Please verify all components upon opening the package. If any parts are missing, refer to the Troubleshooting section.

SETUP: ASSEMBLY INSTRUCTIONS

Follow the included full-color paper instructions carefully for step-by-step assembly. The building process is divided into stages, with pieces typically organized in numbered bags corresponding to specific steps.

1. **Unpack and Organize:** Open the numbered bags sequentially as indicated in the instruction manual. It is recommended to organize pieces by color and shape to facilitate assembly.
2. **Follow Step-by-Step Diagrams:** Each step in the manual provides clear visual diagrams. Pay close

attention to the orientation and placement of each block.

3. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.
4. **Modular Construction:** The coffee shop is designed with a double-layer structure. Assemble each layer separately before combining them as instructed.
5. **Apply Stickers:** Carefully apply the provided stickers to the designated blocks as shown in the manual.

The estimated assembly time is approximately 4 hours, making it a suitable project for a weekend or several shorter sessions.

OPERATING: LED LIGHTS

The TYCOLE City Coffee Shop Building Block Set includes two LED light units to illuminate your model, creating a romantic and immersive atmosphere.

1. **Locate Light Units:** The LED light units are integrated into specific sections of the model, typically on the upper floor.
2. **Activate Lights:** To turn on the LED lights, gently rotate the clear bulb portion of each light unit. Rotate in the opposite direction to turn them off.
3. **Battery Information:** Each LED unit is powered by 2 LR41 batteries, which are pre-installed. When the lights dim, replace the batteries with new LR41 cells. Ensure correct polarity when replacing batteries.

MAINTENANCE

- **Cleaning:** To clean the model, gently wipe it with a dry, soft cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the plastic blocks or printed details.
- **Storage:** Store the assembled model or unbuilt blocks in a cool, dry place away from direct sunlight to prevent discoloration or warping.
- **Battery Replacement:** When the LED lights begin to dim, replace the LR41 batteries in each light unit. Dispose of used batteries responsibly.

TROUBLESHOOTING

- **Missing Parts:** If you discover any missing parts during assembly, please contact TYCOLE customer support with details of the missing pieces (e.g., part number, color, quantity).
- **Difficulty Assembling:** Double-check the instruction manual for the specific step. Ensure you are using the correct pieces and that they are oriented correctly. Sometimes, a firm press is needed to secure blocks.
- **LED Lights Not Working:**

- Ensure the bulb portion of the light unit is fully rotated to the 'ON' position.
- Check if the batteries are correctly installed with the correct polarity.
- Replace the LR41 batteries with new ones if the existing batteries are depleted.
