The bundle includes the following vehicles:

- **HDH61 Datsun Fairlady 2000:** Metalflake dark blue with pink "54" and pink/blue lines.
- **HDH62 Nissan Skyline 2000 GT-R:** Metalflake dark blue with matte blue "54" and pink striping.
- **HDH63 '70 Volkswagen Baja Bug:** Metalflake dark blue with "54" on the roof.
- **HDH64 Manga Tuner:** Metalflake dark blue with pink "54" and blue striping.
- **HDH65 Custom '53 Chevy:** Metalflake dark blue with pink scalloping and "54" on the rear fender.

## 2. Setup and Unboxing

The Hot Wheels diecast vehicles are ready for display or play directly out of their packaging. No assembly is required.

1. Carefully remove each vehicle from its individual blister packaging.
2. Retain packaging for future reference or storage if desired.

### 3. Operating Instructions

---

These diecast vehicles are designed for imaginative play and display. They feature rolling wheels for movement on flat surfaces.

- Place the vehicle on a smooth, flat surface.
- Gently push the vehicle to initiate movement.
- Avoid excessive force or dropping to prevent damage to the vehicle's finish or components.

## 4. Maintenance and Care

Proper care will help maintain the appearance and longevity of your Hot Wheels diecast vehicles.

- **Cleaning:** Use a soft, dry cloth to gently wipe dust and fingerprints from the vehicles. Avoid abrasive cleaners or harsh chemicals, as these can damage the paint and finish.
- **Storage:** Store vehicles in a cool, dry place away from direct sunlight and extreme temperatures to prevent fading or material degradation. Original packaging or display cases are recommended for collectors.
- **Handling:** Handle vehicles by the body rather than delicate parts like mirrors or spoilers to prevent breakage.

## 5. Troubleshooting

Diecast vehicles are generally robust, but minor issues can occur.

- **Stuck Wheels:** If a wheel does not roll freely, check for any debris or foreign objects obstructing its movement. Gently remove any obstructions. Do not force the wheel.
- **Minor Scratches/Chips:** Small imperfections can occur with regular use. These are typically cosmetic and do not affect the vehicle's function. Avoid rubbing against rough surfaces.
- **Damaged Parts:** If a part becomes detached or broken, assess if it can be reattached with appropriate adhesive (e.g., model glue) if desired for display. For play, damaged vehicles should be handled with care to avoid further breakage or potential hazards.
