## Asixxsix Asixxsixmp45wdayi3

# Asixxsix LED Wall Sconce Instruction Manual

Model: Asixxsixmp45wdayi3 | Brand: Asixxsix

## 1. INTRODUCTION

Thank you for choosing the Asixxsix LED Wall Sconce. This modern wall light is designed to provide elegant illumination for various indoor spaces such as bathrooms, bedrooms, living rooms, hallways, and corridors. Crafted from durable iron with an acrylic shade and a luxurious gold finish, this sconce accommodates G9 LED bulbs (not included) and offers versatile mounting options. Please read this manual carefully before installation and use to ensure proper function and safety.

## 2. SAFETY INFORMATION

- Always turn off the main power supply at the circuit breaker before beginning any electrical installation.
- Installation should be performed by a qualified electrician or a person with sufficient knowledge of electrical wiring.
- Ensure all wiring connections are secure and comply with local electrical codes.
- Do not exceed the maximum wattage specified for the G9 bulbs.
- This product is designed for indoor use only and is not water-resistant. Avoid exposure to moisture.
- Handle glass components with care to prevent breakage.

## 3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- 2 x Light Poles
- 4 x Lamp Shades
- 4 x Screws

- 4 x Expansion Tubes

*Note: G9 LED bulbs are not included and must be purchased separately.*

## 5. SETUP AND INSTALLATION

This wall sconce requires hardwired installation. Please follow these steps carefully. If you are unsure about any step, consult a qualified electrician.

1. **Prepare for Installation:** Turn off the power at the main circuit breaker for the area where you will be installing the sconce. Ensure the power is off before proceeding.
2. **Mounting Plate Installation:** Attach the mounting plate to the electrical junction box in your wall using

the provided screws. Ensure it is securely fastened.

3. **Wiring Connections:** Connect the electrical wires from the wall to the corresponding wires on the sconce. Typically, this involves connecting live to live (black to black), neutral to neutral (white to white), and ground to ground (green or bare copper to green or bare copper). Use wire nuts to secure connections.
4. **Attach Fixture to Mounting Plate:** Carefully align the sconce base with the mounting plate and secure it with the provided screws. Ensure no wires are pinched.
5. **Assemble Light Poles and Shades:** Attach the light poles to the sconce base. Then, carefully place the acrylic lamp shades onto the bulb holders.
6. **Install G9 Bulbs:** Insert the G9 LED bulbs (not included) into the sockets.
7. **Restore Power:** Once installation is complete and all components are secure, turn the power back on at the circuit breaker.

## 6. OPERATING INSTRUCTIONS

Once installed and powered, the Asixsix LED Wall Sconce operates via your existing wall switch. There is no integrated switch on the fixture itself.

- **Turning On/Off:** Use the wall switch connected to the sconce to turn the light on or off.
- **Bulb Replacement:** To replace a G9 bulb, ensure the power is off at the circuit breaker. Carefully remove the acrylic shade, then gently pull out the old G9 bulb and insert a new one. Replace the shade and restore power.

## 7. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your wall sconce.

- **Cleaning:** Before cleaning, ensure the power is turned off. Wipe the metal and acrylic surfaces with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying. Avoid abrasive cleaners or solvents, as they may damage the finish.
- **Inspection:** Periodically check all connections and mounting hardware to ensure they remain secure.

Fitted with a tubular acrylic lampshade and a U shaped pole.
