3.3 Initial Power-On and Google TV Setup

Plug the power cord into an electrical outlet. Press the power button on the remote control or the TV. Follow the on-screen instructions to complete the initial setup, including connecting to your Wi-Fi network and signing into your Google account for Google TV features.

4. OPERATING YOUR TV

4.1 Remote Control Functions

The remote control allows you to navigate the Google TV interface, adjust volume, change channels, access settings, and use voice commands. Refer to the remote control diagram in the Quick Setup Guide for a detailed button layout.

4.2 Google TV Interface

Google TV organizes your content from various streaming services into a single, personalized interface. You can browse recommendations, search for titles, and access your installed apps.

6. MAINTENANCE

6.1 Cleaning the Screen

Gently wipe the screen with a soft, dry microfiber cloth. For stubborn smudges, lightly dampen the cloth with water or a screen-safe cleaning solution. Avoid harsh chemicals or abrasive materials.

6.2 Cleaning the TV Body

Use a soft, dry cloth to wipe the exterior of the TV. Do not use liquid cleaners directly on the TV body.

6.3 Software Updates

Your Google TV will periodically check for and install software updates automatically when connected to the internet. Ensure your TV remains connected to the internet for optimal performance and security.

7. TROUBLESHOOTING

Problem	Possible Solution
No power	Check if the power cord is securely plugged into the TV and the electrical outlet. Try a different outlet.
No picture/sound	Verify that the correct input source is selected. Check all cable connections to external devices. Restart the TV.
Remote control not working	Replace the batteries. Ensure there are no obstructions between the remote and the TV.
Poor picture quality	Adjust picture settings (brightness, contrast, sharpness). Ensure the input source is providing a high-quality signal. For lower resolution content, the XR processor will upscale the image.
Network connection issues	Restart your router and modem. Reconnect the TV to your Wi-Fi network in the settings menu.
