2. WHAT'S IN THE BOX

Before you begin, verify that all components are present in your package. The FUNWHOLE Antique-Store Lighting Building-Bricks Set F9033 includes:

- Building Bricks (2847 pieces)
- LED Lighting Kits (6 light strings, 13 lighting positions)
- Paper Instruction Manuals
- USB Type-C interface for power (batteries not included)

3. SETUP AND ASSEMBLY

Assembly of the Antique-Store Building-Bricks Set requires careful attention to detail. Follow the provided paper instruction manuals step-by-step. The set features a modular design with a standard 32x32 baseplate, allowing for integration with other modular buildings.

3.1. Building Process

The instruction manuals are designed for clarity, guiding you through each stage of construction. Pay close attention to the placement of each brick to ensure structural integrity and proper alignment for the lighting system.

Video 3.1: This video demonstrates the unboxing, assembly process, and highlights key features of the FUNWHOLE Antique-Store Lighting Building-Bricks Set.

3.2. Modular and Quick-Release Structure

The building is designed with a quick-release structure, allowing you to easily separate each floor for access to the detailed interiors. This feature also facilitates integration with other modular city sets.

QUICK RELEASE STRUCTURE

Image 3.2: An exploded diagram illustrating the quick-release structure, where each floor can be detached for interior access or modular expansion.

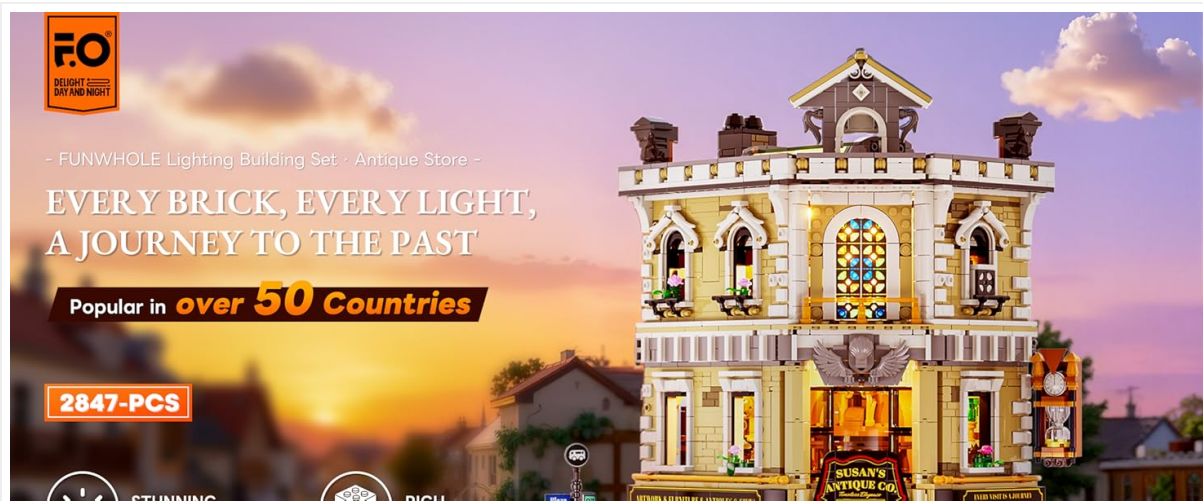

Image 3.3: The Antique-Store set seamlessly integrated with other modular buildings, demonstrating its compatibility within a larger city display.

3.3. Detailed Interiors and Exteriors

The set features rich interior details across its three floors: a collectibles lobby on the first floor, a clavichord

and ancient clock collection area on the second, and a clock-themed display on the third. Exterior details include stained glass windows, a movable awning, and double doors.

EXQUISITE DETAILS

Image 3.4: Close-up view of the intricate stained glass windows and an antique chandelier, highlighting the detailed design elements.

