

Lufeiya LFY-POMS39-Black

Lufeiya Gaming Desk User Manual

Model: LFY-POMS39-Black

Figure 1.0: Lufeiya Gaming Desk. This image displays the complete gaming desk setup, featuring the integrated monitor stand, LED lighting, and various accessories, providing an overview of the product.

1. INTRODUCTION

Thank you for purchasing the Lufeiya Gaming Desk. This manual provides detailed instructions for assembly, operation, and maintenance of your new desk. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

Safety Information

- Ensure all parts are present and undamaged before assembly.
- Follow assembly instructions carefully to prevent injury or damage to the product.
- Do not overload the desk or monitor stand beyond recommended weight limits.
- Keep liquids away from the power strip and electrical components.
- Use only in dry indoor environments.
- Keep small parts away from children during assembly.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are included in your package.

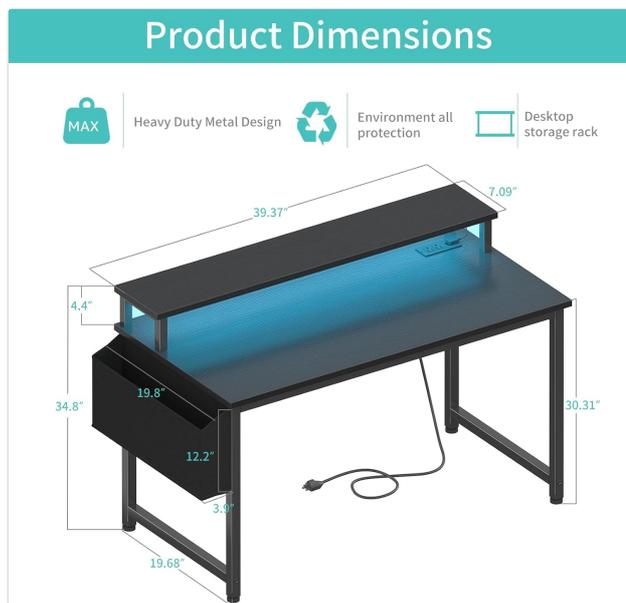

Figure 2.1: Product Dimensions Overview. This diagram illustrates the overall dimensions of the desk, including length, width, height, and specific measurements for the monitor stand and side storage bag.

Components List:

- Desktop Panel (1)
- Monitor Stand (1)
- Desk Legs (2)
- Crossbars (2)
- Power Strip Unit (1)
- LED Light Strip (1)
- Storage Bag (1)
- Headphone Hooks (2)
- Assembly Hardware (Screws, Allen Wrench, etc.)
- Instruction Manual (1)

3. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Lufeiya Gaming Desk. An assembly tool is provided; no additional tools are required.

1. Step 1: Assemble the Desk Frame

Attach the crossbars to the desk legs using the provided screws. Ensure all connections are secure but do not overtighten yet.

2. Step 2: Attach the Desktop Panel

Carefully place the desktop panel onto the assembled frame. Align the pre-drilled holes and secure the desktop to the frame using the appropriate screws. Now, fully tighten all screws from Step 1 and Step 2.

3. Step 3: Install the Monitor Stand

Position the monitor stand on the designated area of the desktop. Secure it using the provided fasteners. This stand is designed to elevate your monitor for ergonomic viewing.

Figure 3.1: Built-in Monitor Stand. The monitor stand provides elevated space for monitors, helping to maintain proper posture and organize the desktop.

4. Step 4: Install the Power Strip Unit

Locate the designated slot for the built-in power strip. Insert the power strip unit and secure it according to the instructions. Connect the power cord to a wall outlet.

Figure 3.2: Built-in Power Strip. This integrated power strip features 2 AC outlets and 2 USB ports for convenient charging and powering of devices.

5. Step 5: Attach the LED Light Strip

Adhere the LED light strip to the underside of the monitor stand or the main desktop as desired. Connect the LED strip to the power strip unit or a dedicated USB port.

