2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Always keep the shed locked when not in use to prevent unauthorized access.
- Exercise caution when handling heavy components during assembly. It is recommended that two people perform the installation.
- Wear appropriate personal protective equipment, such as gloves, during assembly.
- Ensure the shed is assembled on a level and stable surface.
- Do not climb on the shed roof.
- Keep children and pets away from the assembly area.

3. ASSEMBLY INSTRUCTIONS

Assembly typically requires two people and takes approximately 1-2 hours. All parts are pre-numbered for ease of identification.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your storage shed.

- **Cleaning:** Periodically clean the exterior and interior surfaces with mild soap and water. Avoid abrasive cleaners that may damage the finish.
- **Inspection:** Annually inspect all fasteners, panels, and door mechanisms for tightness and proper function. Tighten any loose screws.
- **Drainage:** Ensure the area around the shed is clear of debris to allow for proper water drainage from the sloped roof.
- **Lubrication:** Lubricate the door tracks and rollers as needed to maintain smooth sliding operation.
