ONCE FOR ALL JS001

ONCE FOR ALL JS001 Upgrade Safe Mandoline Slicer Instruction Manual

Brand: ONCE FOR ALL

Model: JS001

PRODUCT OVERVIEW

The ONCE FOR ALL JS001 Upgrade Safe Mandoline Slicer is designed for efficient and safe preparation of vegetables and fruits. Featuring a sharp hidden blade and adjustable settings, it allows for various cutting styles without direct contact with the blade, enhancing kitchen safety and reducing preparation time.

Key Features:

- **Safer Slicing:** Sharp hidden blade design ensures fingers never touch the blades, eliminating the need for safety gloves.
- **Versatile Cutting:** Offers 4 mode choices: julienne, matchstick, slicing, and dicing, with adjustable thickness from 0.1mm to 8mm.
- **Large Capacity:** Upgraded design with a larger feeding port and container to process more food at once.
- **Easy to Clean:** Collapsible and detachable design for easy cleaning under tap water with the included brush. Dishwasher safe.
- **Durable Construction:** Made with 420 stainless steel blades and ABS environmental-friendly plastic for safety and longevity.
- **Space-Saving:** Collapsible design allows for compact storage in small counter or cupboard spaces.

SETUP INSTRUCTIONS

The ONCE FOR ALL Mandoline Slicer is designed for quick and easy assembly. Follow these steps to set up your slicer:

1. **Unpack Components:** Carefully remove all parts from the packaging. You should have the main slicer unit, the food chute, the food pusher, and the collection container.
2. **Attach Collection Container:** Place the main slicer unit onto the collection container. Ensure it clicks securely into

place. The container will catch all sliced food.

3. **Insert Food Chute:** Open the safety cover on the main slicer unit and insert the food chute into the designated slot.
4. **Prepare Food Pusher:** The food pusher is used to safely guide food through the chute and over the blades. It fits into the top of the food chute.
5. **Stabilize the Slicer:** Extend the legs of the slicer for stability. The base features suction cups to prevent movement during use.

OPERATING INSTRUCTIONS

The ONCE FOR ALL Mandoline Slicer offers various cutting options with adjustable thickness and blade types. Always use the food pusher to protect your hands.

Adjusting Thickness and Cutting Modes:

- **Thickness Adjustment:** Locate the dial on the side of the slicer. Rotate the dial to select your desired slice thickness, ranging from 0.1mm to 8mm.
- **Changing Cutting Modes:** The slicer features integrated blades for different cuts (julienne, matchstick, slicing, dicing). Turn the knobs on the back of the slicer to engage or disengage the specific blades for your desired cutting style. No need to change physical blades.

Slicing Procedure:

1. **Prepare Food:** Wash and peel your vegetables or fruits as needed. Cut larger items to fit comfortably into the food chute.
2. **Place Food:** Insert the food item into the food chute.
3. **Use Food Pusher:** Place the food pusher on top of the food item. This ensures your hands are kept away from the blades.
4. **Slice:** Press down on the food pusher and push it downwards in a continuous motion. The internal mechanism will slice the food and deposit it into the collection container below.

CLEANING AND MAINTENANCE

Proper cleaning and maintenance will ensure the longevity and optimal performance of your ONCE FOR ALL Mandoline Slicer.

1. **Disassembly:** The slicer is designed for easy disassembly. Separate the main slicer unit from the collection container, and remove the food chute and food pusher.
2. **Rinsing:** Rinse all detachable parts under running water. For stubborn food residues, use the provided small cleaning brush to clean between the blades and grooves.
3. **Dishwasher Safe:** All components of the slicer are dishwasher safe. Place them on the top rack for cleaning.
4. **Drying:** After washing, it is recommended to take out the parts and dry them with a clean cloth. Do not use the dishwasher for drying to prevent potential damage or dulling of blades.