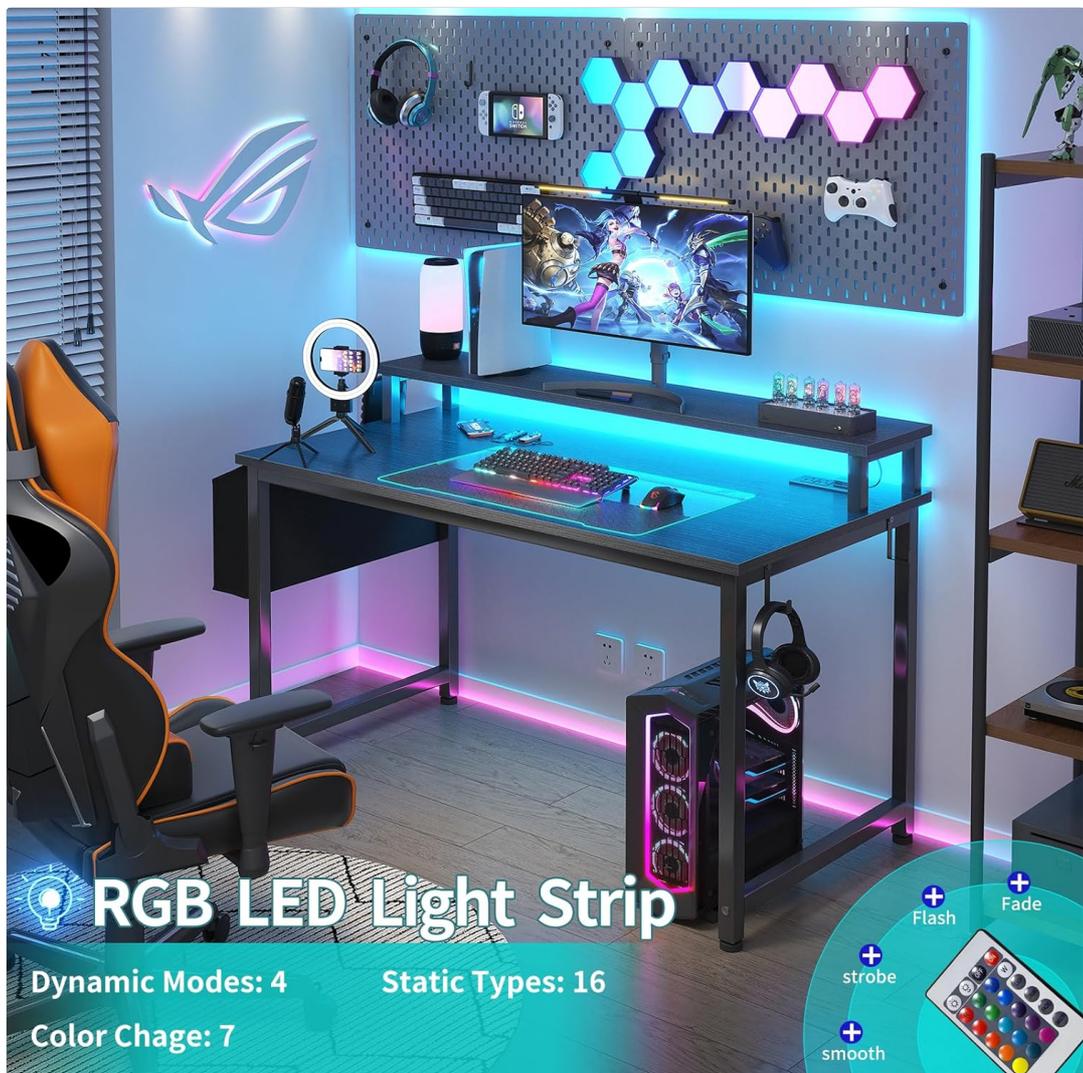

Figure 3.3: RGB LED Light Strip. The LED strip offers 7 adjustable colors, 4 dynamic modes (Flash, Fade, Strobe, Smooth), and 16 static types to customize your lighting ambiance.

6. Step 6: Install Storage Bag and Headphone Hooks

Attach the removable storage bag to the side of the desk frame. Install the two iron hooks on the side of the desk for headphones or other accessories.

**Removable Storage
Function**
Have Larger Desktop Space

Figure 3.4: Removable Storage Bag. This fabric storage bag attaches to the side of the desk, providing additional space for books, documents, or other items, helping to keep the desktop clear.

T Removable 2 Iron Hooks

Organize your headphone, bags and other things

Figure 3.5: Removable Iron Hooks. Two sturdy iron hooks can be attached to the desk frame, ideal for hanging headphones, bags, or other accessories.

7. Step 7: Adjust Leg Pads

Adjust the leg pads at the bottom of the desk legs to ensure stability on uneven surfaces.

