SETUP

This dining chair requires no assembly. It is delivered fully assembled and ready for immediate use. Simply unbox the chair and place it in your desired location.

OPERATING INSTRUCTIONS

The Simeon dining chair is designed for seating purposes. Ensure the chair is placed on a stable, flat surface before use. The chair is intended for indoor use only.

- **Weight Capacity:** The maximum recommended weight for this chair is 136.08 kilograms (approximately 300 pounds).
- **Placement:** Position the chair on a hard floor surface for optimal stability.

MAINTENANCE

Proper care will extend the life and appearance of your oak wood dining chair. Refer to the following guidelines:

- **Cleaning:** Wipe the chair with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the wood finish.
- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or drying of the wood.
- **Humidity:** Maintain a consistent humidity level in the room to prevent wood from cracking or warping.

TROUBLESHOOTING

Most issues with a dining chair are related to placement or minor wear. Here are some common concerns and solutions:

- **Wobbling:** Ensure the chair is on a flat, even surface. Check if any floor glides are missing or uneven.
- **Scratches/Dents:** Minor scratches can sometimes be minimized with wood repair markers or polishes. For significant damage, professional repair may be necessary.
- **Squeaking:** If the chair develops a squeak, it may indicate loose joints. While this model requires no assembly, prolonged use can sometimes loosen connections. Consult a furniture professional if the issue persists.
