VOWNER VOWNER-302

VOWNER Vanity with Lighted Mirror Instruction Manual

Model: VOWNER-302

PRODUCT OVERVIEW

The VOWNER Vanity with Lighted Mirror is a versatile makeup desk designed for bedrooms, offering ample storage, adjustable lighting, and convenient power outlets. This model, VOWNER-302, features a durable engineered wood desktop and crystal ball knobs for a touch of elegance.

Image: The VOWNER Vanity with Lighted Mirror, featuring a spacious desktop, multiple drawers, and a comfortable stool. A built-in power outlet is visible on the side.

KEY FEATURES

- **Bright and Adjustable Lighting:** The built-in LED mirror offers 3 color temperature modes (Warm White, Natural White, Cool White) and adjustable brightness, providing optimal illumination for makeup application.

- **Durable Construction:** Crafted with an engineered wood desktop, ensuring stability and longevity for daily use.

SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or damage.

- Always follow the assembly instructions carefully to avoid injury.
- Be cautious of sharp edges during assembly and use.
- To prevent tip-over, ensure the vanity is properly assembled and do not overfill the drawers.
- Always unplug the electrical components when not in use and keep the area around them clear to prevent electrical hazards.

ASSEMBLY INSTRUCTIONS

Your VOWNER Vanity comes with detailed assembly instructions. Please refer to the included manual for step-by-step guidance. Ensure all parts are present before beginning assembly.

For visual assistance, please refer to the official assembly video provided by the seller:

Your browser does not support the video tag.

Video: Official VOWNER Vanity assembly guide, demonstrating the setup process for the vanity with lighted mirror, 9 drawers, and power outlet.

Estimated Assembly Time: Approximately 2-4 hours, depending on experience.

Tools Required: (Refer to the included manual for a complete list, typically includes a screwdriver and Allen wrench).

OPERATING INSTRUCTIONS

Lighted Mirror Operation:

1. **Power On/Off:** Locate the touch sensor button on the mirror surface. Tap once to turn the lights on or off.
2. **Change Color Temperature:** With the lights on, tap the touch sensor button repeatedly to cycle through the three color modes: Warm White, Natural White, and Cool White.
3. **Adjust Brightness:** To adjust brightness, press and hold the touch sensor button. The brightness will gradually increase or decrease. Release the button when the desired brightness level is reached.

Your browser does not support the video tag.

Video: Demonstration of the lighted mirror's touch controls for power, color temperature, and adjustable brightness. Note: This video features a glass top variant, but the mirror functionality is identical.

Using the Power Outlet:

- Plug your hair dryer, curling iron, or other beauty devices into the standard AC outlets.
- Connect your mobile devices to the USB ports for convenient charging.
- Ensure devices are unplugged when not in use.

MAINTENANCE AND CARE

- **Cleaning the Desktop:** Wipe the engineered wood desktop with a dry, soft cloth. For stubborn marks, use a slightly damp cloth with mild soap, then dry immediately. Avoid abrasive cleaners.
- **Cleaning the Mirror:** Use a glass cleaner and a microfiber cloth to clean the mirror surface. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the electrical components.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If drawers become stiff, apply a small amount of silicone lubricant to the slides.
- **Electrical Components:** Ensure the power cord and outlets are free from dust and debris. Do not expose electrical components to water or excessive moisture.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mirror lights not turning on.	Power cord unplugged; power outlet not working; touch sensor malfunction.	Ensure the power cord is securely plugged into a working outlet. Test the outlet with another device. If the issue persists, contact customer support.
Drawers are stiff or difficult to open/close.	Drawer slides are dirty or dry; drawer is overloaded.	Clean the drawer slides and apply silicone lubricant. Reduce the weight or volume of items in the drawer.
Power outlets/USB ports not working.	Vanity not plugged in; circuit breaker tripped; faulty power strip.	Verify the vanity is plugged in. Check your home's circuit breaker. Avoid overloading the outlets. If the problem continues, contact customer support.