PLAYABLE DETAILS

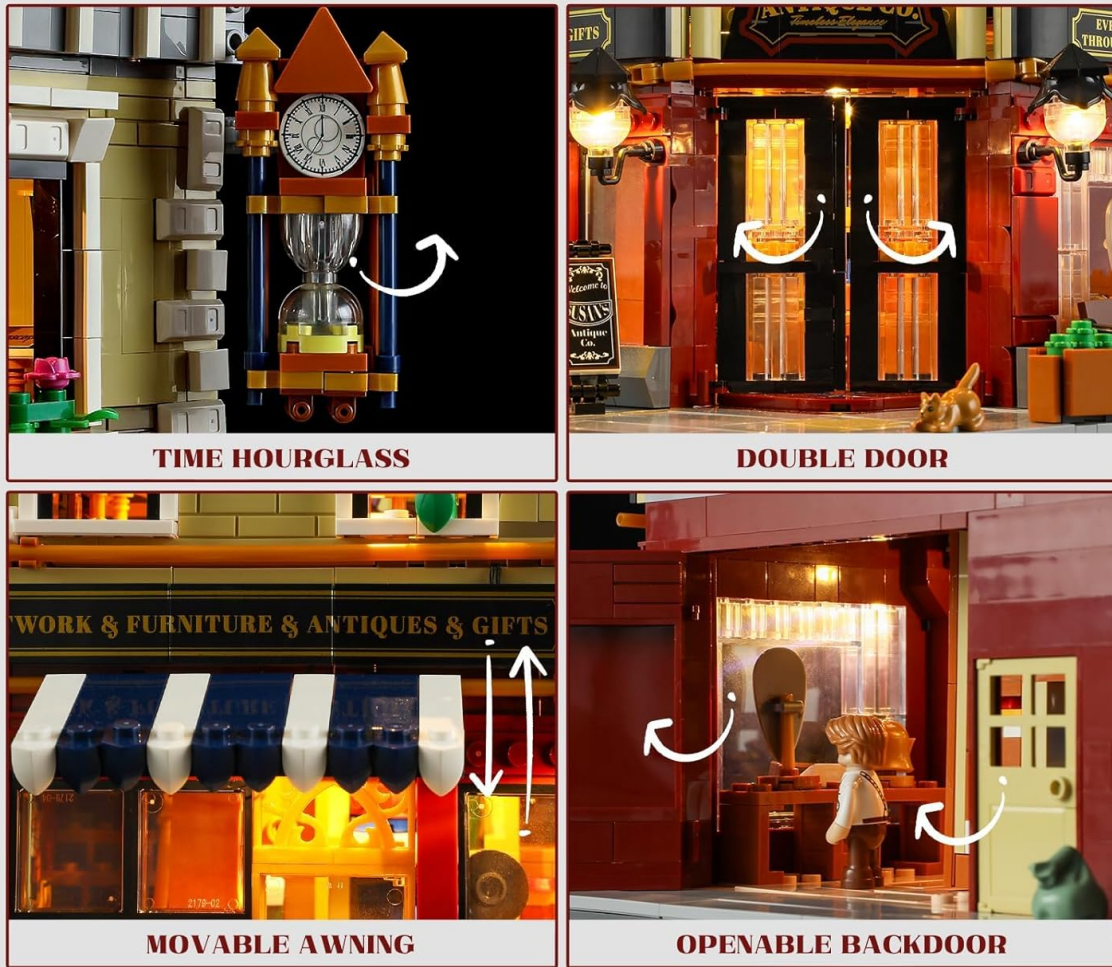

Image 3.5: Detailed view of interactive elements such as the time hourglass, functional double doors, a movable awning, and an openable backdoor.

Image 3.6: Interior scenes depicting a vintage piano, a projector, and various antique clocks, showcasing the thematic elements within the building.

4. OPERATING THE LIGHTING SYSTEM

The FUNWHOLE Antique-Store features an exclusive LED lighting design with 6 light strings and a total of 13 lighting positions. The lighting system is powered via a Type-C interface.

4.1. Powering the Lights

Connect a compatible USB Type-C power source (not included) to the designated port on the model. The lighting system requires 3 AA batteries (not included) if not using the Type-C interface. Ensure batteries are inserted with correct polarity if using battery power.

4.2. Concealed Wiring

FUNWHOLE's newly developed concealed wiring bricks are integrated into the design to make wire concealment easier and provide a clean aesthetic. Follow the instruction manual carefully to route the wires correctly during assembly to avoid damage and ensure proper function.

5. MAINTENANCE

To maintain the quality and appearance of your building-bricks set:

- **Cleaning:** Gently wipe the bricks with a soft, dry cloth to remove dust. For stubborn dirt, use a slightly damp cloth and mild soap, then dry thoroughly.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic bricks.
- **Handling:** Handle the assembled model with care, especially when moving it, to prevent pieces from detaching.

6. TROUBLESHOOTING

If you encounter any issues with your FUNWHOLE Antique-Store Lighting Building-Bricks Set, refer to the following common solutions:

- **Missing Pieces:** In the event of missing pieces, please contact FUNWHOLE customer service directly via the email provided on the product packaging.
- **Lighting Not Working:**
 - Ensure the Type-C power source is properly connected and functional.
 - If using batteries, check that they are correctly inserted and have sufficient charge.
 - Verify that all wiring connections are secure and not damaged.
 - Review the instruction manual to confirm all light strings are installed as directed.
- **Loose Connections:** If parts feel loose, gently press them together to ensure a snug fit. The bricks are designed to fit securely.

7. SPECIFICATIONS
