## Beats MW463LL/A

# Beats Pill Portable Bluetooth Speaker User Manual

Model: MW463LL/A

## INTRODUCTION

This manual provides essential information for the safe and effective use of your Beats Pill Portable Bluetooth Speaker. Please read this manual thoroughly before operating the device.

The Beats Pill is designed to deliver powerful, room-filling sound with up to 24 hours of battery life. It features IP67 dust and water resistance, making it suitable for various environments. It is compatible with both Apple and Android devices, offering seamless connectivity and the ability to pair two speakers for an enhanced audio experience.

## PACKAGE CONTENTS

Verify that all items are present in your package:

- Beats Pill Portable Bluetooth Speaker
- USB-C Charging Cable
- Quick Start Guide (not included in this digital manual)
- Lanyard (pre-attached or included)

## DEVICE OVERVIEW

Familiarize yourself with the physical components of your Beats Pill.

**Figure 1:** Beats Pill Portable Bluetooth Speaker (Champagne Gold) with water droplets, showcasing its water-resistant design.

#### Controls and Ports:

- **Power Button:** Located on the side, used for turning the speaker on/off and initiating pairing mode.
- **Volume Buttons (+/-):** Adjusts audio output level.
- **"b" Button (Multi-function Button):** Controls playback (play/pause), track skipping, and call management.
- **USB-C Port:** For charging the speaker and for wired audio connection (lossless audio).
- **LED Indicator:** Displays battery status and pairing status.

## SETUP

### Charging the Beats Pill

Before first use, fully charge your Beats Pill.

1. Connect the supplied USB-C cable to the USB-C port on the Beats Pill.
2. Connect the other end of the USB-C cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status. A full charge provides up to 24 hours of battery life.

# Up to 24 hours of Battery Life<sup>2</sup>

2 Battery life depends on device settings, environment, usage, and many other factors.

**Figure 2:** The Beats Pill offers up to 24 hours of battery life on a single charge.

## Pairing with a Bluetooth Device

The Beats Pill supports instant one-touch pairing for both Apple and Android devices.

1. **Power On:** Press and hold the Power button until the LED indicator lights up.
2. **Enter Pairing Mode:** Press and hold the Power button again for 3 seconds until the LED indicator begins to pulse. The speaker is now discoverable.
3. **Connect from Device:**
  - **For Apple Devices:** Bring the Beats Pill close to your unlocked iPhone or iPad. A pop-up will appear on your device's screen. Follow the on-screen instructions to connect.
  - **For Android Devices:** Go to your device's Bluetooth settings and select "Beats Pill" from the list of available devices.
4. Once paired, the LED indicator will glow solid white.

# Apple & Android Compatible

Figure 3: The Beats Pill is compatible with both Apple and Android devices, supporting charging of external devices via USB-C.

## OPERATING INSTRUCTIONS

### Basic Controls

- **Power On/Off:** Press and hold the Power button for 1 second.
- **Play/Pause:** Press the "b" button once.
- **Skip Forward:** Press the "b" button twice.
- **Skip Backward:** Press the "b" button three times.
- **Volume Up:** Press the "+" button.
- **Volume Down:** Press the "-" button.
- **Answer/End Call:** Press the "b" button once during an incoming call.
- **Decline Call:** Press and hold the "b" button for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Press and hold the "b" button for 2 seconds.

## Amplify Mode (Pairing Two Beats Pill Speakers)

You can pair two Beats Pill speakers to play audio simultaneously for a louder experience.

1. Ensure both Beats Pill speakers are powered on and not connected to any other device.
2. On the first Beats Pill, press the "b" button and the Power button simultaneously for 3 seconds until you hear a tone.
3. Repeat the same action on the second Beats Pill.
4. The speakers will automatically connect and play audio in Amplify mode.

## Sync Two Beats Pill Speakers

**Figure 4:** Sync two Beats Pill speakers for a more immersive audio experience in Amplify or Stereo mode.

## Stereo Mode (Pairing Two Beats Pill Speakers)

To achieve a stereo sound experience with two Beats Pill speakers:

1. Follow steps 1-3 for Amplify Mode.
2. Once in Amplify mode, press the "b" button on either speaker once. The speakers will switch to Stereo mode, with one acting as the left channel and the other as the right.
3. To exit Stereo mode, press the "b" button on either speaker once again.

## Wired Audio Connection

For high-resolution lossless audio, connect your Beats Pill directly to a compatible device (e.g., laptop) using a USB-C to USB-C cable. The speaker will automatically switch to wired audio input.

## MAINTENANCE

### Cleaning

To clean your Beats Pill, use a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water. Do not use abrasive cleaners, alcohol, or chemical solvents.

### Water and Dust Resistance

The Beats Pill is IP67-rated for dust and water resistance. This means it can withstand immersion in up to 1 meter of water for 30 minutes. However, it is not permanently waterproof. Always ensure the USB-C port cover is securely closed before exposing the speaker to water or dust.

## IP67 Dust and Water Resistance<sup>1</sup>

<sup>1</sup> Beats Pill is dust resistant and water resistant and is IP67 rated. Dust and water resistance are not permanent conditions.

**Figure 5:** The Beats Pill is IP67-rated for dust and water resistance, making it durable for outdoor use.

## Storage

Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not turn on.	Battery is depleted.	Charge the speaker using the supplied USB-C cable.
Cannot pair with device.	Speaker not in pairing mode; device Bluetooth off; too far from speaker.	Ensure speaker is in pairing mode (pulsing LED). Turn on Bluetooth on your device. Move device closer to speaker (within 10 meters).
No sound or low volume.	Volume too low on speaker or device; speaker not connected.	Increase volume on both the Beats Pill and your connected device. Verify Bluetooth connection.
Audio distortion at high volumes.	Volume too high; audio source quality.	Reduce volume. Ensure audio source is high quality.
Amplify/Stereo mode not working.	Incorrect pairing procedure; speakers too far apart.	Ensure both speakers are disconnected from other devices before initiating Amplify/Stereo pairing. Keep speakers within close proximity.

## SPECIFICATIONS

Feature	Detail
Model Name	MW463LL/A
Speaker Type	Portable Bluetooth Speaker
Connectivity	Bluetooth, USB-C
Battery Life	Up to 24 hours
Water Resistance	IP67 Dust and Water Resistant
Dimensions (D x W x H)	2.8"D x 8.6"W x 2.8"H
Item Weight	0.16 ounces (approx. 4.5 grams)
Audio Output Mode	Mono (can be Stereo with two speakers)
Speaker Maximum Output Power	69 Watts
Frequency Response	89.8 KHz
Signal-to-Noise Ratio	80 dB

Feature	Detail
Battery Capacity	2410 Amp Hours
UPC	195949371301
