Premium-Plus GGF500PV1WW

Premium Plus Stove Protectors for GE Gas Range Model
GGF500PV1WW

Model: GGF500PV1WW | Brand: Premium-Plus

PRODUCT OVERVIEW

These Premium Plus Stovetop Protector Liners are designed to keep your cooking surface clean and simplify maintenance. They are custom-cut for the GE Gas Range Model GGF500PV1WW, providing a precise fit to protect against spills and grease. The liners are heat resistant up to 500 degrees Fahrenheit and are reusable.

Customized STOVE PROTECTORS

Premium Plus "Customized Stovetop Protectors Liners" for GE Gas Range. Match your burner location with our image for a perfect fit. Protects stovetop from spills and grease, easy to clean and dishwasher safe. Enjoy a cleaner, convenient cooking experience.

KEY FEATURES

- **Custom Fit:** Specifically tailored for GE Gas Range Model GGF500PV1WW.
- **Heat Resistant:** Withstands temperatures up to 500°F to protect your stovetop.
- **Easy to Clean:** Dishwasher safe and can be hand-washed for convenient maintenance.
- **Simple Installation & Removal:** Designed in three pieces for quick placement and removal.
- **Safe Materials:** PFOA & BPA Free, ensuring safety for your home.

INSTALLATION INSTRUCTIONS

Follow these steps to properly install your Premium Plus Stove Protectors:

1. Ensure the stovetop is cool and clean.

2. Remove all grates and burner caps from your gas stovetop.
3. Align the liners, starting with the middle section, then placing the two side pieces. Ensure all pieces overlap on your stovetop for complete protection.
4. Reassemble the burner caps and grates onto the stovetop.

Identifying Your Stove Model Number

To ensure proper fit for future replacements or other accessories, locate your stove's model number. For slide-in ranges, the model and serial numbers are typically found either behind the storage drawer on the left or right side of the oven frame, or on the right side of the bottom oven frame. For double oven ranges, these details are usually behind the control panel.

MODEL NUMBER LOCATOR

Slide-In Ranges: The model and serial numbers are located either behind the storage drawer on the left or right side of the oven frame or on the right side of the bottom oven frame.
Double Oven Ranges: The model and serial numbers are located behind the control panel.

Installation and Cleaning Video Guide

Your browser does not support the video tag.

Video: This video demonstrates the step-by-step process of installing the stove protectors and shows how to clean them, including placing them in a dishwasher.

OPERATING INSTRUCTIONS

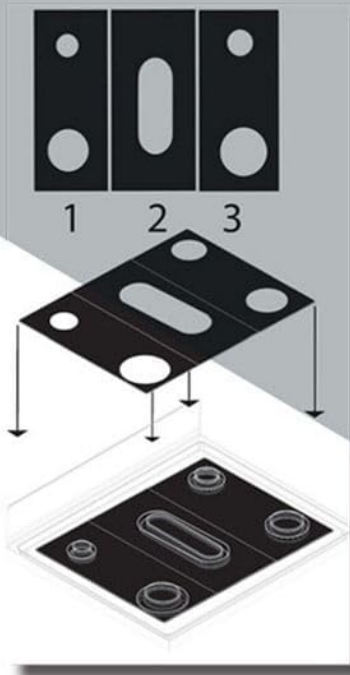

Once installed, the stove protectors allow for normal use of your gas range. The liners are designed to withstand cooking temperatures up to 500°F. In case of spills or splatters, the liners will catch the debris, preventing it from reaching the stovetop surface below.

MAINTENANCE AND CLEANING

Maintaining your stove protectors is simple:

- For light spills, simply wipe the affected area with a damp sponge or cloth.
- For heavier messes, remove the individual liner piece. The liners are dishwasher safe and can be placed on the top rack for thorough cleaning.
- Alternatively, hand-wash the liners with soap and water.
- Ensure the liners are dry before reinstalling them on your stovetop.
