Maintenance

Cleaning the TV

To clean the screen, gently wipe it with a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a screen-cleaning solution. Avoid using harsh chemicals or abrasive materials. Clean the TV casing with a dry, soft cloth.

Software Updates

Your Android TV may receive software updates periodically. Ensure your TV is connected to the internet to receive these updates. Updates can improve performance, add new features, and enhance security. You can check for updates manually in the TV's settings menu.

Troubleshooting

| Problem	Possible Solution
No power	Check if the power cord is securely plugged into the TV and the wall outlet. Ensure the outlet is functional.
No picture, but sound is present	Verify the correct input source is selected. Check cable connections to external devices.
No sound, but picture is present	Check the volume level and mute status. Ensure audio cables are correctly connected if using external speakers.
Remote control not working	Replace the batteries. Ensure there are no obstructions between the remote and the TV's IR sensor.
Cannot connect to Wi-Fi	Ensure your router is on and working. Re-enter the Wi-Fi password. Try restarting both the TV and the router.
Smart TV apps are slow or unresponsive	Check your internet connection speed. Close unused applications. Restart the TV.