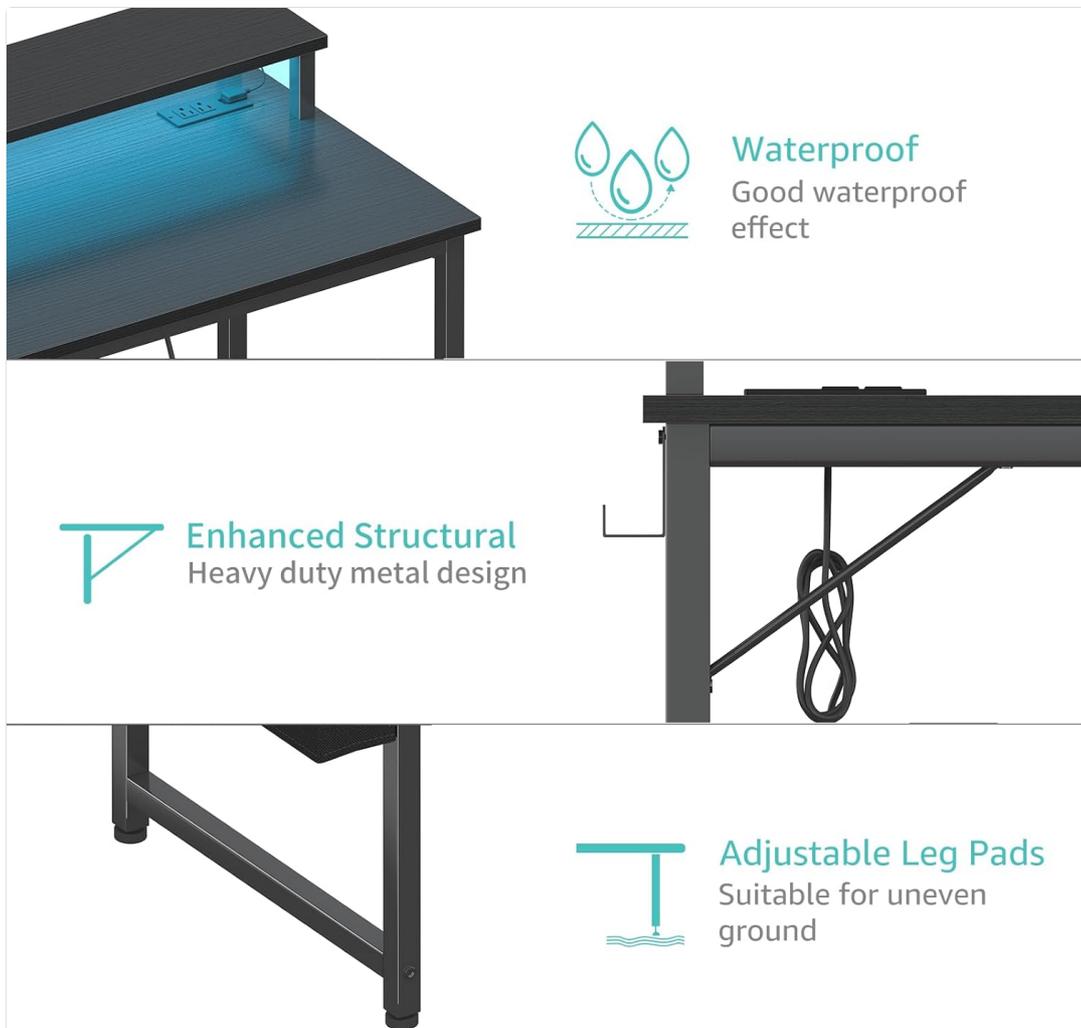

Figure 3.6: Desk Features. This image highlights the desk's waterproof surface, enhanced structural heavy-duty metal design, and adjustable leg pads for stability.

4. OPERATING INSTRUCTIONS

4.1 Using the Built-in Power Strip

The desk is equipped with a multi-functional power strip for your convenience.

- **AC Outlets:** Plug in your computer, monitor, gaming equipment, or other AC-powered devices into the 2 standard outlets.
- **USB Charging Ports:** Use the 2 USB ports (5V/2A) to charge your smartphone, tablet, or other USB-powered devices.
- Ensure the desk's main power cord is securely plugged into a wall outlet before use.

4.2 Controlling the LED Lights

The integrated RGB LED light strip can be controlled to create various lighting ambiances.

- **Power On/Off:** Use the remote control or integrated button to turn the LED lights on or off.
- **Color Adjustment:** Select from 7 adjustable colors to match your preference or room decor.
- **Dynamic Modes:** Choose from 4 dynamic modes (Flash, Fade, Strobe, Smooth) for animated lighting effects.
- **Static Types:** Select from 16 static types for a consistent color display.

5. MAINTENANCE

Proper care and maintenance will extend the life of your Lufeiya Gaming Desk.

- **Cleaning:** Wipe the desk surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish. The desktop is designed to be waterproof for easy cleaning.
- **Tightening:** Periodically check and tighten all screws and fasteners to ensure the desk remains stable and secure.
- **Electrical Components:** Keep the power strip and LED lights dry. Do not attempt to repair electrical components yourself.
- **Storage Bag & Hooks:** The storage bag can be removed for cleaning. The hooks can also be removed if not needed.

6. TROUBLESHOOTING

If you encounter any issues with your desk, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Desk is wobbly.	Screws are loose; uneven floor.	Tighten all assembly screws. Adjust the leg pads at the bottom of the desk legs to stabilize on uneven surfaces.
Power outlets/USB ports not working.	Desk power cord not plugged in; power strip not fully inserted; device not properly connected.	Ensure the desk's main power cord is securely plugged into a functional wall outlet. Check if the power strip unit is correctly installed. Verify devices are properly plugged into the outlets/ports.
LED lights not turning on or responding.	LED strip not connected; remote control battery low; remote control out of range.	Ensure the LED light strip is properly connected to its power source (power strip or USB port). Check the remote control battery and replace if necessary. Ensure you are within effective range of the remote control sensor.
Parts missing or damaged upon arrival.	Shipping damage or packing error.	Contact Lufeiya customer support immediately for assistance and replacement parts. Refer to the "Warranty and Support" section.
