## ANTSKU Outdoor Storage Shed

# ANTSKU 8x6 FT Gray Metal Outdoor Storage Shed Instruction Manual

Model: Outdoor Storage Shed

## 1. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Always wear appropriate safety gear, including gloves, to prevent cuts from sharp edges during assembly. Two adults are recommended for safe and efficient assembly.

Ensure the installation area is level and clear of obstructions. A level foundation is crucial for the stability and proper function of the shed.

## 2. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed in your product manual are present and undamaged. Refer to the detailed parts list and diagrams provided in the printed manual for specific component identification.

Common components include various metal panels (walls, roof), frame pieces, doors, and hardware (screws, washers, nuts).

Video: Parts Display. This segment of the installation video illustrates the various components included in the package, aiding in identification.

## 3. ASSEMBLY INSTRUCTIONS

### 3.1 Foundation Preparation

A level and stable foundation is essential for the structural integrity and longevity of your shed. The recommended space for installation is approximately 3700mm x 4500mm. Ensure the ground is perfectly level before proceeding.

Video: Foundation Preparation. This section of the video demonstrates how to prepare a level foundation for the shed.

### 3.2 Underframe Mounting

Assemble the base frame components according to the diagrams in your manual. Secure all connections firmly. This forms the base structure of your shed.

### 3.3 Wall Framing Installation

Install the vertical wall frames onto the assembled underframe. Ensure all frames are correctly oriented and securely fastened.

### 3.4 Wall Mounting

Attach the wall panels to the installed wall frames. Work systematically around the shed, ensuring each panel is aligned and secured. The galvanized steel panels provide rustproof and moisture-proof protection.

### 3.5 Door Frame Installation

Assemble and install the door frame into the designated opening. Ensure it is level and plumb for proper door operation.

### 3.6 Roof Support Installation

Install the roof support beams and triangular panels. These components provide structural integrity for the roof.

### 3.7 Roof Panel Installation

Carefully place and secure the roof panels. The sloped roof design helps prevent water accumulation. Make sure each board overlaps exactly where it meets and that screw holes are aligned. Secure each panel immediately after placement to ensure screws remain accessible.

### 3.9 Overall Inspection

After completing all assembly steps, perform a thorough inspection. Check all screws and bolts for tightness. Ensure doors slide smoothly and lock securely. Verify that all panels are properly seated and the shed is stable.

## 4. OPERATING INSTRUCTIONS

### 4.1 Sliding Doors

The shed features lockable sliding doors. To open, unlock the doors and slide them along their tracks. To close, slide the doors back into position and secure the lock. Ensure the tracks are kept clear of debris for smooth operation.

### 4.2 Air Vents

The shed is equipped with integrated air vents designed to improve air circulation. These vents help prevent moisture buildup and keep stored items in good condition. No user action is required for their operation.

## 5. MAINTENANCE

---

The shed's galvanized steel construction is rustproof, UV-resistant, and moisture-proof, requiring minimal maintenance. Periodically inspect the shed for any loose fasteners and tighten them as needed. Clean the exterior with mild soap and water to remove dirt and debris. The sloped roof design naturally helps prevent water and snow accumulation.

## 6. TROUBLESHOOTING

---

### 6.1 Doors not sliding smoothly

Check the door tracks for any debris or obstructions. Ensure the door frame is level and square. Lubricate tracks if necessary.

### 6.2 Water leakage

Verify that all roof panels are properly overlapped and secured. Check all screws and seals for tightness. Ensure the shed is installed on a level foundation to prevent water pooling.

## 7. SPECIFICATIONS

---

- **Brand:** ANTSKU
- **Model:** Outdoor Storage Shed
- **Color:** Gray
- **Material:** Alloy Steel (panels), Aluminum (frame)
- **Product Dimensions:** 5.71"D x 7.74"W x 6.23"H
- **Item Weight:** 141 Pounds
- **Water Resistance Level:** Waterproof
- **Door Style:** Sliding Doors
- **Assembly Required:** Yes
- **Door Width:** 2.69 Feet
- **Door Height:** 5.12 Feet
- **UPC:** 786290676995

## 8. WARRANTY AND SUPPORT

---

This ANTSKU Outdoor Storage Shed comes with a 12-month warranty and a 30-day return or replacement policy. For any questions or concerns regarding your product, please do not hesitate to contact our customer support. We are dedicated to resolving your inquiries promptly, typically within 24 hours.
