SAFETY INFORMATION

Important Safety Instructions:

- Always ensure the desk is properly assembled and stable before use.
- Do not place items exceeding 25 pounds on the desk. Overloading can compromise stability and cause damage.
- Exercise caution when using the built-in power outlets and USB ports to prevent electrical hazards. Ensure all devices are compatible with the power strip's specifications (125V/12A for AC outlets, 5V/2A for USB ports).
- Keep liquids away from electrical components to avoid short circuits or electric shock.
- Regularly check all screws and connections to ensure they remain tight.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Desk Top Panel

- Monitor Stand Panel
- Desk Legs (Metal Frame)
- Built-in Power Strip (2 AC Outlets, 2 USB Ports)
- RGB LED Light Strip
- Storage Bag (Removable)
- Headphone Hooks (2, Removable)
- Assembly Hardware (Screws, Allen Wrench, etc.)
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Assembly is quick and easy with the provided tools and detailed instructions. No additional tools are required.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Desk Legs:** Secure the metal desk legs to the main desk top panel using the provided screws. Ensure all connections are tight and stable.
3. **Install Monitor Stand:** Position the monitor stand on the designated area of the desk top and secure it with the appropriate hardware.
4. **Mount Power Strip:** Attach the built-in power strip to the underside of the monitor stand or desk top as indicated in the detailed diagram.
5. **Apply LED Light Strip:** Adhere the RGB LED light strip to the underside of the monitor stand. Ensure the strip is securely attached and the cable is routed neatly.
6. **Attach Accessories:** Install the removable storage bag and headphone hooks to the sides of the desk as desired.
7. **Adjust Leg Pads:** If the desk is on an uneven surface, adjust the leg pads at the bottom of the desk legs to ensure stability.

OPERATING INSTRUCTIONS

LED Light Strip Operation

The integrated RGB LED light strip offers customizable lighting to enhance your workspace or gaming setup.

- **Power On/Off:** Use the remote control or integrated switch to turn the LED lights on or off.
- **Color Selection:** Choose from 7 adjustable colors using the remote control.
- **Dynamic Modes:** Select from 4 dynamic modes (e.g., flash, fade, strobe, smooth) to create different lighting effects.
- **Static Types:** Access 16 static lighting types for a consistent color display.

Power Outlet and USB Charging Ports

The built-in power strip provides convenient access to power for your electronic devices.

- **AC Outlets:** Two (2) 125V/12A AC outlets are available for powering computers, monitors, and other standard electronics.
- **USB Charging Ports:** Two (2) 5V/2A USB ports are provided for charging smartphones, tablets, and other USB-powered devices.
- **Power Cord:** The power strip features a 6.5-foot power cord for flexible placement.

MAINTENANCE

- **Cleaning:** Wipe the desk surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish. The desk surface is scratch-resistant and waterproof.
- **Structural Check:** Periodically inspect all screws and connections to ensure they are secure. Tighten any loose fasteners.
- **Cable Management:** Keep cables organized to prevent tripping hazards and maintain a tidy workspace.
- **Storage Bag & Hooks:** The storage bag and headphone hooks are removable for cleaning or repositioning.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Desk is wobbly or unstable.	Loose screws or uneven floor.	Tighten all assembly screws. Adjust the adjustable leg pads to level the desk on uneven surfaces.
LED lights are not working.	Power connection issue, faulty light strip, or remote control battery.	Check if the power strip is plugged in and turned on. Ensure the LED strip is properly connected to the power source. Replace remote control batteries if applicable. If issues persist, contact customer support.
Power outlets/USB ports not functioning.	Power strip not connected, overloaded circuit, or faulty power strip.	Verify the desk's power cord is securely plugged into a working wall outlet. Ensure the total power draw does not exceed the strip's capacity (12A). Test with different devices. If the problem continues, contact customer support.

SPECIFICATIONS

- **Brand:** Lufeiya
- **Model Number:** LFY-POMS39-White
- **Product Dimensions (D x W x H):** 19.7" x 39.4" x 33.4"
