1. SAFETY INFORMATION

Warning: This furniture contains electrical components. Ensure to follow instructions for safe handling and installation. Properly anchor the furniture to minimize the risk of tipping or collapse. Observe weight restrictions and use the furniture carefully to minimize the risk of injury.

- Assembly is recommended for two people for ease and safety.
- Unpack all parts and verify they are complete and in good condition before assembly.
- Pay close attention to all tips and diagrams provided during the installation process.
- Recommended tools for assembly: Screwdriver (not included, but an Allen key is provided).

2. SETUP AND ASSEMBLY

This section guides you through the assembly of your ODK L-Shaped Gaming Desk. Follow the steps carefully. The desk features a reversible design, allowing you to configure it as an L-shape for either left or right corner orientation.

2.2 Key Assembly Steps

1. **Prepare Components:** Unpack all parts and identify them using the provided parts list. Ensure all footpads are installed on the base frames.

2. **Assemble Shelf Units:** Connect the vertical frames (D, E) with the mesh shelves (P, O) using screws. Note that D should be to the right of E for the right-corner configuration.
3. **Connect Frame Sections:** Attach the horizontal bars (F) to the assembled shelf units (G and D) using screws. Pay attention to the orientation of screw holes.
4. **Install Bottom Shelves:** Secure the bottom shelves (C) into the frame using screws. The support piece (U) is designed to prevent damage from overloading and typically does not touch the floor.
5. **Assemble Monitor Stand Sections:** Connect the vertical supports (K, L) with the mesh shelves (M) using screws. The height of the shelves (M) can be adjusted as needed.
6. **Connect Main Frame Sections:** Install the crossbars (J, I) between the assembled frame sections (F, G, K) using screws.
7. **Install Cross Braces:** Attach the diagonal cross braces (T) to the main frame using screws for added stability.
8. **Attach Desktop Panels:** Carefully place the desktop panels (A, B) onto the assembled frame. Install all screws into the desktop first, then tighten them after ensuring panels A and B are perfectly aligned.
9. **Install Side Shelves:** Attach the side mesh shelves (N) to the frame using screws.
10. **Install Power Strip:** Secure the integrated power strip (V) to the desktop using screws.
11. **LED Strip Installation:** Apply 3M adhesive to the back of the LED light strip (10). Place the light strip into the designated support channel. Secure the light wire with the provided cable clips (11) to prevent obstruction of light emission.

4. CARE AND MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust the desk and shelves to prevent buildup.
- **Electrical Components:** Ensure all electrical connections (power outlets, USB ports, LED lights) are dry and free from debris. Do not expose to liquids.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Weight Distribution:** Distribute weight evenly across the desktop and shelves. Do not exceed the recommended weight capacity.

5. TROUBLESHOOTING

- **Assembly Difficulties:** If you encounter issues during assembly, refer to the video guide and diagrams. Some users find diagrams clearer than written instructions. Ensure all parts are correctly oriented before tightening screws.
- **Wobbly Desk:** Check that all screws are fully tightened. Ensure the desk is on a level surface. The adjustable footpads can help stabilize the desk on uneven floors.
- **LED Lights Not Working:** Verify that the LED strip is correctly connected to the power source and that the power

outlet is functional. Check for any kinks or damage to the LED strip cable.

- **USB Ports Not Charging:** Ensure the desk's power strip is plugged into a live outlet. Check the connection of your device to the USB port. Note that the USB ports are 5V/2.1A and may charge some devices slower than dedicated fast chargers.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, contact ODK customer support immediately for assistance.
