lounging.
- **Hammock and Hanging Basket:** These soft, suspended resting spots offer additional comfortable areas for napping and relaxation.
- **Dangling Toys:** Integrated dangling toys provide interactive play opportunities, stimulating your cat's hunting instincts.

MAINTENANCE

- **Screw Firmness:** Check the firmness of all screws at least once a month. Loose screws can compromise the stability and safety of the cat tree.
- **Cleaning:** The fabric components of the cat tree are recommended for hand washing only. Spot clean any soiled areas with a mild detergent and damp cloth. Avoid harsh chemicals.
- **Inspection:** Regularly inspect the cat tree for any signs of wear and tear, especially on the sisal scratching posts and dangling toys. Replace worn parts if necessary to ensure continued safety and enjoyment for your pets.

TROUBLESHOOTING

- **Unstable Cat Tree:** If the cat tree feels wobbly or unstable, immediately re-tighten all screws and bolts. Ensure the tree is placed on a completely level surface. Verify that the anti-tip kit is correctly installed and securely anchored to a wall.
- **Missing or Damaged Parts:** If you discover any missing or damaged components upon unboxing or

during assembly, please contact Globlazer customer service for assistance.

- **Cat Disinterest:** If your cat is not using the tree, try placing treats, catnip, or familiar toys on different levels to encourage exploration.
